RISKS IN RELATION TO THE FIRST ISSUE

This being the first public issue of our Company, there has been no formal market for the Equity Shares. The face value of Equity Shares is ₹ 10/- each. The Floor Price, Cap Price and Issue Price (determined by our Company in consultation with the Book Running Lead Manager, in accordance with the SEBI ICDR Regulations), and on the basis of the assessment of market demand for the Equity Shares by way of Book Building Process as stated in "Basis for Issue Price" beginning on page 89 should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the issue unless they can afford to take the risk of losing their investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the issue. For taking an investment decision, Bidders must rely on their own examination of our Company and the Issue, including the risks involved. The Equity Shares in the issue have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Red Herring Prospectus. Specific attention of the investors is invited to "Risk Factors" on page 26 of this Draft Red Herring Prospectus.

ISSUER'S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Red Herring Prospectus contains all information with regard to our Company and the Issue, which is material in the context of the Issue, that the information contained in this Draft Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.

LISTING

The Equity Shares Issued through the Draft Red Herring Prospectus are proposed to be listed on Emerge Platform of NSE ("NSE EMERGE"). Our Company has received "In-Principle" approval from the NSE Emerge for using its name in the offer document for the listing of the Equity Shares, pursuant to letter dated [●]. For the purpose of the Issue, the Designated Stock Exchange shall be NSE.

PRESENTATION OF FINANCIAL INDUSTRY AND MARKET DATA

CERTAIN CONVENTIONS

All references in this Draft Red Herring Prospectus to 'India' are to the Republic of India and its territories and possessions and all references herein to the 'Government', 'Indian Government', 'GoI', 'Central Government' or the 'State Government' are to the GoI, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time ("IST").

Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus. In this Draft Red Herring Prospectus, our Company has presented numerical information in "lakhs" units. One lakh represents 1,00,000.

FINANCIAL DATA

Unless stated otherwise, the financial statements in this Draft Red Herring Prospectus are derived from our Restated Financial Statements. The Restated Financial Statements comprises of the restated statement of assets and liabilities for the financial years ended March 31, 2024, March 31, 2023, March 31, 2022 and the restated statement of profit and loss, the restated statement of cash flows and the restated statement of changes in equity for the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022 and the summary of significant accounting policies and explanatory notes, prepared in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended; the SEBI ICDR Regulations, as amended and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI, as amended from time to time. For further information, see please refer section titled "*Restated Financial Statements*" beginning on page 167 of this Draft Red Herring Prospectus.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

Our Company's financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the 12-month period ended on March 31 of that year. Unless stated otherwise, or the context requires otherwise, all references to a "year" in this Draft Red Herring Prospectus are to a calendar year.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company's financial data. Accordingly, to what extent, the Restated Financial Statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices, the Companies Act, Ind AS, and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian Accounting Practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in "*Risk Factors*", "*Our Business*" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" beginning on page 26, 114 and 203 respectively, of this Draft Red Herring Prospectus, and elsewhere in this Draft Red Herring Prospectus have been calculated on the basis of the "*Restated Financial statements*" of our Company as beginning on page 167 of this Draft Red Herring Prospectus.

CURRENCY AND UNITS OF PRESENTATION

All references to "Rupees", "Rs." or "₹" are to Indian Rupees, the official currency of the Republic of India. All references to "US\$" or "US Dollars" or "USD" are to United States Dollars, the official currency of the United States of America, EUR or "€" are Euro currency.

All references to the word "Lakh" or "Lac", means "One hundred thousand" and the word "Million" means "Ten Lakhs" and the word "Crore" means "Ten Million" and the word "Billion" means "One thousand Million".

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Restated Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

This Draft Red Herring Prospectus may contain conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

EXCHANGE RATES

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Rupees that have been presented solely to comply with the requirements of SEBI ICDR Regulations. Such conversion should not be considered as a representation that such currency amounts have been, could have been or can be converted into Rupees at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	Exchange Rate as on March 31, 2024	Exchange Rate as on March 31, 2023	Exchange Rate as on March 31, 2022

DEFINITIONS

For definitions, please refer the chapter titled “*Definitions and Abbreviations*” beginning on page 1 of this Draft Red Herring Prospectus. In the section titled “*Main Provisions of the Articles of Association*” beginning on page 270 of this Draft Red Herring Prospectus, defined terms have the meaning given to such terms in the Articles of Association.

INDUSTRY AND MARKET DATA

Unless stated otherwise, the industry and market data and forecasts used throughout this Draft Red Herring Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Further, the extent to which the industry and market data presented in this Draft Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

All statements contained in this Draft Red Herring Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. Investors can generally identify forward-looking statements by the use of terminology such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “may”, “will”, “will continue”, “will pursue”, “contemplate”, “future”, “goal”, “propose”, “will likely result”, “will seek to” or other words or phrases of similar import. All forward looking statements (whether made by us or any third party) are predictions and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Further the actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industries in India in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and overseas which have an impact on our business activities or investments, the monetary and fiscal policies of India and other jurisdictions in which we operate, inflation, deflation, unanticipated volatility in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and/or acts of violence. Other important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Changes in laws and regulations relating to the sectors/areas in which we operate;
- Our ability to successfully implement our growth strategy and expansion plans;
- Fluctuations in operating costs;
- Our ability to attract and retain personnel;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in government policies and regulatory actions that apply to or affect our business;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control; and
- Our ability to manage risks that arise from these factors.

For further discussions of factors that could cause our actual results to differ, please refer the section titled “*Risk Factors*” and chapter titled “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 26, 114 and 203 of this Draft Red Herring Prospectus, respectively.

By their nature, certain market risk disclosures are only estimating and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward-looking statements reflect the current views as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance.

Neither our Company, our Directors, our Promoters, the Book Running Lead Manager nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company will ensure that investors in India are informed of material developments from the date of this Draft Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchange.

SPLIT / CONSOLIDATION OF EQUITY SHARES IN THE LAST ONE YEAR

Our Company has not undertaken a split or consolidation of the Equity Shares in the one (1) year preceding the date of this Draft Red Herring Prospectus.

EXEMPTION FROM COMPLYING WITH ANY PROVISIONS OF SECURITIES LAWS, IF ANY, GRANTED BY SEBI

Our company has not applied or received any exemption from complying with any provisions of securities laws by SEBI.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares.

To obtain a more detailed understanding of our business and operations, prospective investors should read this section in conjunction with “Our Business”, “Financial Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 114, 167 and 164, respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus.

The risks described below are not the only ones relevant to us or our Equity Shares, but also the industry in which we operate in or to India. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may also impair our businesses, financial condition, results of operations and prospects. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our businesses, financial condition, results of operations, and prospects could suffer, the trading price of our Equity Shares could decline, and you may lose all or part of your investment. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. You should consult your tax, financial and legal advisors about particular consequences to you of an investment in the Issue.

Prospective investors should pay particular attention to the fact that we are incorporated under the laws of India and are subject to a legal and regulatory environment, which may differ in certain respects from that of other countries. This Draft Red Herring Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. For details, see “Forward Looking Statements” on page 18.

Unless specified in the relevant risk factor below, we are not in a position to quantify the financial implication of any of the risks mentioned below. The financial information in this section is derived from our Restated Financial Information, unless otherwise stated.

MATERIALITY

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

Some events may have material impact quantitatively;

- Some events may have material impact qualitatively instead of quantitatively.*
- Some events may not be material individually but may be found material collectively.*
- Some events may not be material at present but may be having material impact in future.*

INTERNAL RISK FACTORS

- 1. We derived 62.34% and 87.14% of our revenue from our top five and top ten customers, respectively, in Fiscal 2024, and any inability to retain our key customers or attract new customers and expand our customer network, could negatively affect our business and results of operations.*

We are dependent on certain key customers for a significant portion of our revenue. The following table sets forth details of revenue generated and contribution to total revenue from our top five customers and top ten customers for the fiscal 2024, 2023 and 2022:

(₹ in lakhs)

S. No	Particulars	Fiscal 2024		Fiscal 2023		Fiscal 2022	
		Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations
1.	Top five customers	2,540.18	62.34%	1,117.02	54.86%	1,405.23	74.46%
2.	Top ten customers	3,550.80	87.14%	1,732.17	85.07%	1,733.15	91.83%

Note: As certified by M/s Krishnaa & Co., Chartered Accountants through their certificate dated September 16, 2024.

For breakdown of revenue from the top five and top ten customers, see “Our Business” chapter on page 114 for further details.

As such, the loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have a material adverse effect on our business, results of operations, financial condition and cash flows. While such instances have not occurred in the last three Fiscals, we cannot assure you that we will be able to maintain historic levels of business and/or negotiate orders on a commercially viable terms with our significant or key customers or that we will be able to significantly reduce customer concentration in the future. Larger orders from few customers may represent a larger part of our portfolio, increasing the potential volatility of our results and exposure to individual order risks, such concentration of our business on a few projects or customers may have an adverse effect on our results of operations and result in a significant reduction in the award of orders which could also adversely affect our business, if we do not achieve our expected margins or suffer losses on one or more of these large orders from such customers.

Further, major events affecting our customers, such as adverse market conditions, regulatory changes, adverse cash flows, change in government or applicable governmental policies could adversely impact our business. If any of our major customers become financially strained, we may face delays in receiving payments from our project customers, which may adversely impact our cash flows and financial condition.

2. There are outstanding litigations involving our Company and our Promoters which, if determined adversely, may affect our business and financial condition.

As on the date of this Draft Red Herring Prospectus, our Company and our Promoters are involved in certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and/or severally from us and/or other parties, as the case may be. We cannot assure you that these legal proceedings will be decided in favour of our Company or of our Promoters or that no further liability will arise out of these proceedings. We may incur significant expenses in such legal proceedings and we may have to make provisions in our financial statements, which could increase our expenses and liabilities. Any adverse decision may adversely affect our business, results of operations and financial condition.

A summary of the pending litigations involving our Company and our Promoters, who is also our Directors, is provided below:

For further details, please refer to the chapter titled “*Outstanding Litigations and Material Developments*” beginning on Page No. 211 of this Draft Red Herring Prospectus.

3. *Our Company had negative cash flows in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.*

As per our Restated Financial Statements, our cash flows from operating, investing and financing activities are as set out below:

(Rs. in Lakhs)

Particulars	For the Financial Year ended on March 31,		
	2024	2023	2022
Net Cash Generated from Operating Activities	194.81	(161.22)	160.76
Net Cash Generated from Investing Activities	3.55	111.93	(46.27)
Net Cash Generated from Financing Activities	(100.34)	77.89	(70.26)

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources.

If our Company is not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

For details, please see chapter titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 203 of this Draft Red Herring Prospectus.

4. *In respect of our governmental customers, projects are typically awarded to us on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process. Our business and our financial condition may be adversely affected if new EPC projects are not awarded to us or if orders awarded to us are prematurely terminated.*

Projects are typically awarded to us following a competitive bidding process and satisfaction of prescribed technical and financial pre-qualification criteria. While track record, experience of project execution, service quality, health and safety records, qualified and experienced personnel, reputation and sufficiency of financial resources are important considerations in awarding orders, there can be no assurance that we would be able to meet such technical and financial qualification criteria. Further, once prospective bidders satisfy the pre-qualification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur costs in the preparation and submission of bids which are one-time, non-reimbursable costs.

After all the work involved, there is no guarantee that the bid will be awarded on a timely manner to one of the bidders. During times such as financial year ended, state and central government elections, some of the tenders may get postponed due to a lack of budgets or cancelled altogether. Even when a project is awarded there is no guarantee that the project will take off in a timely manner, as a lot of other clearances such as civil clearances, pollution control clearances, right of way and no objections have to be taken for infrastructure projects, and any of the factors could lead to cancellation or postponement or termination of an awarded project. While such instances have not occurred in the past, however the termination of our orders by our customers may adversely affect our business, results of operation and financial condition.

5. *We derive majority of our revenues from limited number of government entities for past 3 financial years. Any adverse changes in the central or state government policies may lead to our orders being foreclosed, terminated, restructured or renegotiated, which may have a material effect on our business and results of operations.*

Our business is primarily dependent on projects in India undertaken or awarded by public sector undertakings, such as, Bharat Heavy Electricals Limited, Engineering Projects (India) Limited and BCG Vaccine Laboratory.

A breakup of the revenue earned from Government and private customers of our Company during the 3 preceding financial years ended March, 2024, 2023 and 2022 have been provided below:

(₹ in lakhs)

S. No.	Particulars	March 31, 2024		March 31, 2023		March 31, 2022	
		Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations
1.	Private customer	1,894.51	46.49%	1,008.28	49.52%	1,785.36	94.60%
2.	Government customer	2,180.16	53.51%	1,027.78	50.48%	101.89	5.40%
Total		4,074.67	100%	2,036.06	100%	1,887.25	100%

Note: As certified by M/s Krishna & Co., Chartered Accountants through their certificate dated September 16, 2024.

Larger orders from few customers may represent a larger part of our order book, increasing the potential volatility of our results and exposure to individual order risks. Such concentration of our business on a few projects or customers may have an adverse effect on our results of operations. In the event of any adverse change in budgetary allocations, leading to reduction of outsourcing of projects or a downturn in available work or resulting from any change in government policies or priorities, our business prospects and our financial performance, may be adversely affected. The orders of government entities may be subject to extensive internal processes, policy changes, government or external budgetary allocation, insufficiency of funds and political pressure, which may lead to lower number of orders available for bidding or increase in the time gap between invitation for bids and award of the order or lead to renegotiation of the terms of these orders which may lead to a delay in our business operations. While, any of the aforementioned events have not occurred in the past, however, as long as government entities are responsible for awarding orders to us and are a critical party to the development

There may be delays in awarding the projects and/or notification of appointed dates, which may result in us having to retain resources which remain unallocated, thereby adversely affecting our financial condition and results of operations. Any adverse changes in the GoI or state government policies may lead to our orders being terminated. In addition, we may be restricted in our ability to, among other things, sell our interests to third parties. While any of the aforementioned events have not occurred in the past, however, these restrictions may limit our flexibility in operating our business, which could have an adverse effect on our business, prospects, results of operations, cash flows and financial condition.

If any or all of these risks materialize, we may suffer significant cost overruns or time overruns or even losses in these projects due to unanticipated increase in costs as a result of which our business, profits and results of operations will be materially and adversely affected.

6. Our Company in the usual course of Business does not have any long term contracts with its Customers and we rely on purchase orders for delivery of EPC products and services. Loss of one or more of our orders or reduction in revenue derived from that orders, may adversely affect our Business, Results of Operations and Financial Condition.

We usually do not enter into long-term contracts with our customers, as EPC business is based on CAPEX allocations for projects by Government and Private customers. Customers do not have exclusive contracts and the orders are placed on an as-needed basis and project requirements. As our business volumes are driven by CAPEX projects of large companies, our success is based on our ability to maintain and strengthen our relationships, competitive pricing, efficient and timely deliveries and consistent quality. In the event we are unable to meet such requirements in the future, it may result in a decrease in orders or cessation of business from the affected customers. If the CAPEX and expansion plans are shelved suddenly due to budget constraints or market situation, this may adversely affect the overall EPC business and affect all EPC players. The volumes that our customers require from us are also subject to fluctuations, depending on various factors such as end customers' demand and availability of government subsidies but there is no assurance that they will continue to demand for our services on the same volumes and terms as are currently subsisting. As such, our business is dependent on our ability to maintain and strengthen our relationships and arrangements with existing customers. Our relationship with our customers is dependent to a large extent on our ability to regularly meet their requirements, including by price competitiveness, efficient and timely deliveries and consistent quality. In the event we are unable to meet such requirements in the future, it may result in a decrease in orders or cessation of business from the affected customers. There are also a number of factors relating to our customers beyond our control that might result in the termination of our arrangement or the loss of a customer relationship, including changes in the demand for their products that may adversely affect the volumes required from us. Further, the deterioration of the financial condition or business prospects of these customers could reduce demand for our products and could result in a significant decline in the revenues we derive from such customers. Adverse changes in our relationships with our customers or the inability to develop new services and solutions for existing customers or to successfully establish relationships with new customers, could therefore limit our business prospects, which could adversely affect our financial performance. Absence of any long term contracts or contractual exclusivity with respect to our Business Arrangements with such Customers poses a challenge on our ability to continue to supply our EPC projects to these Customers in future.

7. Increases in the prices or our failure to obtain raw materials, parts and other materials required for our operations could adversely affect our business and results of operations.

We source a wide range of raw materials including, among others, Steel Plates, Structural, Pipes, Fittings, Flanges & Bolts etc., For further details in relation to procurement of our raw materials, see "Our Business – Raw Material Procurement" on page 114. The table below shows the cost of materials consumed as a percentage of our total expenses, revenue from operations and total income, for the three fiscal years:

Particulars	For Fiscals ended March 31,		
	2024	2023	2022
Cost of materials consumed (₹ in lakhs)	2,364.16	1,136.57	905.09
Cost of materials consumed as a % of total expenses	68.07%	65.47%	55.54%
Cost of materials consumed as a % of revenue from operations	58.02%	55.82%	47.96%
Cost of materials consumed as a % of total income	57.73%	54.59%	46.47%

Note: As certified by M/s Krishaan & Co., Chartered Accountants through their certificate dated September 16, 2024.

Our cost of materials consumed has been increasing year-on-year, largely in line with an increase in revenue from our operations. For more details, please see "Management's Discussion and Analysis of Financial Condition and Results of Operations – Key Components of Income and Expenses – Expenses – Cost of materials consumed" on page 203. The cost of the raw materials and parts is primarily affected by global commodity prices and our ability to effectively negotiate with our suppliers. External factors such as currency fluctuations, tariffs, shortages in raw materials and other economic or political conditions of the countries where our suppliers are located may also result in increases in costs of raw materials and parts, which could increase our delivery costs and reduce our margins. Continued fluctuations in the cost of materials, supply interruptions or material shortages have a direct impact on our ability to execute new EPC projects on time and within budget. See "– External Risks – Natural disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business" on page 26.

8. *We depend on our suppliers for raw materials, parts and other materials. Any interruption in the availability of raw materials, parts and other materials, or any disruption, breakdown or shutdown of our suppliers or any instability of our supplier base could adversely impact our operations.*

As of March 31, 2024, we have a supplier base spanning across 14 states and 1 Union Territory in India and in 4 countries internationally. For a breakdown of our procurement of different raw materials, see “Our Business” on page 114 for further details.

Any failure by our suppliers to provide raw materials and parts to us on time or at all, or as per our specifications and quality standards for reasons such as capacity limitations, breakdowns, machine failures, industrial relations and safety issues, or any disruption in our suppliers’ manufacturing processes could have an adverse impact on our ability to meet our execution of the projects and delivery schedules, which in turn could adversely affect our sales margin and customer relations. If we are unable to find a suitable replacement in a timely manner, or at all, our business, financial condition, results of operations and cash flows could be materially and adversely affected. While there has been no instance where any of our suppliers did not perform its obligations in a timely manner in the last three Fiscals which had an adverse impact on our operations and our financial position, there can be no assurance that such instance will not arise in the future.

The following table sets forth the percentage of supplies sourced from our top-five suppliers, top ten suppliers, domestic and overseas suppliers, for the three fiscal years:

Particulars	For Fiscals ended March 31,		
	2024	2023	2022
Cost of materials consumed (<i>₹ in lakhs</i>)	2,364.16	1,136.57	905.09
Top five suppliers as a % of total costs of materials consumed	42.71%	58.06%	50.22%
Top ten suppliers as a % of total costs of materials consumed	56.38%	71.98%	62.14%
% of cost of materials consumed from domestic suppliers in India	97.88%	95.96 %	92.81%
% of cost of materials consumed from overseas suppliers	2.12%	4.04%	6.50%

Note: As certified by M/s Krishna & Co., Chartered Accountants through their certificate dated September 29, 2024.

The operations of our suppliers could be affected by external factors that are out of our control, such as adverse weather conditions, labour strikes, facility malfunctions and shortages of supplies, among others, which could have material adverse effect on our supplies.

In addition, a majority of our supplies are sourced from within India and some portion imported from overseas. Negative incidents involving these regions may materially impede our supply chain and operations. See also “– External Risks – Natural disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business” on page 26. We therefore depend to a very limited extent on the economic, tariffs and political conditions of these countries.

9. *We source our majority of the raw materials from domestic market i.e. Chhattisgarh, Maharashtra and Tamil Nadu and from International Markets i.e. China, Europe and UAE. Any adverse developments affecting our procurement in these regions could have an adverse impact on our revenue and results of operations.*

We source majority of our raw materials from domestic market i.e. Chhattisgarh, Maharashtra and Tamil Nadu and from International Markets i.e. China, Europe and UAE. This strategic decision allows us to benefit from the geographical advantages, ensuring timely delivery of all materials.

Following is our state-wise purchase of raw material bifurcation for the financial years ending March 31, 2024, 2023 and 2022:

Region (Domestic)	Fiscal 2024		Fiscal 2023		Fiscal 2022

	50.06	2.12	45.89	4.04	58.85	6.54

Note: As certified by M/s Krishna & Co., Chartered Accountants through their certificate dated September 16, 2024.

Such geographical concentration of our business in these regions domestically and internationally heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. Factors such as competition, regulatory regimes, business practices and customs, industry needs, transportation, high prices in other markets where we may procure our raw materials may differ from those in such regions, and our experience in these regions may not be applicable to other markets. Our inability to procure into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations.

10. The Restated Financial Statements have been provided by Peer Reviewed Chartered Accountants who is not Statutory Auditor of our Company.

The Restated Financial Information of our Company as disclosed in section titled “Restated Financial statements” beginning on Page no. 167 of this Draft Red Herring Prospectus for the Financials year ended on March 31, 2024, March 31, 2023 and March 31, 2022 are provided by Peer Reviewed Chartered Accountants i.e., M/s. A Y & Co., Chartered Accountants (having Peer Review Registration No. 011177) who is not the Statutory Auditor of our Company.

11. Our Company is exposed to providing EPC services in various industries. Any reduction in the demand or requirement of our EPC projects in such Industries may result in loss of Business and may affect our Financial Performance and Financial Condition.

We have set-out below the industries where our EPC projects are used and the revenues generated from them:

Revenue from Operations	For the period ended					
	March 31, 2024		March 31, 2023		March 31, 2022

TOTAL	4,074.67	100.00	2,036.06	100.00	1,887.25	100.00

Note: As certified by M/s Krishaan & Co., Chartered Accountants through their certificate dated September 16, 2024.

As stated above, our Company supplies its products/services to customers operating in Power, Sugar and Distilleries, Iron and Steel, Infrastructure, etc. These customers use our EPC products and services for their applications or processes or for manufacturing or providing services for their own end use products or services in the relevant Industry in which they conduct their Business. Any reduction or fall in the demand of products or services of our customers operating in the relevant Application Industries may ultimately have an impact on our Business, Profitability and Financials. If the end-user demand is low for our customer's products/services, there may be significant changes in the orders from our customers or we may experience greater pricing pressures. Therefore, risks that could harm the Customers of our industry could, as a result, adversely affect us as well. Our success is therefore dependent on the success achieved by our customers in developing and marketing their products/services.

In the event our customer's experience a reduced demand for their products/services, the same may affect our sales to such Customers or operating margins and both of these combined may gradually result in loss of Customers. This price-pressure from our customers may adversely affect the prices of the projects which we execute, which may lead to Reduced Revenues, Lower Profit Margins or Loss of Market Share, any of which would have a material adverse effect on our Business, Results of Operations and Financial Condition.

12. We do not have long-term Agreements/Contracts with suppliers for our raw materials which may adversely affect our Business, Results of Operations and Financial Condition.

We usually do not enter into long-term supply contracts with any of our raw material suppliers. If, for any reason, our suppliers of raw materials curtail or discontinue their delivery of such materials to us in the quantities we need or at prices that are competitive or expected by us, our ability to meet the requirements of our customers could be impaired and our Earnings and Business could suffer. Further, we may not be able to pass on any increase in the cost of executing the projects which require the raw materials to our customers, which may adversely affect our Results of Operations.

We usually do not enter into long-term supply contracts with any of our raw material suppliers and typically source raw materials from manufacturers or traders on project to project basis. The absence of long-term contracts at fixed prices exposes us to volatility in the prices of raw material that we require and we may be unable to pass these costs onto our customers, which may reduce our Profit Margins.

We face a risk that one or more of our existing suppliers may discontinue their supplies to us, and any inability on our part to procure raw materials from alternate suppliers in a timely fashion, or on commercially acceptable terms, may adversely affect our Business, Financial Condition and Results of Operations.

13. Our projects are exposed to various implementation and other risks, including risks of time and cost overruns, and uncertainties, which may adversely affect our business, financial condition, results of operations, and prospects.

The execution and implementation of our projects involves various implementation risks including construction delays, delay or disruption in supply of raw materials, unanticipated cost increases, force majeure events, cost overruns or delays in securing required licenses by our project clients, or making advance payments. We may be further subject to regulatory risks, financing risks and the risks that these projects may ultimately prove to be unprofitable.

We may have to bear risks associated with any increase in actual costs for construction activities exceeding the agreed work. In the event, the incremental costs incurred by our Company are not considered by our project customers, we may initiate legal proceedings against our customers for recovery of additional amount incurred. Such legal proceedings are extensive and time-taking and it cannot be assured that the outcome of such proceedings will be in our favour or the incremental costs sought by us would be awarded to us, in full or in part, or at all. These legal proceedings could divert management's time and attention, consume our financial resources in defense or prosecution of such legal proceedings or cause delays in the construction, development or commencement of operations of our projects or strain our relation with our project customers and there can be no assurance that we will be successful in all, or any, such proceedings. If any of these risks materialize, they could adversely affect our profitability, which may in turn have an adverse effect on our overall results of operations.

14. Our Company is an Approved Vendor having empanelled by Private Consultant. If our Company does not receive the recognition then it may harm our Brand Value or Reputation and may adversely affect our Business, Results of Operations, Financial Condition and Cash Flows.

Our Company is an Approved Vendor having empanelled with Private consultant Avant Garde. Our company has executed and has been executing EPC projects for such consultants in past and present. We have received recognition from the said Consultant for successfully executing the projects in the form of Completion Certificates which adds to our reputation. If in future our Company does not receive the said recognition and the said undertaking does not provide us an approval as an Approved Vendor, then, it may harm our Reputation and may adversely affect our Business, Results of Operations, Financial Condition and Cash Flows.

15. Our Order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our business, financial condition, results of operations and prospects.

As on July 31, 2024, our Order Book was ₹ 7,740.21 lakhs. In addition, the contracts in our Order Book are subject to changes in our scope of services to be provided as well as adjustments to the costs relating to the contracts. Our Order Book comprises the estimated revenues from the unexecuted portions of all our ongoing projects i.e., the total contract value of such ongoing projects secured by us as reduced by the value of work billed until the date of such order book. Project delays, modifications in the scope or cancellations may occur from time to time, due to delay in payments by our clients or our own defaults, incidents of force majeure, adverse cash flows, regulatory delays and other factors beyond our control. In view of the above, projects can remain in Order Book for extended periods of time because of the nature of the project and the timing of the particular services required by the project. Delays in the completion of a project can lead to our project clients delaying in making our payments. Even relatively short delays or surmountable difficulties in the execution of a project could result in delays in receiving on a timely basis, all payments due to us on a project. Our inability to complete or monetize such work in a timely manner, or at all, may adversely affect our business and results of operations.

Few of our projects are executed with public sector undertakings, such as, Bharat Heavy Electricals Limited, Engineering Projects (India) Limited and BCG Vaccine Laboratory and therefore, the risk of contracts in Order Book being cancelled or suspended generally is not high. While, there have not been any instances of termination of orders in the past by our project customers, however, it may occur due to unforeseen circumstances such as, failure to obtain licenses and approvals or rights over a land, public interest litigations filed by environmentalist against the proposed projects, may either terminate our order or may default and fail to pay amounts owed, which may adversely affect our Order Book and in turn can impact our business and financial condition. Hence, our Order Book may not be indicative of our future results due to various factors including delays, reduction in scope, cancellation, execution difficulty, payment postponement or payment default in regard to our Order Book projects or any other incomplete projects, or disputes with clients in respect of any of the foregoing, which could adversely affect our cash flow position, revenues and earnings.

16. We are unable to trace few of our historical records, Also, in the past, there have been some instances of delays/ non-filing/ non-compliance with certain statutory authorities, In the event we are found not to be in compliance with any applicable regulations in relation to the regulatory filings or corporate actions, we may be subject to regulatory actions or penalties for any such possible non-compliance/ non-filing/ delay and our business, financial condition and reputation may be adversely affected.

We have been unable to locate copies of certain of our corporate records and physical forms filed with the RoC from 2001 to 2006 which were physically filed by our Company with ROC. Following are the forms which are untraceable:

- i. Incorporation forms,
- ii. Form 23AC and Form 20B filed for FY 2001-02 and 2002-03.
- iii. Form 23 AC filed for FY 2003-04 and 2004-05.
- iv. Form – 2 Allotment form made during 2002.

While we believe that these documents were duly filed on a timely basis, we have not been able to obtain copies of these documents from the RoC or otherwise. The relevant documents are also not available at the office of the RoC as certified by Satya Pradeep Roy – Company Secretary in Practice, vide his search report dated September 23, 2024. We cannot assure you that the relevant corporate records will become available in the future or that regulatory proceedings or actions will not be initiated against us in the future and we will not be subject to any penalty imposed by the competent regulatory authority in this respect. Further we cannot assure you that we will not be subject to any legal proceedings or regulatory actions, including monetary penalties by statutory authorities on account of any inadvertent discrepancies in our secretarial filings and/or corporate records in the future, which may adversely affect our business, financial condition and reputation.

Further, the Company had inadvertently in the Shareholder's resolution dated December 14, 2023 mentioned the bonus ratio as 1:35 instead of 35:1. However the allotment of shares had taken place on the ratio of 35 equity shares for every 1 equity share held by the shareholders.

Further, in the past, there have been some instances of delays/ non-filing/ non-compliance with certain statutory authorities with certain provision of statutory regulations applicable to us such as:

We cannot assure you that, in the future, we will not be subject to any liability on account of such non-compliances or that no action would be taken by the RoC or any other regulatory or statutory body in future in relation to this error.

17. We have in past entered into related party transactions and we may continue to do so in the future, which may affect our competitive edge.

Our Company in the past has entered into Related Party Transactions and may continue to do so in future also, which may affect our competitive edge. Our Company had entered into various transactions with our Promoter, Promoter Group and Directors. These transactions, inter-alia includes Sales, Purchases, Salary and Remuneration, etc. The Percentage of total related party transaction to revenue from operations is 7.40 %, 26.07 % and 19.75 % for the financial year ended on March 31, 2024, 2023 and 2022 respectively, and Our Company entered into such transactions at arm length price due to easy proximity and quick execution. Also, the transactions are in compliance with Companies Act, 2013 and other applicable provisions. While we believe that all our related party transactions have been conducted on an arm's length basis, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise.

18. Our Company requires significant amounts of working capital for a continued growth. Our inability to meet our working capital requirements may have an adverse effect on our results of operations.

Our business is working capital intensive. Summary of our working capital position as per our Restated Financial Information is given below: -

(₹ in lakhs)

We require a significant amount towards working capital requirements which is based on certain assumptions, and accordingly, any change of such assumptions would result in changes to our working capital requirements. A significant amount of working capital is required to finance the purchase of materials, equipment, mobilization of resources and other work on projects before payment is received from clients. As a result, we will continue to avail debt in the future to satisfy our working capital requirements. Our working capital requirements may increase if we undertake larger or additional projects or if payment terms do not include advance payments or such contracts have payment schedules that shift payments toward the end of a project or otherwise increase our working capital burden.

The working capital requirement involves providing of performance bank guarantees for the work awarded to our Company for which cash margin has to be provided. Apart from that the customers retain certain percentage of the contract value after the completion of the project as retention money. We strive to maintain strong relationships with local and national banks to increase our financing flexibility. Our credit profile often enables us to obtain financing on favourable terms from banks. However, we cannot assure you that our relationships with lenders will not change or that lenders will continue lending practices we are familiar with. Our lenders may implement new credit policies, adopt new pre-qualification criteria or procedures, raise interest rates or add restrictive covenants in loan agreements, some or all of which may significantly increase our financing costs, or prevent us from obtaining financings totally. As a result, our projects may be subject to

significant delays and cost overruns, and our business, financial condition and results of operations may be materially and adversely affected. In general, a large part of our working capital is also blocked in trade receivables from our clients, including those arising from progress payments or release of retention money. There can be no assurance that the progress payments and the retention money will be remitted by our clients to us on a timely basis or that we will be able to efficiently manage the level of bad debt arising from such payment practice. Our working capital position also depends on the period of time taken by the government authorities/bodies to certify the invoice issued by us and release payment. All of these factors may result in an increase in the amount of our receivables and borrowings.

19. *We may be exposed to liabilities arising from defects during execution and fabrication, which may adversely affect our business, financial condition, results of operations and prospects.*

Our liabilities are generally applicable till the end of the Defect Liability Period (DLP) mentioned in the contract terms. Actual or claimed defects in execution and fabrication of our projects, could give rise to claims, liabilities, costs and expenses. Further, we may not be able to recover such increased costs from our project customers in part, or at all, for any defects observed in the projects or damage caused to the project on account of the fault of our workers. We may further face slight delays in the estimated project completion schedule in respect of such projects on account of additional works required to be undertaken towards rectifying such faults, and we may have to appoint additional workforce and resources in order to complete the project within the pre-determined time period, which may result in increased expenditure for our Company, which we may not be able to pass on to our project customers. We cannot assure you that any claims in respect of the quality of our project execution abilities will not arise in the future and would not affect our business or financial condition. In the event any material events which bring down the quality of our services, this could impact our eligibility to bid for projects or in the event any defects in our execution can trigger the extreme circumstances leading to termination of the order or affect public interest which could lead to blacklisting from participating in tenders for a particular period of time or permanently and therefore could adversely affect our business operations and result of operations. In addition, if there is a customer dispute regarding our performance, the customer may delay or withhold payment to us. If we are ultimately unable to collect these payments, our profits would be reduced. Any such claims, liabilities, costs and expenses, if not fully covered, could have an adverse effect on our business, financial condition, results of operations, and prospects.

20. *If we are not able to obtain, renew or maintain our statutory and regulatory licenses, registrations and approvals required to operate our business, it may have a material adverse effect on our business, results of operations and financial condition.*

We require certain statutory and regulatory licenses, registrations and approvals to operate our business and to execute our projects some of which are granted for a fixed period of time and need to be renewed from time to time. Further, in future, we may also be required to obtain new licenses, registrations and approvals for any proposed operations, including any expansion of existing operations. There can be no assurance that the relevant authorities will renew such licenses, registrations and approvals in a timely manner or at all. For instance, our Company has made applications for changing its name from 'Samay Project Services Private Limited' to 'Samay Project Services Limited', however, we cannot assure you that such licenses will be granted or renewed in time or at all. Further, these licenses, registrations and approvals are subject to several conditions and our Company cannot assure that it shall be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities and this may lead to cancellation, revocation or suspension of relevant licenses, approvals and registrations. We may be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. Further, our Company will be responsible for bearing any and all liabilities arising out of this non-compliance. If we are unable to renew, maintain or obtain the required registrations or approvals, it may result in the interruption of our operations and may have a material adverse effect on our revenues and operations. For further details on the licenses obtained by our Company and licenses for which renewal applications have been made, kindly refer the chapter titled "Government and Other Approvals" beginning on page 215 of this Draft Red Herring Prospectus.

Further kindly note that the company had entered into a rent agreement with Mr. Elangovan for registered office address which was for more than 11 months and that this property have not been registered with the sub-registrar of the region. Although there is no major risk with an unregistered lease deed except that in case of any dispute, the lease cannot be challenged in law. Further there can be no assurance that the relevant authority will issue or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations.

21. *Disruptions of transportation network and transportation infrastructure or deficiencies in service provided by our logistic service providers may have an adverse effect on our business and results of operations.*

We depend on the transportation and logistics networks, and the connectivity and conditions of the road, rail, sea and general transportation infrastructure in India and outside in India. We also rely on third parties for transportation services for both domestic sales and exports. Our supplies of raw materials and parts, and delivery of our products and spare parts may be

adversely affected if our suppliers cannot deliver raw materials and parts to us on time, or if we are unable to deliver the required machines to our customers on time, due to inadequacies of the transportation infrastructure in India, disruptions in railway, road or sea transportation networks due to weather related events, labour strikes, wars or otherwise. Although these instances did not have a significant impact on our operations and we have not experienced any delay or disruption of our transportation network and delivery in the past, there is no assurance that such delays will not occur in the future or at all.

22. The industry in which we operate is labour intensive and our EPC operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our labourer or those of the Independent Labour Contractors.

Shortage of skilled/semi-skilled/unskilled labourers or work stoppages caused by disagreements with contract labourers could have an adverse effect on our business and results of operations. Though we have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past; however, there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs. India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with labourers and employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Although our employees are not currently unionized and we have in past not faced any instances of trouble from our labours, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

23. We certainly rely on our customer base and our inability to maintain the stability of our customer base and attract additional customers may have a material adverse effect on our results of operations and financial condition.

We rely on our extensive customer base with whom we execute the projects in India and across the world. The following table sets forth the geographical breakdown of our revenue for the past three Fiscals from domestic and international market: (₹ in lakhs)

S. No.	Particulars	March 31, 2024		March 31, 2023		March 31, 2022	
		Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations
1.	Domestic	3,960.65	97.20%	1,841.50	90.42%	414.59	21.97%
2.	Exports	114.02	2.80%	194.56	9.58%	1,472.66	78.03%
	Total	4,074.67	100.00%	2,036.06	100.00%	1,887.25	100.00%

Note: As certified by M/s Krishaan & Co., Chartered Accountants through their certificate dated September 16, 2024.

The success of our business depends on maintaining good relationships with our customers and ensuring that they find our projects to be commercially remunerative. In addition, our business growth depends on the ability of our Company to attract additional customers. However, if we fail to maintain the stability of our customer base and attract additional customers, our sales and market share may decline which would have a material adverse impact on our business, financial condition, results of operations and cash flows.

24. Our business is working capital intensive. If we experience insufficient cash flows to meet required payments on our debt and working capital requirements, there may be an adverse effect on the results of our operations.

Our business requires a significant amount of working capital which is based on certain assumptions and accordingly, any change of such assumptions would result in changes to our working capital requirements. A significant amount of working capital is required to finance the purchase of materials required for execution of our projects, mobilization of resources and other work on projects before payment is received from customers. Further, since the orders we bid typically involve a lengthy and complex bidding and selection process which is affected by a number of factors, it is generally difficult to predict whether or when a particular order we have bid for will be awarded to us and the time period within which we will be required to mobilize our resources for the execution of such orders. As a result, we may need to incur additional indebtedness in the future to satisfy our working capital requirements. Our working capital requirements may increase if we undertake larger or additional projects or if payment terms do not include advance payments or such orders have payment schedules that shift payments towards the end of a project or otherwise increase our working capital burden.

Furthermore, the objects of the Issue include funding working capital requirements of our Company, which is based on

management estimates and certain assumptions. For more information in relation to such management estimates and assumptions, please see “Objects of the Issue” on page 82 of this Draft Red Herring Prospectus. Our working capital requirements may be subject to change due to factors beyond our control including force majeure conditions, an increase in defaults by our customers, non-availability of funding from banks or financial institutions. Accordingly, such working capital requirements may not be indicative of the actual requirements of our Company in the future and investors are advised to not place undue reliance on such estimates of future working capital requirements.

Our working capital requirements and growth strategy thus, require continued access to significant amounts of capital on acceptable terms. We cannot assure you that market conditions and other factors will permit future project and acquisition financings, debt or equity on terms acceptable to us or at all. Our ability to arrange financing and the costs of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from financial institutions, the amount and terms of our existing indebtedness, investor confidence, the continued success of current projects and laws that are conducive to our raising capital in this manner. Our attempts to consummate future financings may not be successful or be on terms favorable to us or at all. Further, our ability to raise funds, either through equity or debt, is limited by certain restrictions imposed under Indian law, our business, prospects, financial condition and results of operation could be adversely affected.

25. Certain factors affecting the geographical areas where our EPC / turnkey projects are located may adversely affect our operations, business and financial condition. Disruption to the development, execution or operation of any of our projects could adversely affect our business.

The development, execution or operation of our EPC / turnkey projects may be disrupted for reasons that are beyond our control. These include, among other things, the occurrence of explosions, fires, earthquakes and other natural disasters, prolonged spells of abnormal rainfall, breakdown, failure or substandard performance of equipment, improper installation or operation of equipment, accidents, operational problems, transportation interruptions, other environmental risks and labour disputes. There can be no assurance that any of the affected projects, on account of the occurrence of the aforementioned events will resume operations in a timely manner or at all. Delays in resuming operations for the affected projects may have a material adverse effect on our results of operations. The occurrence of such events could have a material adverse effect on our business, results of operations, financial condition and prospects.

26. Any inability to maintain our equipment assets or manage our employees or inadequate workloads may cause underutilization of our workforce and equipment bank and such underutilization could reduce our ability to sweat our assets which may have an impact on our profitability.

We are dependent on our workforce for the operation of our projects and maintain a workforce and utilize our equipment based upon our current and anticipated workloads. We cannot assure you that we may not face shortage of labour in the future. We estimate our future workload largely based on whether and when we will receive certain new orders. While our estimates are based upon our best judgment, these estimates can be unreliable and may frequently change based on newly available information. In a project where timing is uncertain, it is particularly difficult to predict whether or when we will receive an order. The uncertainty of order awards and timing can suffer difficulties in matching our workforce size and equipment bank. In planning our growth, we have been adding to our workforce and equipment bank as we anticipate inflow of additional orders. If we do not receive future order awards or if these awards are delayed or reduced, we may incur significant costs from maintaining the under-utilized workforce and equipment bank. Occurrence of such instances may cause deficit in working capital to pay our loan instalments on time or at all, which may result in reduced profitability for us or cause us to default under our loans.

The maintenance and management of such equipment is critical for timely completion and delivery of our projects. Our equipment and manufacturers assist us in timely maintenance of our equipment base and also carry out repairs on our equipment, however we cannot assure you that we would be able to timely contact our equipment suppliers and manufacturers to maintain our equipment on an urgent basis. Our operations could be disrupted if we do not successfully manage relationships with our equipment suppliers and manufacturers, if they do not perform or are unable to perform agreed-upon services, or if they are unwilling to make their services available to us at reasonable prices. We have not entered into long term contracts for maintenance of our equipment, and such services are normally based on the quotes we receive from our equipment suppliers and manufacturers. There can also be no assurance that we will not experience disruptions to our operations due to disputes or other problems with our work force such as work stoppages or increased wage demands, which may adversely affect our business.

27. We generate our major portion of sales from our operations in certain geographical domestic regions in India. Any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.

Our Company has two business division of sales i.e. domestic sales and international sales. Our company has PAN India

presence. We have a wide customer base in various states of India including Bihar, Chhattisgarh, Gujarat, Jharkhand, Maharashtra, Orissa, Tamil Nadu, Telangana, West Bengal, Karnataka, Rajasthan.

Following is the break-up of Revenue from Operations from domestic market for financial year ended March 31, 2024, 2023 and 2022:

Region (Domestic)	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations

Note: As certified by M/s Krishna & Co., Chartered Accountants through their certificate dated September 16, 2024.

Our inability to expand into other states may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in such regions to expand our operations in other parts of India, due to factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation in other markets where we may expand our operations may differ from those in such regions and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete with local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local dealers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations. While our management has faith that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance.

To the extent that we are unable to effectively manage our global operations and risks such as the above (in particular, as we implement our strategy to enter into new markets where we do not have local knowledge resources), we may be unable to grow or maintain our sales and profitability or we may be subject to additional unanticipated costs or legal or regulatory action. As a consequence, our business, financial condition, results of operations and cash flows may be adversely affected.

28. *We generate our major portion of sales from our operations in certain geographical international countries. Also, we may be unable to grow our business in additional geographic regions or international markets, Any adverse developments affecting our operations in the regions we operate currently or unable to grow business in additional geographic regions or international markets could have an adverse impact on our revenue and results of operations which may adversely affect our business prospects and results of operations.*

Our Company has two business division of sales i.e. domestic sales and international sales. We have a customer base in 5 countries which includes Mauritius, Mauritania, United Arab Emirates, Singapore and Kenya.

Following is the break-up of Revenue from Operations from International market for financial year ended March 31, 2024, 2023 and 2022 is as per audited accounts:

Region (International)	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations	Revenue (₹ in lakhs)	% of revenue from operations

Mauritius	114.02	2.80%	166.81	8.19%	525.50	27.84%
Mauritania	-	-	14.58	0.73%	289.44	15.34%
United Arab Emirates	-	-	13.17	0.66%	159.08	8.43%
Singapore	-	-	-	-	234.33	12.41%
Kenya	-	-	-	-	264.31	14.01%
Total	114.02	2.80%	194.56	9.58%	1,472.66	78.03%

Note: As certified by M/s Krishaan & Co., Chartered Accountants through their certificate dated September 16, 2024.

Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. Our inability to expand into other countries may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in such regions to expand our operations in other countries, due to factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation in other markets where we may expand our operations which may differ from those in such regions and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local dealers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations. While our management has faith that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance.

Further, our Company seeks to grow its market reach domestically and internationally to explore untapped markets and segments. However, we cannot assure you that we will be able to grow our business as planned. Infrastructure and logistical challenges in addition to the changing customers' taste and preferences may prevent us from expanding our presence or increasing the penetration of our services. If we are unable to grow our business in these new markets effectively, our business prospects, results of operations and financial condition may be adversely affected. Further, expansion into new international markets is important to our long-term prospects. Competing successfully in international markets requires additional management attention and resources to tailor our services to the unique aspects of each new country. We may face various risks, including legal and regulatory restrictions, increased brand building expenditure, challenges caused by distance, language and cultural differences, in addition to our limited experience with such markets and currency exchange rate fluctuations. International markets require a very high standard of quality of services and our Company might not be able to match the international standards thereby failing to make a brand presence in the international markets. If we are unable to make long-lasting relations with the major customers in the overseas market or if we are unable to justify the quality of our services to them, it may make it difficult for us to enter into such markets. These and other risks, which we do not foresee at present, could adversely affect any international expansion or growth, which might have an adverse effect on our business, results of operations and financial condition.

- 29. *We have a good presence in multiple EPC segments, we may depend on outside parties for adequate and timely supply of materials and bought out items at commercially acceptable prices. Such dependence on outside parties for purchases, puts us in a disadvantageous position. Any disruptions, delay or increase in prices of such material and bought-out items could have a material adverse effect on our business.***

We have good number of suppliers from whom we procure our raw materials and other key components. We majorly execute EPC projects in Power, Sugar and Distilleries, Infrastructure, Iron and Steel, mining industries for public sector undertakings and private sector undertakings. We are required to adhere to the vendor list specified in each tender. Where vendor list is not given, we are required to engage suppliers with the recommended specifications and approval requirements for the materials and systems. Accordingly, we are dependent on a few outside suppliers for procuring materials required for executing our orders. The relationship with these key suppliers plays an important role in helping us provide complete integrated solutions to our customers in an agreed time frame. If we are unable to maintain a balanced relationship with our key suppliers, we may have to source the materials from other suppliers at higher prices.

Our business operations may be significantly affected by the availability, cost and quality of materials and bought-out items which are required to construct, develop and complete our projects. The price and supply of materials, equipment and bought-out items depend on factors not under our control, including domestic and international economic conditions, competition, availability of quality suppliers, production levels, transportation costs and import, value added and government duties and taxes. In some of the public sector projects that we undertake, Government policies restrict imports from neighbouring countries. This leaves us with the option of ordering certain key components for the project from a single

local vendor leading to restricted room for price negotiation and any failure of the local vendor to meet the delivery / quality requirements of the project, could impact the project schedules adversely which may in turn have an adverse effect on our business and results of operations.

30. ***Our Company’s logo “ SAMAY Engineers & Contractors ” is currently “accepted and advertised” and not fully registered with Registrar of Trademark; any infringement of our logo or failure to get it registered may adversely affect our Business. Further, any kind of negative publicity or misuse of our logo could hamper our Goodwill and our future Growth Strategies could be adversely affected.***

Our Company has made an application for registration with the Registrar of Trademark for registration of logo “

” under class 37 vide Application no. 6331566 dated March 06, 2024 and the status of which is advertised and accepted. If we are unable to register the Intellectual Property in the future in our name or any objection on the same may require us to change our logo, we may lose the goodwill created so far. Further, the same may involve costly litigations and penal provisions, if some legal consequences arise if someone from outside use logo of the Company. We believe that our future growth and competitiveness would depend on our ability to establish and strengthen our Brand. We cannot guarantee that we will be able to make a lasting brand image with our clients and other people in the absence of a logo. Although, we believe that our present systems are adequate to protect our confidential information and intellectual property, there can be no assurance that our intellectual property data, will not be copied, infringed or obtained by third parties. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our Business Values and our Operations could be adversely affected. This may lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our Business, Financial Condition and Results of Operations.

31. ***Any inability to protect our Intellectual Property or any claims that we infringe on the Intellectual Property Rights of others could have a material adverse effect on us.***

The measures we take to protect our Intellectual Property including initiating legal proceedings, may not be adequate. Further, we may not be able to prevent infringement of our trademarks and a passing off action may not provide sufficient protection until such time that the aforesaid registration is granted.

Our work mark/Trademark “GreenQuench” is a Registered Trademark under Class 9 registered under the Registrar of Trademarks. We do not have any control over third party using our trademark for their products. Any misuse of trademark and such actions are not within our control and can severely impact Business and may result in requirement to undertake rebranding exercises, all of which may result in additional costs for us and could also impact our Reputation. We routinely monitor third party trademarks, including domain names, by keeping a check on the use of our trademarks. However, it is possible that we are not aware of misuse of our trademarks and this could potentially cause loss of our Reputation, which could impact our Business and may even affect our Goodwill. The use of a deceptively similar or identical third-party mark may result in a loss or injury to us. Such an action may also become a lengthy and costly exercise for us and may not always be in our favour. While we take care to ensure that we comply with the Intellectual Property Rights of others, we cannot determine with certainty whether we are infringing any existing third-party Intellectual Property Rights which may force us to alter our trademarks. We may also be susceptible to claims from third parties asserting infringement and other related claims. If similar claims are raised in the future, these claims could result in costly litigations, divert management’s attention and resources, subject us to significant liabilities and requires us to enter into potentially expensive royalty or licensing agreements or to cease usage of certain trademarks. Furthermore, necessary licenses may not be available to us on satisfactory terms, if at all. Any of the foregoing could have an adverse effect on our Reputation, Business, Financial Condition, Cash Flows and Results of Operations.

32. ***Our Registered Office is not owned by us. In the event of any disruption of our rights as licensee/ lessee or termination of the agreements with our licensors/ lessors, our Business, Financial Condition and Results of Operations and Cash Flows could be adversely affected.***

Our Registered Office situated at Plot No.1218, 17th street, West End Colony, Mogappair, Thiruvallur, Chennai, Tamil Nadu, India, 600050 is not owned by us and is taken on lease basis pursuant to Lease agreement dated March 01, 2024, entered between Mr. Elangovan and our Company and also the lessor has given us a no objection certificate for the same to use the premises as registered office of the company. For further details, see section “Our Business” beginning on page 114

of this Draft Red Herring Prospectus. The lease commences w.e.f. 01/03/2024 to 31/12/2025. Upon termination of the lease, we are required to return the said business premises to the Lessor, unless renewed. There can be no assurance that the term of the agreements will be renewed and in the event the Lessor terminates or does not renew the agreements on commercially acceptable terms, or at all, and we are required to vacate our offices, we may be required to identify alternative premises and enter into fresh lease agreement. We may have to find new premises which may lead to higher costs.

33. *We operate in a highly competitive business environment. Increased competition and our inability to compete may adversely affect our results of operations.*

We operate in a highly competitive business environment. Most of our orders are received through a competitive bidding process. Some of our competitors may have greater resources than those available to us. About 3 to 5 competitors bid for each project, whether public or private sector tenders. In some cases, such as BHEL tenders, reverse auction is applicable. There are a few ongoing projects with which letter of intent has been executed, such as, Engineering projects (India) Limited, Rungta Mines and Zuari Envien Bioenergy Private Limited. Our Company competes in both public sector and private sector tenders. As the value of the project goes up, prequalification norms also increase but competition reduces. Our Company utilizes competition to benchmark performance metrics, identify strong and weak functional areas and in general to keep improving.

Our competition also varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. Our ability to meet the qualification criteria in our various business areas is critical to being considered for any project. Additionally, while these are important considerations, price is a major factor in most tender awards and in negotiated contracts and our business is subject to intense price competition.

Our competitors may be larger and may have better access to financial resources. Some of our competitors may be better known in regional markets in which we compete. In such a scenario, we may find difficulties in maintaining our position in the market. Increased competition may require us to lower prices for award of the contract / for our projects. Our inability to compete successfully in the businesses in which we operate could materially and adversely affect our business prospects and results of operations.

34. *We have incurred indebtedness. In addition, certain of our financing agreements involve variable interest rates and an increase in interest rates may adversely affect our results of operations and financial condition.*

As on March 31, 2024, we had total financial indebtedness of ₹ 234.92 lakhs. For further information on our secured borrowings, see “Financial Indebtedness” on page 200 of this Draft Red Herring Prospectus. We usually finance our working capital requirements mainly through our internal accruals and arrangements with banks. Our ability to borrow and the terms of our borrowings will depend on our financial condition, the stability of our cash flows and our capacity to service debt in a rising interest rate environment. If our future cash flows from operations and other capital resources are insufficient to pay our debt obligations or our contractual obligations, or to fund our other liquidity needs, we may be forced to sell assets or attempt to restructure or refinance our existing indebtedness. Our ability to restructure or refinance our debt will depend on the condition of the capital markets, our financial condition at such time and the terms of our other outstanding debt instruments.

Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. We are susceptible to changes in interest rates and the risks arising therefrom. Certain of our financing agreements provide for interest at variable rates and the lenders are entitled to charge the applicable rate of interest, which is a combination of a base rate/MCLR rate that depends upon the policies of the RBI and a contractually agreed spread. Further, in recent years, the GoI has taken measures to control inflation, which included tightening the monetary policy by raising interest rates. As such, any increase in interest rates may have an adverse effect on our business, results of operations, cash flows, and financial condition.

Any failure to service our indebtedness or otherwise perform our obligations under our financing agreements entered with our lenders or which may be entered into by our Company, could trigger cross default provisions, penalties, acceleration of repayment of amounts due under such facilities which may cause an adverse effect on our business, financial condition and results of operations. For details of our indebtedness, please refer to the chapter titled — “Financial *Indebtedness*” on page 201 of this Draft Red Herring Prospectus.

35. *Increases in the prices of materials required for our projects, fuel, labour and equipment could have an adverse effect on our business, results of operations and financial condition.*

The cost of materials used in execution of projects, fuel, labour and equipment maintenance constitutes a significant part of our operating expenses. We are vulnerable to the risk of rising and fluctuating material prices, which are determined by demand and supply conditions in the global and Indian markets as well as government policies. Any unexpected price

fluctuations after placement of orders, shortage, delay in delivery, quality defects or any factors beyond our control may result in an interruption in the supply of such materials and adversely affect our business, financial performance and cash flows. We may also suffer significant cost overruns or even losses in these projects due to unanticipated cost increases resulted from force majeure events or unforeseen circumstances. If any of these risks materialize, they could adversely affect our profitability, which may in turn have an adverse effect on our overall results of operation.

In addition, India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. Also, any upward revision of the prescribed minimum wage or other benefits required to be paid to our workers (including in the event of injuries or death sustained in course of employment, dismissal or retrenchment) will result in the increase in cost of labour which we may be unable to pass on to our customers due to market conditions. This would result in us being required to absorb the additional cost, which may have a material adverse impact on our profitability.

36. *We may not be able to successfully manage the growth of our operations and execute our growth strategies which may have an adverse effect on our business, financial condition, results of operations and future prospects.*

As we continue to grow, we must continue to improve our managerial, technical and operational knowledge and allocation of resources and implement an effective management information system. In order to fund our ongoing operations and future growth, we need to have sufficient internal sources of liquidity or access to additional financing from external sources, including debt or equity. For further details on our strategies, see “*Our Business – Strategies*” on page 114. Further, we will be required to manage relationships with a greater number of clients, suppliers, contractors, service providers, lenders and other third parties. We will need to further strengthen our internal control and compliance functions to ensure that we will be able to comply with our legal and contractual obligations and minimize our operational and compliance risks. There can be no assurance that we will not suffer from capital constraints, operational difficulties or difficulties in expanding existing business and operations and training an increasing number of personnel to manage and operate the expanded business. There can be no assurance that we will be able to successfully manage our growth, strategies or that our expansion plans will not adversely affect our existing operations and thereby have an adverse effect on our business, financial condition, results of operations and prospects.

Further, we could also encounter difficulties and delays in executing our growth strategies due to a number of factors, including, unavailability of human and capital resources, inability to develop adequate systems, infrastructure and technologies, delayed payments or non-payments by clients, failure to implement bidding strategy, failure to correctly identify market trends, increase in cost of raw material, fuel, labour, etc., or any other risk that we may or may not have foreseen and such difficulties may result in delay in the execution of our projects. There can be no assurance that we will be able to execute our growth strategy on time and within the estimated costs or that we will meet the expectations of our clients.

37. *KYC document of one of our Promoter evidencing their identity is not renewed.*

One of our Promoter, Ms. Santhi Karthikeyan possess KYC Documents i.e. passport and driving license but are not renewed by her. We can't assure you that back-ups for the relevant copies of renewed passport and driving license will be available in a timely manner or at all in near future.

38. *We are exposed to foreign currency exchange rate fluctuations, which may impact our results of operations and cause our results to fluctuate. Our inability to manage our foreign currency risk may harm our results of operations and cause our results to fluctuate and/or decline.*

Our financial statements are presented in Indian Rupees. However, our revenue and expenses to some extent is influenced by the currency of the country where some of our overseas projects were situated. Our Company has also executed a project which was for supply of material for Public Health Engineering (PHE) system which is required for Installation, Testing and Commissioning of Public Health Engineering (PHE) System in Mauritius in the year 2020 and also work order received for welding, internal & external coating of pipeline of Jetty Area Fire Fighting System, Mauritius executed in 2023. We may execute further EPC projects in foreign jurisdictions, which could expose us to foreign exchange fluctuations. We may face an exchange rate risk primarily arising from our foreign currency payables. In the past we have executed projects wherein we have received the payments in foreign currency. Further, due to the time gap between the accounting of purchases and actual payments, the foreign exchange rate at which the purchase is recorded in the books of accounts may vary with the foreign exchange rate at which the payment is made, thereby benefiting or affecting us, depending on the appreciation or depreciation of Rupee as compared to the foreign currency. We may, therefore, be exposed to risks arising from exchange rate fluctuations, suffer losses on account of foreign currency fluctuations for our material procurement and/or payments received and we may not be able to pass on all losses on account of foreign currency fluctuations to our customers. As on date of this Draft Red Herring Prospectus, we do not have any hedging policy to mitigate the losses on

account of foreign currency fluctuations. There is no guarantee that we may be able to manage our foreign currency risk effectively or mitigate exchange exposures, at all times and our inability may harm our results of operations and cause our results to fluctuate and/or decline.

39. *Our Company engages contract labourers at its EPC Project Sites, if there is any requirement to fund their wage in the event of default by such independent contractors, it may have an adverse impact on our results of operations and our financial conditions.*

We engage independent contractors through whom we engage contract labourers for execution of our EPC projects. We engage the local labourers directly and through independent contractors, we are responsible for any wage and statutory payments to be made to such labourers in the event of default by such independent contractors, Any such requirement to fund their wage requirements in such default, it may have an adverse impact on our results of operations and our financial conditions. In addition, we may be liable for or exposed to litigations, sanctions, penalties or losses arising from accidents or damages caused by our workers or contractors.

40. *We rely on our information technology systems for our operations and its reliability and functionality is critical to the success of our business. In the event of any failures in our information technology systems, it may have a material adverse impact on our operations and financial condition.*

We rely on our information technology systems for our operations and its reliability and functionality is critical to our business success. Our growing dependence on the IT infrastructure, applications and data has caused us to have a vested interest in its reliability and functionality, which can be affected by a number of factors, including, the increasing complexity of the IT systems, frequent change and short life span due to technological advancements and data security. Our Company has employed the Auto plant CAD modeling software from the local channel partners. The Company uses this software to design layouts and prepare detailed engineering drawings. The modeling software also helps our engineers understand any routing changes required to prevent fouling during the detail engineering phase. The Company also uses Canute software for hydraulic calculations in Fire Protection System.

If our IT systems malfunction or experience extended periods of down time, we may not be able to run our operations safely or efficiently. We may suffer losses in revenue, reputation and volume of business and our financial condition and results of operation may be materially and adversely affected. So far, we have not experienced any material widespread disruptions or IT systems malfunction, but there can be no assurance that we may not encounter disruptions in the future. Further, our future success will depend in part on our ability to respond to technological advances and emerging standards and practices on a cost effective and timely basis. Our failure to successfully adopt such technologies in a cost effective and a timely manner could increase our costs (in comparison to our competitors who may be able to successfully implement such technologies) and lead to us bidding at lower margins/loss of bidding opportunities vis-à-vis such competitors. Any future occurrence of any of the above events may adversely affect our business, results of operations and financial condition.

41. *Our Promoters and members of our Promoter Group have extended personal guarantees with respect to various loan facilities availed by our Company. Revocation of any or all of these personal guarantees may adversely affect our business operations and financial condition.*

Our Promoters, Mr. Anand R and Ms. Santhi Karthikeyan along with our Promoter Group member, Ms. Neela Anand have extended personal guarantees to secure the loans availed by our Company from secured lenders. In the event any of these guarantees are revoked, our lenders may require us to furnish alternate guarantees or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative guarantees in a timely manner or at all. If the guarantee is invoked, the ability of our Company to continue its business operations could be adversely affected. Further, if our lenders enforce any of the restrictive covenants or exercise their options under the relevant debt financing arrangement, our operations and use of assets may be significantly hampered and lenders may demand the payment of the entire outstanding amount and this in turn may also affect our further borrowing abilities thereby adversely affecting our business and operations. For further details please refer to the chapter titled “Financial Indebtedness” on page 201 of this Draft Red Herring Prospectus.

42. *Our success largely depends upon the knowledge and experience of our Promoters, Directors, our Key Managerial Personnel and our Senior Management. Loss of any of our Promoters, Directors, key managerial personnel and Senior Management or our inability to attract and retain them could adversely affect our business, operations and financial condition.*

The growth and success of our Company’s future significantly depends upon the experience of our Promoters and continued services and the management skills of our Senior Management and our Key Managerial Personnel and the guidance of our Promoters and Directors for development of business strategies, monitoring its successful implementation and meeting

future challenges. We believe the expertise, experience and continued efforts of our Key Managerial Personnel and their inputs are valuable to for the operations of our Company. Our future success and growth depend largely on our ability to attract, motivate and retain the continued service of our highly skilled management personnel. Our Company has never been faced with a challenge of high rate of attrition of our Key Management Personnel and Senior Management in the past, however, any attrition of our experienced Key Managerial Personnel and Senior Management, would adversely impact our growth strategy. We cannot assure you that we will be successful in recruiting and retaining a sufficient number of personnel with the requisite skills to replace those Directors, Key Managerial Personnel and Senior Management who leave. In the event we are unable to motivate and retain our Directors, Key Managerial Personnel and Senior Management and thereby loss of the services of our highly skilled Key Managerial Personnel and Senior Management may adversely affect the operations, financial condition and profitability of our Company and thereby hampering and adversely affecting our ability to expand our business. For further details on our Directors and Key Managerial Personnel, please refer to the chapter titled — “Our Management” on page 147 of this Draft Red Herring Prospectus.

43. *Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and we have not entered into any definitive arrangements to utilize the Net Proceeds of the Issue and the Objects have not been independently appraised by a bank or a financial institution. Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders’ approval.*

We intend to use the Net Proceeds of the Issue for the purposes described in the section titled “Objects of the Issue” on page 82. The Objects of the Issue are: a) Funding Working Capital Requirements of our Company and b) General Corporate Purposes.

The Objects of the Issue have not been appraised by any bank or financial institution and certain our funding requirement is based on current conditions, internal estimates and are subject to changes in external circumstances or costs or in other financial condition, business or strategy. Based on the competitive nature of our industry, we may have to revise our business plan and/or management estimates from time to time and consequently our funding requirements may also change. Such internal estimates may differ from that of any third party appraisals, which may require us to reschedule or reallocate our expenditure, subject to applicable laws. In case of increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements and may have an adverse impact on our business, results of operations, financial condition and cash flows. Accordingly, investors in the Equity Shares will be relying on the judgment of our management regarding the application of the Net Proceeds. Further, pursuant to Section 27 of the Companies Act, any variation in the Objects of the Issue would require a special resolution of the shareholders and the promoter or controlling shareholders will be required to provide an exit opportunity to the shareholders who do not agree to such proposal to vary the Objects of the Issue at such price and in such manner in accordance with applicable law.

44. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

Since the Issue size is less than ₹ 10,000 lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company subject to the applicable laws and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

45. *Our operations are subject to accidents and other risks and could expose us to material liabilities, loss in revenues and increased expenses.*

Our business operations are subject to operating risks, including fatal accidents, mishaps, failure of equipment, power supply, labour disputes, natural disasters or other force majeure conditions which are beyond our control. The occurrence of any of these factors could significantly affect our results of operations and financial condition. Although we take precautions to minimize the risk of any significant operational problems at our operation sites, there can be no assurance that we will not face such disruptions in the future.

During the execution period, we may be exposed to various risks which we may not be able to foresee or may not have adequate insurance coverage. Our insurance coverage may not be adequate to cover such loss or damage to life and property and any consequential losses arising due to such events will affect our operations and financial condition. Further, in addition to the above, any such fatal accident or incident causing damage or loss to life and property, even if we are fully insured or held not to be liable, could negatively affect our reputation, thereby making it more difficult for us to conduct our business operations effectively and could significantly affect our Order Book, availability of insurance coverage in the future and our results of operations.

46. *Our Promoters, Directors and Key Managerial Personnel have interests in our Company other than reimbursement of expenses incurred or normal remuneration or benefits.*

Our Promoters, Directors and Key Managerial Personnel, may be deemed to be interested in our Company, in addition to the regular remuneration or benefits, reimbursements of expenses, Equity Shares held by them or their relatives, their dividend or bonus entitlement, benefits arising from their directorship in our Company. Our Promoters, Director and Key Managerial Personnel may also be interested to the extent of any transaction entered into by our Company with any other company or firm in which they are directors or partners. For further details please refer to the paragraphs titled — “Interest of our Directors” in the chapter titled — “Our Management”, the paragraphs titled — “Interest of our Promoters and Other Interests and Disclosures” in the chapter titled — “Our Promoters and Promoter Group”, “Financial Indebtedness” and “Restated Financial Information” on pages 147, 161, 201 and 159, respectively of this Draft Red Herring Prospectus.

There can be no assurance that our Promoters, Directors, Key Management Personnel will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters and members of our Promoter Group will continue to exercise significant control over our Company, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting of shareholders, and our other shareholders may be unable to affect the outcome of such voting. Our Directors and our Key Management Personnel may take or block actions with respect to our business, which may conflict with the best interests of our Company or that of minority shareholders.

47. *Our Promoters and members of the Promoter Group have significant control over the Company and have the ability to direct our business and affairs; their interests may conflict with your interests as a shareholder.*

Upon completion of this Issue, our Promoters and members of our Promoter Group will collectively hold [●]% of the post issue equity share capital of our Company. As a result, our Promoters will have the ability to exercise significant influence over all matters requiring shareholders’ approval. Accordingly, our Promoters will continue to retain significant control, including being able to control the composition of our Board of Directors, determine decisions requiring simple or special majority voting of shareholders, undertaking sale of all or substantially all of our assets, timing and distribution of dividends and termination of appointment of our officers, and our other shareholders may be unable to affect the outcome of such voting. There can be no assurance that our Promoters will exercise their rights as shareholders to the benefit and best interests of our Company. Further, such control could delay, defer or prevent a change in control of our Company, impede a merger, consolidation, takeover or other business combination involving our Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our Company even if it is in our Company’s best interest. The interests of our Promoters could conflict with the interests of our other equity shareholders and our Promoters could make decisions that materially and adversely affect your investment in the Equity Shares.

48. *Our ability to pay dividends will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and other factors.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we may not be permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholders’ investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “Dividend Policy” on page 166 of this Draft Red Herring Prospectus.

49. *Employee misconduct including misuse of confidential data and failure to maintain confidentiality of information could harm us and is difficult to detect and deter.*

We could be harmed by employee misconduct if our customers’ confidential information is misappropriated by us or our employees, our customers may consider us liable for that act and seek damages and compensation from us, in addition, to seeking termination of the contract. While there have been no instances during the last three financial year of information technology breach or instances of cyber-attack, assertions of misappropriation of confidential information or the intellectual property of our customers against us, if unsuccessful, could have a material adverse effect on our business, financial condition and results of operations. Even if such assertions against us are unsuccessful, they may cause us to incur reputational harm and substantial cost.

Although we closely monitor our employees, misconduct, including acts of bribery, corruption or fraud by employees or

executives, such acts could include binding us to transactions that exceed authorized limits or present unacceptable risks, or they may hide unauthorized or unlawful activities from us, which may result in substantial financial losses and damage to our reputation and loss of business from our customers. Employee or executive misconduct could also involve the improper use or disclosure of confidential information, which could result in regulatory sanctions and serious reputational or financial harm, including harm to our brand. While we have not experienced any such employee misconduct in the past, it is not always possible to deter employee or executive misconduct and the precautions taken and systems put in place to prevent and detect such activities may not be effective in all cases. Any instances of such misconduct could adversely affect our business and our reputation.

50. *We have not commissioned an industry report for the disclosures made in the section titled ‘Industry Overview’ and made disclosures on the basis of the data available on the internet and such data has not been independently verified by us.*

We have neither commissioned an industry report, nor sought consent from the quoted website source for the disclosures which need to be made in the section titled “Industry Overview” beginning on page 93 of this Draft Red Herring Prospectus. We have made disclosures in the said chapter on the basis of the relevant industry related data available online for which relevant consents have not been obtained. We have not independently verified such data. We cannot assure you that any assumptions made are correct or will not change and, accordingly, our position in the market may differ from that presented in this Draft Red Herring Prospectus. Further, the industry data mentioned in this Draft Red Herring Prospectus or sources from which the data has been collected are not recommendations to invest in our Company. Accordingly, investors should read the industry related disclosure in this Draft Red Herring Prospectus in this context.

51. *Our inability to procure and/or maintain adequate insurance cover in connection with our business may adversely affect our operations and profitability.*

Our operations are subject to inherent risks and hazards which may adversely impact our profitability, such as breakdown, malfunctions, sub-standard performance, fire, riots, third party liability claims, etc. Presently, our Company has availed factory building insurance and transit insurance. There are many events that could cause significant damages to our operations, or expose us to third-party liabilities, whether or not known to us, for which we may not be insured or adequately insured, which in turn may expose us to certain risks and liabilities. There can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance had been availed. Further, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part, or on time. If we were to incur a significant liability for which we were not fully insured, it could adversely affect our results of operations and financial position.

ISSUE RELATED RISKS

52. *An investment in the Equity Shares is subject to general risk related to investments in Indian Companies.*

Our Company is incorporated in India and all of our assets and employees are located in India. Consequently, our business, results of operations, financial condition and the market price of the Equity Shares will be affected by changes in interest rates in India, policies of the Government of India, including taxation policies along with policies relating to industry, political, social and economic developments affecting India.

53. *The price of the Equity Shares may be volatile, which could result in substantial losses for investors acquiring the Equity Shares in the Issue.*

The market price of the Equity Shares may be volatile and could fluctuate significantly and rapidly in response to, among others, the following factors, some of which are beyond our control:

- volatility in the Indian and global securities market or in the value of the Rupee relative to the U.S. Dollar, the Euro and other foreign currencies;
- our profitability and performance;
- changes in financial analysts’ estimates of our performance or recommendations;
- perceptions about our future performance or the performance of Indian companies in general;
- performance of our competitors and the perception in the market about investments in the industries in which we operate;
- adverse media reports about us or the industries in which we operate;

- significant developments in India’s economic liberalization and deregulation policies;
- significant developments in India’s fiscal and environmental regulations;
- economic developments in India and in other countries; and
- any other political or economic factors.

These fluctuations may be exaggerated if the trading volume of the Equity Shares is low. Volatility in the price of the Equity Shares may be unrelated or disproportionate to our results of operations. It may be difficult to assess our performance against either domestic or international benchmarks.

Indian stock exchanges, including the Stock Exchanges, have experienced substantial fluctuations in the prices of listed securities and problems such as temporary exchange closures, broker defaults, settlement delays and strikes by brokers. The governing bodies of Indian stock exchanges have also, from time to time, imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Further, disputes have occurred between listed companies, stock exchanges and other regulatory bodies, which in some cases may have had a negative effect on market sentiment. If such or similar problems were to continue or recur, they could affect the market price and liquidity of the securities of Indian companies, including the Equity Shares.

54. *Our Promoter’s average cost of acquisition of Equity Shares in our Company could be lower than the Issue Price to be decided by the Company in consultation with the Book Running Lead Manager*

Our Promoters’ average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price which is proposed to be determined on a book-building basis. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapter titled “*Capital Structure*” on page 70 of this Draft Red Herring Prospectus.

55. *We have issued Equity Shares during the last one year at a price below the Issue Price*

Our Company had issued Bonus shares of 1,07,22,950 equity shares on December 22, 2023 in the ratio of 35 equity shares for every 1 equity share held by the shareholders in the last 12 months which may be at lower than the Issue Price. The Equity Shares allotted to shareholders pursuant to this Issue may be priced significantly higher due to various reasons including better performance by the Company, better economic conditions and passage of time. For further details, see “*Capital Structure*” on page 68 of this Draft Red Herring Prospectus. The prices at which Equity Shares have been issued by us in last one year should not be taken to be indicative of the Issue Price and the trading price of our Equity Shares after listing.

56. *Our future fund requirements, in the form of further issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the Shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing Shareholders and such issuance may be done on terms and conditions, which may not be favorable to the then existing Shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

57. *We may not maintain profitability in the future.*

Although we have been profitable in the past, we expect to make investments in growing our business and may undertake acquisitions of other synergistic companies, which could reduce our profitability compared to past periods. As a result of these increased expenditures, our profitability could decline in future periods. In future periods, our revenue could decline or grow more slowly than we expect. We also may incur significant losses in the future for a number of reasons, including due to the other risks described in this Draft Red Herring Prospectus, and we may encounter unforeseen expenses, difficulties, complications, delays and other unknown factors.

58. *We have not independently verified certain data in this Draft Red Herring Prospectus.*

We have not independently verified data from the industry and related data contained in this Draft Red Herring Prospectus. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies

between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

59. *The requirements of being a listed company may strain our resources.*

We are not a listed Company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing agreements with the Stock Exchanges and compliances of SEBI (LODR) Regulations which will require us to file audited annual and unaudited half yearly results and limited review reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies which may adversely affect the financial position of the Company.

As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures, internal control over financial reporting and additional compliance requirements under the Companies Act, 2013. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management oversight will be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business, prospects, financial condition and results of operations. In addition, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner.

60. *The Equity Shares have never been publicly traded and the Issue may not result in an active or liquid market for the Equity Shares.*

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. Although we currently intend that the Equity Shares will remain listed on the Stock Exchanges, there is no guarantee of the continued listing of the Equity Shares. Failure to maintain our listing on the Stock Exchanges or other securities markets could adversely affect the market value of the Equity Shares.

The Issue Price of the Equity Shares is proposed to be determined through a book-built process in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors. You may not be able to resell your Equity Shares at a price that is attractive to you.

61. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the SME Platform of National Stock Exchange of India Limited in a timely manner or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuance of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of National Stock Exchange of India Limited due to delay in submission of required documents/ completion of formalities/compliance with required laws by the issuer. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

62. *There is no existing market for our Equity Shares, and we do not know if one will develop to provide you with adequate liquidity. Further, an active trading market for the Equity Shares may not develop and the price of the Equity Shares may be volatile.*

An active public trading market for the Equity Shares may not develop or, if it develops, may not be maintained after the Issue. Our Company, in consultation with the Book Running Lead Manager, will determine the Issue Price. The Issue Price may be higher than the trading price of our Equity Shares following this Issue. As a result, investors may not be able to sell their Equity Shares at or above the Issue Price or at the time that they would like to sell. The trading price of the Equity

Shares after the Issue may be subject to significant fluctuations in response to factors such as, variations in our results of operations, market conditions specific to the sectors in which we operate, economic conditions of India and volatility of the securities markets elsewhere in the world.

63. *The price of the Equity Shares may be highly volatile after the Issue.*

The price of the Equity Shares on the Indian stock exchanges may fluctuate after this Issue as a result of several factors, including, volatility in the Indian and global securities market; our operations and performance; performance of our competitors and the perception in the market about investments in our industry; adverse media reports on us or the industry; changes in the estimates of our performance or recommendations by financial analysts; significant developments in India's economic liberalization and deregulation policies; and significant developments in India's fiscal and environmental regulations. There can be no assurance that the prices at which the Equity Shares are initially traded will correspond to the prices at which the Equity Shares will trade in the market subsequently.

64. *You will not be able to sell immediately on the Stock Exchanges any of the Equity Shares you purchase in the Issue.*

The Equity Shares will be listed on the Emerge Platform of National Stock Exchange of India Limited. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. Upon receipt of final approval from the Stock Exchanges, trading in the Equity Shares is to commence within three (03) working days of the date of closure of the Issue or such other time as may be prescribed by SEBI. SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the previous requirement of 6 working days (T+6 days); 'T' being issue closing date. The provisions of this circular were applicable, on voluntary basis for public issues opening on or after September 1, 2023 and on mandatory basis for public issues opening on or after December 1, 2023. Our Company shall follow the timeline provided under the aforementioned circular.

We cannot assure that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time period prescribed by law. Further, there can be no assurance that the Equity Shares to be Allotted pursuant to this Issue will be listed on the Stock Exchanges in a timely manner or at all.

65. *There are restrictions on the overall capping of 90% on the Opening Price/Equilibrium Price discovered during Special Pre-Open session for Initial Public Offer (IPO) on the NSE Emerge Platform of the Exchange and also there are restrictions on daily movements in the trading price of the Equity Shares, which may adversely affect a shareholder's ability to sell Equity Shares or the price at which Equity Shares can be sold at a particular point in time.*

Our listed Equity Shares will be subject to overall capping of 90% on the Opening Price/Equilibrium Price discovered during Special Pre-Open session for Initial Public Offer (IPO) on the NSE Emerge Platform of the Exchange To standardize the opening price discovery/ equilibrium price and shall also be subject to restriction on daily "circuit breaker" imposed on listed companies by the Stock Exchanges, which does not allow transactions beyond certain volatility in the trading price of the Equity Shares, the 90% capping over the issue price shall be imposed by the Stock Exchange on which the same shall be listed, however the circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on the Equity Shares' circuit breaker on daily trading movement will be set by the Stock Exchanges based on historical volatility in the price and trading volume of the Equity Shares. The Stock Exchanges are not required to inform our Company of the percentage limit of the circuit breaker and they may change the limit without our knowledge, Also, Stock Exchanges may not inform of the 90% capping on the issue price. This circuit breaker would effectively limit the upward and downward movements in the trading price of the Equity Shares. As a result of these circuit breakers, there can be no assurance regarding the ability of shareholders to sell Equity Shares or the price at which shareholders may be able to sell their Equity Shares on the date of listing of Equity Shares and on daily basis.

66. *Any future issuance of Equity Shares, or convertible securities or other equity-linked securities by our Company may dilute your shareholding and any sale of Equity Shares by our Promoter or members of our Promoter Group may adversely affect the trading price of the Equity Shares.*

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute your shareholding in our Company, which shall adversely affect the trading price of the Equity Shares and our ability to raise capital through further issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our Promoter and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoter and Promoter Group will not dispose of, pledge or encumber their Equity Shares in the future.

67. Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any instance of disinvestments of Equity Shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sale of Equity Shares might occur.

68. Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding Rs.1,00,000, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long gains tax in India.

Term capital The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a nondelivered basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among the others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Historically, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the equity shares.

Further, we cannot predict whether any tax laws or other regulations impacting it will be enacted, or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our business, financial condition, results of operations and cash flows. The Government of India had announced the union budget for financial year 2024 and the Finance Act, 2024 received assent from the President of India on February 15, 2024. There is no certainty on the impact that the Finance Act, 2024 may have on our business and operations or in the industry we operate in.

69. Significant differences exist between Indian GAAP and other accounting principles, such as US GAAP and IFRS, which may be material to investors assessments of Our Company's financial condition. Our failure to successfully adopt IFRS may have an adverse effect on the price of our Equity Shares. The proposed adoption of IFRS could result in our financial condition and results of operations appearing materially different than under Indian GAAP.

Our restated financial statements, including the financial statements provided in this Draft Red Herring Prospectus, are prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Indian GAAP. For details, refer chapter titled "Presentation of Financial Industry and Market Data" beginning on Page 16 of this Draft Red Herring Prospectus.

Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. India has decided to adopt the "Convergence of its existing standards with IFRS" and not the "International Financial Reporting Standards" ("IFRS"), which was announced by the MCA, through the press note dated January 22, 2010. These "IFRS based / synchronized Accounting Standards" are referred to in India as IND (AS). Public companies in India, including our Company, may be required to prepare annual and interim financial

statements under IND (AS). The MCA, through a press release dated February 25, 2011, announced that it will implement the converged accounting standards in a phased manner after various issues, including tax related issues, are resolved. Further, MCA Notification dated February 16, 2015, has provided an exemption to the Companies proposing to list their shares on the SME Exchange as per Chapter IX of the SEBI ICDR Regulations and hence the adoption of IND (AS) by a SME exchange listed Company is voluntary. Accordingly, we have made no attempt to quantify or identify the impact of the differences between Indian GAAP and IFRS or to quantify the impact of the difference between Indian GAAP and IFRS as applied to its financial statements. There can be no assurance that the adoption of IND-AS will not affect our reported results of operations or financial condition. Any failure to successfully adopt IND-AS may have an adverse effect on the trading price of our Equity Shares. Currently, it is not possible to quantify whether our financial results will vary significantly due to the convergence to IND (AS), given that the accounting principles laid down in the IND (AS) are to be applied to transactions and balances carried in books of accounts as on the date of the applicability of the converged standards, i.e., IND (AS) and for future periods.

Moreover, if we volunteer for transition to IND (AS) reporting, the same may be hampered by increasing competition and increased costs for the relatively small number of IND (AS)-experienced accounting personnel available as more Indian companies begin to prepare IND (AS) financial statements. Any of these factors relating to the use of converged Indian Accounting Standards may adversely affect our financial condition.

70. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

EXTERNAL RISKS

71. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax (“GST”) regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the amendment of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST. The Government has enacted the GAAR which have come into effect from April 1, 2017.

The Government of India had announced the union budget for financial year 2024 and the Finance Act, 2024 received assent from the President of India on February 15, 2024. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. We cannot predict whether any amendments made pursuant to the Finance Act would have a material adverse effect on our business, financial condition and results of operations. Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. For instance, the Supreme Court of India has, in a decision clarified the components of basic wages, which need to be considered by companies while making provident fund payments. Our Company has not made relevant provisions for the same, as on date. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations. Further, the Personal Data Protection Bill, 2019 (“**PDP Bill**”) was introduced to propose a legal framework governing the processing of personal data. However, the PDP Bill has been withdrawn on August 3, 2022 and the Ministry of Electronics and Information Technology, Government of India (“**MoEIT**”) has submitted a new Digital Personal Data Protection Bill, 2022 before the Parliament.

We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change

in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

72. *Our business is substantially affected by prevailing economic conditions in India.*

We perform all of our activities in India, and the predominant portions of our customers are Indian nationals. As a result, we are highly dependent on prevailing economic conditions in India and our results of operation are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, include:

- any increase in Indian interest rates or inflation;
- prevailing income conditions among Indian customers and Indian corporations;
- changes in India's present tax, trade, fiscal or monetary policies;
- natural disasters, political instability, communal disturbances, riots, civil unrest, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries; and
- prevailing national, regional or global economic conditions, including in India's principal export markets.

In addition to the factors set forth above, our business may be affected by adverse changes specific to the industries in which we operate.

73. *Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

74. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.*

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

75. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance of our business. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in markets, customer debt levels, unemployment trends and other matters that influence customer confidence and spending. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

76. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation is crucial to determine one's purchasing power. In other words, inflation is a measure that causes the prices of both goods and services to rise over time and buyers will feel the pinch as it affects their personal finance, particularly spending and buying habits. Any factor that causes prices of goods and services to rise in the market and create instability in consumption leads to inflation. There are two indices that are used to measure inflation in India — the consumer price index (CPI) and the wholesale price index (WPI). These two-measure inflation on a monthly basis taking into account different approaches to calculate the change in prices of goods and services.

India's retail inflation, which is measured by the consumer price index (CPI), eased to 5.02% in Sep. 2023, from 6.83% in Aug. this year, according to the latest data from the Ministry of Statistics and Programme Implementation. In the last two years, CPI hit the highest of 7.79% in April 2022, and the lowest of 4.06% in Jan. 2021. The wholesale Price Index (WPI), which calculates the overall prices of goods before selling at retail prices, is at (-)0.52% in Aug., (-)1.36% in July 2023, (-

)4.12% in June, (-)3.48% in May, and (-)0.92% in April 2023.

India's retail inflation eased to a three-month low of 5.02% in Sep. 2023. The CPI reading continues to cross the Reserve Bank of India's upper tolerance medium-term target of 4% within a band of 4+/- 2%. The RBI projects the headline inflation or the CPI at 5.4% for 2023-24. The real GDP growth is projected at 6.5% with Q1 at 8.0% during the period. Meanwhile, the Sep. 2023 inflation in the U.S. suggests that the consumer price index increased 3.7% year-over-year. The nation's GDP accelerated to 2.1% in the second quarter. Although the RBI has enacted certain policy measures designed to curb inflation, these policies may not be successful. There can be no assurance that we will be able to pass on any additional expenses to our customers or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our business, financial condition and results of operations.

77. *Natural calamities could have a negative impact on the Indian economy and cause our business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

78. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well as the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

BOOK BUILDING PROCESS

Book building, in the context of the Issue, refers to the process of collection of Bids from bidders on the basis of the Red Herring Prospectus, the Bid Cum Application Forms and the Revision Forms, if any, within the Price Band and the minimum Bid Lot, which will be decided by our Company in consultation with the Book Running Lead Manager, and will be advertised in all editions of English national daily newspaper, [●], all editions of Hindi national daily newspaper, [●] editions of the Tamil daily newspaper, [●], (Tamil being the regional language of Tamil Nadu, where our Registered Office is located) each with wide circulation at least two Working Days prior to the Bid/Issue Opening Date and shall be made available to the Stock Exchange for the purpose of uploading on their respective website. The Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager, after the Bid/ Issue Closing Date. For details, see “Issue Procedure” beginning on page 245 of this Draft Red Herring Prospectus.

All Bidders other than Anchor Investors participated through the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount was blocked by the SCSBs. In addition to this, the Retail Individual Investors participated through the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount was blocked by the SCSBs or by using the UPI Mechanism. Non-Institutional Investors with an application size of up to ₹ 5.00 lakhs could use the UPI Mechanism and could also provide their UPI ID in the Bid cum Application Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar and Share Transfer Agents. Anchor Investors were not permitted to participate in the Issue through the ASBA process.

In terms of the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of the number of Equity Shares or the Bid Amount) at any stage. RIBs can revise their Bid(s) during the Bid/ Issue Period and withdraw their Bid(s) until Bid/ Issue Closing Date. Anchor Investors are not allowed to withdraw their Bids after the Anchor Investor Bidding Date. Except for Allocation to RIBs, NIIs and the Anchor Investors, allocation in the Issue will be on a proportionate basis. Further, allocation to Anchor Investors will be on a discretionary basis.

Each Bidder by submitting a Bid in the Issue, will be deemed to have acknowledged the above restrictions and the terms of the Issue.

MARKET MAKER

[●]

DETAILS OF THE MARKET MAKING AGREEMENT

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with NSE to fulfil the obligations of Market Making) dated [●] to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares issued in this issue.

[●] registered with NSE Emerge will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by NSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and buy quote) shall not be more than 10% or as specified by the Stock Exchange from time to time. Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker.
2. The prices quoted by the Market Maker shall be in compliance with the Market Maker Spread requirements and other particulars as specified or as per the requirements of NSE and SEBI from time to time.

3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1.00 Lakh shall be allowed to Issue their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of ₹ [●]/- per share the minimum application lot size is [●] Equity Shares thus minimum depth of the quote shall be [●] until the same, would be revised by NSE.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Equity Shares of market maker in our Company reaches to 25% or upper limit (Including the 5% of Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% equity shares would not be taken into consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
6. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in Special Pre-Open Session (SPOS) and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity shares on the Stock Exchange.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non- controllable reasons would be final.
8. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and NSE from time to time.
9. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by them.
10. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
11. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on NSE EMERGE and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/ fully from the market – for instance due to system problems any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
13. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
14. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Company, who shall then be responsible to appoint a replacement Market Maker.
15. In case of termination of the abovementioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Company to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI ICDR Regulations. Further, the Company reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.
16. **Risk containment measures and monitoring for Market Maker:** NSE will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
17. **Punitive Action in case of default by Market Maker:** NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on

the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.

18. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹250 Crores, the applicable price bands for the first day shall be:

- In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

19. The following spread will be applicable on the NSE Emerge:

Sr. No.	Market Price Slab (in ₹)	Proposed spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

20. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Maker during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (Including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (Including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

21. The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI/ NSE from time to time.

22. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

However, such fund requirements and deployment of funds have not been verified or appraised by any bank, financial institution or any other external agency or party. We may have to revise our funding requirements and deployment schedule on account of a variety of factors such as our financial and market condition, business and strategy, competition, negotiation with lenders, variation in cost estimates and other external factors such as changes in the business environment and interest or exchange rate fluctuations, Environmental conditions and relation with foreign countries which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws.

For further details on the risks involved in our proposed fund utilization as well as executing our business strategies, please refer the section titled “*Risk Factors*” on page 26 of this Draft Red Herring Prospectus.

Our Company proposes to deploy the entire Net Proceeds towards the aforementioned Objects during Fiscal 2024-25 and 2025-26. In the event that the estimated utilization of the Net Proceeds in scheduled fiscal years are not completely met, due to the reasons stated above, the same shall be utilized in the next fiscal year i.e. Fiscal 2026-2027, as may be determined by the Board, in accordance with applicable laws. If the actual utilization towards any of the Objects is lower than the proposed deployment, such balance will be used towards general corporate purposes, to the extent that the total amount to be utilized towards general corporate purposes is within the permissible limits in accordance with the SEBI ICDR Regulations. Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Issue, subject to compliance with applicable laws.

MEANS OF FINANCE

We intend to finance our Objects of Issue through Net Proceeds which is as follows:

(₹ in Lakhs)

Particulars	Amount*
Net Proceeds	[●]
Total	[●]

*To be determined upon finalisation of the Issue Price and updated in the Prospectus prior to filing with the RoC.

The fund requirements for the Objects are proposed to be met from the Net Proceeds and our internal accruals. Accordingly, we confirm that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Fresh Issue as required under Regulation 230(1)(e) of the SEBI ICDR Regulations.

DETAILS OF THE OBJECTS

The details of the Objects of the Issue are set out below:

1. Funding Working Capital requirements of our company

We fund a majority of our working capital requirements in the ordinary course of business from various banks and internal accruals. Our Company requires additional working capital for funding its incremental working capital requirements and unlocking the internal accruals deployed in working capital. The funding of the incremental working capital requirements will lead to a consequent increase in our profitability, ability to utilize internal accruals for growth opportunities and achieving the proposed targets as per our business plan.

Our Company has book order amounting to ₹ 7,740.21 Lakhs as on July 31, 2024 as per the order book as certified by Our Statutory Auditor, M/s. Krishnaan & Co., Chartered Accountants, pursuant to their certificate dated September 21, 2024.

Basis of estimation of incremental working capital requirement:

Our Company proposes to utilize ₹ 1,400 Lakhs of the Net Proceeds in Fiscals 2024 – 2025 and 2025-2026 towards our Company's working capital requirements. The balance portion of our Company's working capital requirement shall be met from the working capital facilities availed and internal accruals.

The incremental and proposed working capital requirements, as approved by the Board pursuant to a resolution dated September 23, 2024 and key assumptions with respect to the determination of the same are mentioned below. Our Company's composition of working capital as on March 31, 2024, March 31, 2023 and March 31, 2022 on the basis of restated financial statements and expected working capital requirements for Fiscals 2024 – 2025 and 2025-2026 are as set out in the table below:

The detailed break-down of estimated cost of the proposed expansion, is set forth below*:

Key Justifications:

Inventory	Inventory, including stock in trade, had an average of 18 days in Fiscal 2024. The company expects this to decrease to 10-15 days in Fiscal 2024 and Fiscal 2025. This reduction is due to the company's strategy to lower inventory levels and convert it into cash to meet working capital needs. The inventory primarily consists of work-in-progress (WIP) that
-----------	---

	has not yet been certified as finished goods by the engineer. To address this, the company plans to expedite project completion and ensure timely certification by the engineer.
Trade Receivable Days	<p>The average receivable days currently range from 85 to 90 days. In fiscal year 2025, the company anticipates extending this period to 95 days. This increase is partly due to the company's plan to lower inventory levels, partly due to revenue growth achieved by extending credit for private customers and public sector clients considering the period to commence only from the date of approval of the invoice, all of which contributes to higher trade receivables. Additionally, as the company expands its operations and secures more contracts from both public and private sectors, it is extending credit periods to build stronger relationships with new customers.</p> <p>In FY 2023, receivable days were notably high at 115 days. This was because several projects were executed and completed in February and March 2023, and revenue from these contracts was only received in FY 2024.</p>
Trade Payables	Average payable days in Fiscal year 2022, 2023 and 2024 were 70, 53 and 28 respectively. However, as the company is expanding its operations, the company has now revised the payment terms and keep the payable days to 25-30 days from fiscal year 2024-2025 onwards. This will increase profitability margin. Making a payment early will help to get better price from vendors. This in turn would contribute to our bottom -line growth.
Short term loans and Advances	Short Term loans and Advances majorly include the salary advances given to the employees and retention money with the clients. This are expected to increase slightly to Fiscal 2025 respectively. This increase is expected to rise with the increase in level of operations of the company bidding for higher value projects.
Other current assets	Other Current Assets basically include the accrued interest on security deposits, advance to suppliers and contractor, statutory receivables, balances with government authorities etc. All these current assets are expected to change in correlation with the level of operations and profit of the company
Other current Liabilities	Other Current liabilities majorly include expenses payable, statutory dues payable, deposit with the authorities, advance from customers etc. All these current liabilities are expected to increase marginally with increase in level of operations of the company.
Short term Provisions	Short term provision majorly includes provision of income tax. These are expected to increase with the increase in the profit of the business and increase in number of employees in the organisation.

Rationale for Working Capital Requirement:

a) To grow sustainably it is important that the products are priced competitively to our customers. To achieve competitive pricing, we need to source it at right price which is possible only when supplier credit terms are shorter. We intend to bring down the supplier's credit days which would help us to command competitive pricing from our suppliers. Our company is embarking on a expansion strategy to enhance our product offerings and market reach. The fund raise is instrumental in supporting this growth initiative.

b) To address the anticipated increase in trade receivables due to higher sales in the upcoming years, the company is focusing on several key areas:

c) The company is directly collaborating with numerous manufacturers and distributors. Due to the requirement for upfront payments for raw material shipments, there is a heightened need for working capital. While trade payables are expected to remain stable, additional working capital is necessary to accommodate increased purchases and upfront payment commitments.

d) The company's entry into the BioCNG EPC business will also necessitate additional working capital to support its operations.

e) Earnest Money Deposits (EMDs) of 2% are required for all Central Government project tenders, such as those with IGCAR, FARCF, Kalpakkam, and DAE projects. This results in a need for additional working capital of approximately Rs. 75 lakhs to Rs. 100 lakhs.

f) UBI has raised the Bank Guarantee (BG) margin percentage from 20% to 25%. Consequently, for a total non-fund limit of Rs. 1025 lakhs, the margin money requirement has increased from Rs. 205 lakhs to Rs. 256 lakhs.

The rationale for fluctuations in the Working Capital to Turnover (WCT) ratio is evident from several key points:

Correlation between WC Requirement and Revenue: It's apparent that the WC requirement cannot be directly correlated with revenue or sales turnover due to the various stages of project execution that contribute to turnover. Despite increasing sales, the need for working capital may not rise at the same rate owing to the timing and nature of project execution.

Higher WC Requirement at Various Stages of Project Execution: The company necessitates a higher WC, particularly for non-financial limits such as issuing Bank Guarantees (BGs) for contract performance and obtaining advances upon receiving orders. This requirement typically ranges from 13-20% of the order value.

Change in Business Segment: The company is gradually transitioning into the medium-level segment as per the MSME definition. In most public sector Governmental e Marketplace Portal bids, EPC tenders are released as Works contract tenders. In such tenders, EMD exemption is not applicable to MSMEs and the company has to issue EMD compulsorily.

Direct Correlation of WC Requirement with Order Booking and Bidding: The WC requirement, especially for BGs, directly correlates with order booking and bidding. As the company bids for more projects and secures more orders, the need for WC, particularly for BGs, increases.

Business Growth Plan and WC Requirement: The proposed plan for business growth indicates that the WC requirement will increase in proportion to bidding and order booking. As sales grow, purchases will also increase, necessitating more WC for opening Letters of Credit (LCs) for purchases.

Longer Retention period: Flue Gas Desulphurisation (FGD) projects which the company is executing has a typical execution and handing over time of 2 to 2.5 Years. As per the terms of the contract, retention amount of 10% gets released only after the Defect Liability Period (DLP), which is 12 or 24 months after project completion. Hence, 10% of the project cost plus 5 or 10% Contract Performance Bank Guarantee (CPBG) gets locked for a period of 3 or 4 years as the case may be. This increases requirement for working capital disproportionately, when the company is growing.

ANNEXURE I TO THE STATEMENT OF TAX BENEFITS

The information provided below sets out the possible special tax benefits available to the Company, the Shareholders under the Taxation Laws presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the Equity Shares particularly in view of the certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

THE STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY, ITS SHAREHOLDERS UNDER THE APPLICABLE TAX LAWS IN INDIA

The information provided below sets out the possible tax benefits available to the Company and its Shareholders under the Income-tax Act, 1961 (the “Act”) as amended by Finance Act, 2024 i.e. applicable for the Financial Year 2024-25 relevant to Assessment Year 2025-26.

1. SPECIAL DIRECT TAX BENEFITS AVAILABLE TO THE COMPANY

The following benefits are available to the Company while computing its total taxable income, after fulfilling conditions, as per the applicable provisions of the Act:

1.1. Lower Corporate tax rate under Section 115BAA of the Act

Section 115BAA was inserted in the Act by the Taxation Laws (Amendment) Act, 2019 (‘the Amendment Act, 2019’) w.e.f. April 1, 2020 (Assessment Year 2020-21). Section 115BAA grants an option to a domestic company to be governed by the section from a particular assessment year. If a company opts for section 115BAA of the Act, it can pay corporate tax at a reduced rate of 22% (plus applicable surcharge and education cess).

Section 115BAA of the Act further provides that domestic companies availing the option will not be required to pay Minimum Alternate Tax (‘MAT’) on their ‘book profit’ under section 115JB of the Act. However, such a company will no longer be eligible to avail certain specified exemptions / incentives under the Act and will also need to comply with certain other conditions specified in section 115BAA of the Act.

If a company opts for section 115BAA, the tax credit (under section 115JAA), if any, which it was entitled to on account of MAT paid in earlier years, will no longer be available. Further, it shall not be allowed to claim set-off of any brought forward loss arising to it on account of additional depreciation and other specified incentives.

2. SPECIAL INDIRECT TAX BENEFITS AVAILABLE TO THE COMPANY

NIL

3. DIRECT TAX BENEFITS AVAILABLE TO THE SHAREHOLDERS:

NIL

Notes:

1. The above statement of Direct and Indirect Tax Benefits sets out the special tax benefits available to the Company, its shareholders under the current tax laws presently in force in India.
2. This statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences, the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
3. This statement does not discuss any tax consequences in the country outside India of an investment in the Shares. The subscribers of the Shares in the country other than India are urged to consult their own professional advisers regarding possible income-tax consequences that apply to them.
4. In respect of non-residents, the tax rates and the consequent taxation mentioned above shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile.

5. The views expressed in this statement are based on the facts and assumptions as indicated in the statement. No assurance is given that the revenue authorities/courts will concur with the views expressed herein.

The views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.

INDUSTRY OVERVIEW

The information in this chapter has been extracted from the websites of and publicly available documents from various sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with this Offer has independently verified the information provided in this chapter. Industry sources and publications, referred to in this chapter, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

GLOBAL ECONOMIC OVERVIEW

The baseline forecast is for global growth to slow from 3.5 percent in 2022 to 3.0 percent in 2023 and 2.9 percent in 2024, well below the historical (2000–19) average of 3.8 percent. Advanced economies are expected to slow from 2.6 percent in 2022 to 1.5 percent in 2023 and 1.4 percent in 2024 as policy tightening starts to bite. Emerging market and developing economies are projected to have a modest decline in growth from 4.1 percent in 2022 to 4.0 percent in both 2023 and 2024. Global inflation is forecast to decline steadily, from 8.7 percent in 2022 to 6.9 percent in 2023 and 5.8 percent in 2024, due to tighter monetary policy aided by lower international commodity prices. Core inflation is generally projected to decline more gradually, and inflation is not expected to return to target until 2025 in most cases.

Monetary policy actions and frameworks are key at the current juncture to keep inflation expectations anchored. It emphasizes the complementary role of monetary policy frameworks, including communication strategies, in helping achieve disinflation at a lower cost to output through managing agents' inflation expectations. Given increasing concerns about geo economic fragmentation.

RESILIENT GLOBAL ECONOMY IS LIMPING ALONG, WITH GROWING DIVERGENCES

The global economy continues to recover slowly from the blows of the pandemic, Russia's invasion of Ukraine, and the cost-of-living crisis. In retrospect, the resilience has been remarkable. Despite the disruption in energy and food markets caused by the war, and the unprecedented tightening of global monetary conditions to combat decades-high inflation, the global economy has slowed, but not stalled. Yet growth remains slow and uneven, with growing global divergences. The global economy is limping along, not sprinting.

According to our latest projections, global growth will slow from 3.5 percent in 2022 to 3 percent this year and 2.9 percent next year, a 0.1 percentage point downgrade for 2024 from our July projections. This remains well below the historical average. Headline inflation continues to decelerate, from 9.2 percent in 2022, on a year-over-year basis, to 5.9 percent this year and 4.8 percent in 2024. Core inflation, excluding food and energy prices, is also projected to decline, albeit more gradually than headline inflation, to 4.5 percent in 2024.

As a result, projections are increasingly consistent with a "soft landing" scenario, bringing inflation down without a major downturn in activity, especially in the United States, where the forecast increase in unemployment is very modest, from 3.6 to 3.9 percent by 2025.

THREE GLOBAL FORCES ARE AT PLAY:

First, the recovery in services is almost complete. Over the past year, strong demand for services supported service-oriented economies—including important tourism destinations such as France and Spain—relative to manufacturing powerhouses such as China and Germany. High demand for labor-intensive services also translated into tighter labor markets, and higher and more persistent services inflation. But services activity is now weakening alongside a persistent manufacturing slowdown, suggesting services inflation will decrease in 2024 and labor markets and activity will soften.

Second, part of the slowdown is the result of the tighter monetary policy necessary to bring inflation down. This is starting to bite, but the transmission is uneven across countries. Tighter credit conditions are weighing on housing markets, investment, and activity, more so in countries with a higher share of adjustable-rate mortgages or where households are less willing, or able, to dip into their savings. Firm bankruptcies have increased in the US and the euro area, although from historically low levels. Countries are also at different points in their hiking cycles: advanced economies (except Japan) are near the peak, while some emerging market economies, such as Brazil and Chile, have already started easing.

Third, inflation and activity are shaped by the incidence of last year's commodity price shock. Economies heavily dependent on Russian energy imports experienced a steeper increase in energy prices and a sharper slowdown. Some of our recent

work shows that the pass-through from higher energy prices played a large role in driving core inflation upward in the euro area, unlike in the United States, where core inflation pressures reflect instead a tight labor market.

RISKS

While some of the extreme risks such as severe banking instability—have moderated since April, the balance remains tilted to the downside.

First, the real estate crisis could deepen further in China, an important risk for the global economy. The policy challenge is complex. Restoring confidence requires promptly restructuring struggling property developers, preserving financial stability, and addressing the strains in local public finance. If real estate prices decline too rapidly, the balance sheets of banks and households will worsen, with the potential for serious financial amplification. If real estate prices are artificially propped up, balance sheets will be protected for a while, but this may crowd out other investment opportunities, reduce new construction activity, and have an adverse impact on local government revenues through reduced land sales. Either way, China's economy needs to pivot away from a credit driven real estate model of growth.

Second, commodity prices could become more volatile under renewed geopolitical tensions and disruptions linked to climate change. Since June, oil prices have increased by about 25 percent, on the back of extended supply cuts from OPEC+ (the Organization of the Petroleum Exporting Countries plus selected nonmembers) countries. Food prices remain elevated and could be disrupted further by an escalation of the war in Ukraine, causing important hardship for many low-income countries. This, of course, represents a serious risk to the disinflation strategy. Geoeconomic fragmentation has also led to a sharp increase in the dispersion in commodity prices across regions, including critical minerals.

Third, while both underlying and headline inflation have decreased, they remain uncomfortably high. Near-term inflation expectations have risen markedly above target, although they now appear to be turning a corner. Bringing these near-term inflation expectations back down is critical to winning the battle against inflation. With tight labor markets, ample excess savings in some countries, and adverse energy price developments, inflation could become more entrenched, requiring even more forceful action from central banks.

Fourth, fiscal buffers have eroded in many countries, with elevated debt levels, rising funding costs, slowing growth, and an increasing mismatch between the growing demands on the state and available fiscal resources. This leaves many countries more vulnerable to crises and demands a renewed focus on managing fiscal risks.

POLICIES

Under our baseline scenario, inflation continues to recede as central banks maintain a tight stance. With many countries near the peak of their tightening cycles, little additional tightening is warranted. However, easing prematurely would squander the gains achieved in the past 18 months. Once the disinflation process is firmly on its way and near-term inflation expectations are decreasing, adjusting the policy rate downward will allow the monetary policy stance, that is, the real interest rate, to remain unchanged until inflation targets are in sight.

Fiscal policy needs to support the monetary strategy and help the disinflation process. Most worrying is the case of the United States, where the fiscal stance has deteriorated substantially. Fiscal policy in the US should not be procyclical, even less so at this stage of the inflation cycle.

We should also return our focus to the medium term. Here the picture is becoming darker. Mediumterm growth prospects are weak, especially for emerging market and developing economies.

With lower growth, higher interest rates, and reduced fiscal space, structural reforms become key. Higher long-term growth can be achieved through a careful sequence of structural reforms, especially those focused on governance, business regulations, and the external sector.

Multilateral cooperation can help ensure that all countries achieve better growth outcomes. First, countries should avoid implementing policies that contravene World Trade Organization rules and distort international trade. Second, countries should safeguard the flow of critical minerals needed for the climate transition, as well as that of agricultural commodities.

Finally, all countries should aim to limit geoeconomic fragmentation that prevents joint progress toward common goals and instead work toward restoring trust in rules-based multilateral frameworks that enhance transparency and policy certainty and help foster a shared global prosperity.

RESILIENT START TO 2023, SIGNS OF SLOWDOWN

Despite these persistent challenges, several headwinds to global growth subsided earlier this year. The World Health Organization announced in May that it no longer considered COVID-19 a global health emergency, and infections and hospitalizations appear to remain relatively limited, despite a recent uptick in some regions. Supply chains, which the pandemic disrupted, have largely normalized, with shipping costs and suppliers' delivery times back to prepandemic levels. And global financial conditions eased after Swiss and US authorities took strong action in March to contain turbulence in their banking sectors.

Amid these conditions, global GDP expanded by 3.4 percent in the second quarter of 2023 compared with a year earlier outperforming forecasts, including those in the April 2023 WEO. The resilience reflected strong consumption amid tight labor markets in the United States and robust activity in economies with large travel and tourism sectors, such as Italy, Mexico, and Spain. These developments offset a slowdown in more interest-rate-sensitive manufacturing sectors.

CHINA: SLOWER GROWTH

China's growth momentum is fading following a COVID-19 reopening surge in early 2023. Growth slowed from 8.9 percent in the first quarter of 2023 (seasonally adjusted annualized quarterly rate) to 4.0 percent in the second quarter. With ample economic slack and declining energy and food prices, inflation fell to an estimated 0.2 percent (year over year) in the second quarter of 2023. Country Garden China's largest property developer and a major beneficiary of government support—is facing severe liquidity stress, a sign that real estate distress is spreading to stronger developers, despite policy easing measures. Meanwhile, real estate investment and housing prices continue to decline, putting pressure on local governments' revenues from land sales and threatening already fragile public finances.

Commodity exporters and countries that are part of the Asian industrial supply chain are the most exposed to China's loss of momentum.

TIGHTER MONETARY POLICY, TIGHTER CREDIT

Acute stress in the banking sector has receded. The March 2023 banking scare remained contained and limited to problematic regional banks in the United States and Credit Suisse a Swiss globally systemically important bank on account of swift reaction by authorities in both countries. However, rapid rate hikes in major advanced economies over the past 18 months, a necessary response to rapidly rising inflationary pressures, have resulted in a tight monetary policy stance real rates above neutral rates that is expected to endure well into 2025.

INDIAN ECONOMY OVERVIEW

INTRODUCTION

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Real GDP at constant prices in the second quarter of 2022–23 is estimated at US\$ 1.94 trillion (Rs. 160.06 trillion), showing a growth of 7.2% as compared to the First Revised Estimates of GDP for the year 2021-22 of US\$ 1.81 trillion (Rs. 149.26 trillion), indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. In FY22, India's service exports stood at US\$ 254.4 billion. Furthermore, India's overall exports (services and merchandise) was estimated at US\$ 770.18 billion in FY23. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-December 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

India's nominal gross domestic product (GDP) at current prices is estimated to be at US\$ 3.31 trillion (Rs. 272.41 trillion) in FY22. Additionally, the Nominal GDP at current prices in Q3 of 2022-23 was US\$ 874.84 billion (Rs. 71.82 trillion), as against US\$ 792.3 billion (Rs. 65.05 trillion) in 2021-22, estimating a growth of 10.4%. With 115 unicorns valued at more than US\$ 350 billion, as of February 2023, India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at US\$ 1.3 billion, 0.2% of GDP in the fourth quarter of FY23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- As of January 6, 2023, India's foreign exchange reserves stood at US\$ 561,583 million.
- 1,261 deals were recorded of more than US\$ 46 billion of Private Equity (PE) – Venture Capitalist (VC) investments in 2022. 111 mega transactions (rounds of US\$ 100 million or more) totalling US\$ 31 billion were completed in 2022.
- Merchandise exports in March 2023 stood at US\$ 38.38 billion, with total merchandise export of US\$ 447.46 billion during the period of April-March 2023. The overall exports (merchandise and service exports) in 2022-23 was estimated at US\$ 770.18, exhibiting a positive growth of 13.84%.
- India ranks 3rd position in the global number of scientific publications further improving India's Global Innovation Index (GII) rank from 81st in 2014 to 40th in 2022.
- PMI Services remained comfortably in the expansionary zone at 57.8 in the month of June 2023.
- In June 2023, the gross Goods and Services Tax (GST) revenue collection stood at US\$ 19.63 billion (Rs.1,61,497 crore), of which CGST is US\$ 3.77 billion (Rs. 31,013 crore), SGST is US\$ 4.65 billion (Rs. 38,292 crore), IGST is US\$ 9.76 billion (Rs. 80,292 crore).
- Between April 2000 – March 2023, cumulative FDI equity inflows to India stood at US\$ 9919.63 billion.
- In May 2023, the overall IIP (Index of Industrial Production) stood at 145. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 128.1, 142.3 and 201.6, respectively, in May 2023.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 4.81% in June 2023.
- In FY23, the Foreign Portfolio Investment (FPI) outflows stood at US\$ 14.81 billion (Rs. 1.21 trillion). As per depository data, Foreign Portfolio Investors (FPIs) invested Rs. 22,000 crore (US\$ 2.67 billion) in India during the first week of July 2023.
- The wheat procurement during RMS 2022-23 was estimated to be 262 lakh metric tonnes and the rice procured in KMS 2022-23 was 624.18 lakh metric tonnes (518 LMT for Kharif crop and 106.18 LMT for Rabi crop). Moreover, in the budget 2022-23, direct payment of (Maximum Selling Price) MSP was launched that estimated to be US\$ 31.74 billion (Rs. 2.37 trillion) in order to boost farmers' income.

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- From April 1st, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'AtmaNirbhar Bharat' and 'Local goes Global'.
- In order to enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.

- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of US\$ 182.35 million (Rs. 1,500 crore).
- Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from 1st January 2023.
- The Amrit Bharat Station scheme for Indian Railways envisages the development of stations on a continuous basis with a long-term vision, formulated on 29th December 2022 by the Ministry of Railways.
- On 7th October 2022, the Department for Promotion of Industry and Internal Trade (DPIIT) launched Credit Guarantee Scheme for Start-ups (CGSS) aiming to provide credit guarantees up to a specified limit by start-ups, facilitated by Scheduled Commercial Banks, Non-Banking Financial Companies and Securities and Exchange Board of India (SEBI) registered Alternative Investment Funds (AIFs).
- Telecom Technology Development Fund (TTDF) Scheme was launched in October 2022 by the Universal Service Obligation Fund (USOF), a body under the Department of Telecommunications. The objective is to fund R&D in rural-specific communication technology applications and form synergies among academia, start-ups, research institutes, and the industry to build and develop the telecom ecosystem.
- Home & Cooperation Minister Mr. Amit Shah laid the foundation stone and performed Bhoomi Pujan of Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- In August 2022, a Special Food Processing Fund of US\$ 242.72 million (Rs. 2,000 crore) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for IT companies and start-ups in both countries.
- India and Namibia entered a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- The Agnipath Scheme aims to develop a young and skilled armed force backed by an advanced warfare technology scheme by providing youth with an opportunity to serve Indian Army for a 4-year period. It is introduced by the Government of India on 14 June 2022.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022, Prime Minister Mr. Narendra Modi laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground-breaking ceremony of the UP Investors Summit in Lucknow. The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, and Handloom & Textiles.
- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of bio capsule, an encapsulation technology for bio-fertilization on 30 June 2022.
- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- 'Mission Shakti' was applicable with effect from 1st April 2022, aimed at strengthening interventions for women's safety, security and empowerment.
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at US\$ 142.93 billion (Rs. 10.68 trillion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).

- Strengthening of Pharmaceutical Industry (SPI) was launched in March 2022 by the Ministry of Chemicals & Fertilisers to provide credit linked capital and interest subsidy for Technology Upgradation of MSME units in pharmaceutical sector, as well as support of up to Rs. 20 crore (US\$ 2.4 million) each for common facilities including Research centre, testing labs and ETPs (Effluent Treatment Plant) in Pharma Clusters, to enhance the role of MSMEs.
- Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, The Ministry of Social Justice & Empowerment launched the Scheme for Economic Empowerment of Denotified/Nomadic/SemiNomadic tribal communities (DNTs) (SEED) to provide basic facilities like good quality coaching, and health insurance. livelihoods initiative at a community level and financial assistance for the construction of houses.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 trillion (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production-linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
- In the Union Budget of 2022-23, the government announced a production-linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2,500 crore (US\$ 334.60 million).
- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
- In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
- In May 2021, the government approved the production-linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
- Minister for Finance & Corporate Affairs Ms Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 trillion (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
- In November 2020, the Government of India announced Rs. 2.65 trillion (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of the average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.

- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

ROAD AHEAD

In the second quarter of FY23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In June 2023 (Provisional), CPI-C inflation was 4.81%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

GLOBAL INFRASTRUCTURE INDUSTRY

Infrastructure is the engine of economic growth and social development. History flows through urban channels, and since the dawn of time, urbanization has been underpinned by infrastructure systems. The development of water and road networks, defensive fortifications and ports has accompanied the development of regional economies and their urban centres for centuries. In 1970, French sociologist and philosopher Henri Lefebvre put forward a hypothesis: the total urbanization of society (Lefebvre, 1970). Fifty years later, his hypothesis has been largely fulfilled. Whether examined through a territorial, economic, social, cultural, or political lens, society has become essentially urbanized (UNDESA, 2019). Contemporary urban lifestyles and their associated patterns of production, distribution, and consumption now predominate in all regional and income geographies, shaping and moulding a global demand for land, water, food, energy, and other resources. The rural-urban dichotomy has gradually lost much of its interpretative value in analyzing development challenges and problems through a constantly expanding and increasingly tight web of relationships between cities, peri-urban areas, and villages. Ongoing urbanization across Africa serves as a striking example of Lefebvre's vision. In 1950, only 13 percent of the continent's population lived in cities, but this had risen to almost 27 percent by 1980 and nearly 50 percent by 2015. The total number of towns and cities across Africa more than doubled from 3,319 in 1990 to 7,721 in 2015 too. Approximately 50 percent of rural Africans today live within 14 kilometres of a city (Kisumu, 2023). Massive and ongoing investments in infrastructure across all sectors and territories has facilitated urbanization. Gross Fixed Capital Formation (GFCF), has steadily increased since 1970 from just over \$742 billion to more than \$25 trillion today. In other words, more than 90 percent of infrastructure around the world has been built in the last 50 years alone.

Infrastructure systems such as roads and railways, water, sewerage, electric and gas networks, and telecommunications have facilitated the emergence, expansion, and consolidation of modern towns and cities. Other infrastructure systems such as

hydroelectric dams, reservoirs, and high-tension power lines provide power, energy, and water to cities. Trunk roads, railways, ports, and airports interconnect urban areas within as well as between countries. Infrastructure systems are also closely interdependent. The capacity of infrastructure to provide essential services in one sector, such as telecommunications, depends on the resilience of infrastructure in other sectors, such as energy. Power cuts often have cascading effects on other systems, including water and sanitation, health, transport, and telecommunications. The 2030 Agenda for Sustainable Development, endorsed by 193 countries and all G20 nations, recognized the fundamental role of infrastructure (Thacker et al., 2019). Infrastructure is not only critical to the achievement of SDG 9 (industry, innovation, and infrastructure) but also to SDG 3 (good health and well-being), SDG 4 (quality education), SDG 6 (clean water and sanitation), SDG 7 (affordable clean energy) and SDG 11 (cities' resilience to disasters) (UN, 2015). Besides, dependable essential services are closely linked to multiple welfare benefits such as sustained employment (SDG 8), poverty reduction (SDG 1) and gender equality (SDG 5). Reducing constraints on access to employment and risk of violence also helps facilitate greater independence and opportunity for women. Economic growth and social mobility are highly dependent on investment in inclusive and gender-responsive infrastructure even though they are mostly designed by men. Therefore, the role of women in the design and provision of infrastructure and their perspectives in building infrastructure resilience is critical. This is clearly illustrated in Colombia and India.

Many countries at present are not attractive for private capital due to real or perceived risks, weak infrastructure governance, and a high cost of capital. At the same time, there may be too few bankable projects of a sufficient scale to interest private investors. Financing small-scale projects increases transaction costs and risk, while investing in one-off projects is less attractive than a predictable stream of investment opportunities. Attracting private investment depends on generating confidence and building relationships between governments and private capital, which take time to establish. In the context of national infrastructure plans, developing a project pipeline can increase the offer of bankable projects in a way that offers greater predictability and lower risk for investors. At the same time, many identified small infrastructure projects can be aggregated or bundled, territorially or by sector, to achieve the economies of scale necessary to reduce transaction costs and become attractive for private investment.

For example, several hundred small water projects can be bundled as a single aggregated project or a combination of road, water, and energy projects in each province or department. Project aggregation lowers risk, given that a project bundle will include a mix of higher- and lower-risk projects. The overall risk to potential investors of the project bundle will be lower than if any specific project was chosen. Project bundles can form a part of the project pipeline, along with major infrastructure projects, providing potential investors with a medium-term horizon to build relations and generate confidence in working in the country, further de-risking the investment process. From the perspective of national governments, project pipelines can increase certainty regarding the achievement of targets and indicators in national resilience strategies. Project pipelines may also be a way of reducing the costs of risk transfer. Insurance premiums are often insensitive to investments in resilience as they are estimated with respect to bundles of both higher- and lower-risk assets. However, if many aggregated projects in a pipeline integrate resilience features linked to measurable targets and indicators in a national strategy, it may be possible to reduce the cost of risk finance over time in the same way that car insurance is reduced through the mechanism of a no-claims bonus.

INDIAN INFRASTRUCTURE INDUSTRY

INTRODUCTION

India's high growth imperative in 2023 and beyond will significantly be driven by major strides in key sectors with infrastructure development being a critical force aiding the progress.

Infrastructure is a key enabler in helping India become a US \$26 trillion economy. Investments in building and upgrading physical infrastructure, especially in synergy with the ease of doing business initiatives, remain pivotal to increase efficiency and costs. Prime Minister Mr. Narendra Modi also recently reiterated that infrastructure is a crucial pillar to ensure good governance across sectors.

The government's focus on building infrastructure of the future has been evident given the slew of initiatives launched recently. The US\$ 1.3 trillion national master plan for infrastructure, Gati Shakti, has been a forerunner to bring about systemic and effective reforms in the sector, and has already shown a significant headway.

Infrastructure support to the nation's manufacturers also remains one of the top agendas as it will significantly transform goods and exports movement making freight delivery effective and economical.

The "Smart Cities Mission" and "Housing for All" programmes have benefited from these initiatives. Saudi Arabia seeks to spend up to US\$ 100 billion in India in energy, petrochemicals, refinery, infrastructure, agriculture, minerals, and mining.

The infrastructure sector is a key driver of the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from the Government for initiating policies that would ensure the time-bound creation of world-class infrastructure in the country. The infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development. In other words, the infrastructure sector acts as a catalyst for India's economic growth as it drives the growth of the allied sectors like townships, housing, built-up infrastructure, and construction development projects.

To meet India's aim of reaching a US\$ 5 trillion economy by 2025, infrastructure development is the need of the hour. The government has launched the National Infrastructure Pipeline (NIP) combined with other initiatives such as 'Make in India' and the production-linked incentives (PLI) scheme to augment the growth of the infrastructure sector. Historically, more than 80% of the country's infrastructure spending has gone toward funding for transportation, electricity, and water, and irrigation.

While these sectors still remain the key focus, the government has also started to focus on other sectors as India's environment and demographics are evolving. There is a compelling need for enhanced and improved delivery across the whole infrastructure spectrum, from housing provision to water and sanitation services to digital and transportation demands, which will assure economic growth, increase quality of life, and boost sectoral competitiveness.

MARKET SIZE

In Budget 2023-24, capital investment outlay for infrastructure is being increased by 33% to Rs.10 lakh crore (US\$ 122 billion), which would be 3.3 per cent of GDP. As per the Union Budget 2023-24, a capital outlay of Rs. 2.40 lakh crore (US\$ 29 billion) has been provided for the Railways, which is the highest ever outlay and about 9 times the outlay made in 2013-14.

Starting with 6,835 projects, the NIP project count now stands at 9,142 covering 34 sub-sectors, as per news reports. Under the initiative, 2476 projects are under the development phase with an estimated investment of US\$ 1.9 trillion. Nearly half of the under-development projects are in the transportation sector, and 3,906 are in the roads and bridges sub-sector.

The Indian Railways expects to complete total revenue of Rs. 2,64,500 crore (US\$ 31.81 billion) by the end of 2023-24.

India's Logistics Market is estimated to be US\$ 435.43 billion in 2023 and is expected to reach US\$ 50.52 billion by 2028, growing at a CAGR of 8.36%.

India intends to raise its ranking in the Logistics Performance Index to 25 and bring down the logistics cost from 14% to 8% of GDP, leading to a reduction of approximately 40%, within the next five years.

In December 2022, AAI and other Airport Developers have targeted capital outlay of approximately Rs. 98,000 crore (US\$ 11.8 billion) in airport sector in the next five years for expansion and modification of existing terminals, new terminals and strengthening of runways, among other activities.

India currently has the fifth-largest metro network in the world and will soon overtake advanced economies such as Japan and South Korea to become the third-largest network. Metro rail network reached 810 kms and is operational in 20 cities as of September 2022.

At almost 20 kms, Mumbai monorail is the third largest route in the world after China with 98 kms and Japan with 28 kms.

India plans to spend US\$ 1.4 trillion on infrastructure through 'National Infrastructure Pipeline' in the next five years. In

FY21, infrastructure activities accounted for 13% share of the total FDI inflows of US\$ 81.72 billion. India will need to construct 43,000 houses every day until 2022 to achieve the vision of Housing for All by 2022. As of August 22, 2022, 122.69 lakh houses have been sanctioned, 103.01 lakh houses have been grounded, and 62.21 lakh houses have been completed, under the Pradhan Mantri Awas Yojna scheme (PMAY-Urban).

Hundreds of new cities need to be developed over the next decade. Over the next 10 years, demand for urban freight is predicted to increase by 140%. Final-mile freight transit in Indian cities accounts for 50% of the total logistics expenditures in the country's increasing e-commerce supply chains. India is expected to become the third-largest construction market globally by 2022. Indian logistics market is estimated to touch US\$ 320 billion by 2025. The overall infrastructure capex is estimated to grow at a CAGR of 11.4% over 2021-26 driven by spending on water supply, transport, and urban infrastructure.

Investment in infrastructure contributed around 5% of the GDP in the tenth five-year plan as against 9% in the eleventh five-year plan. Further, US\$ 1 trillion investment in infrastructure was proposed by the India's planning commission during the 12th five-year plan, with 40% of the funds coming from the private sector.

GOVERNMENT INITIATIVES AND INVESTMENTS

- Some of the recent government initiatives and investments in the infrastructure sector are as follows:
- Under Budget 2023-24:
- Capital investment outlay for infrastructure is being increased by 33% to Rs.10 lakh crore (US\$ 122 billion), which would be 3.3 per cent of GDP and almost three times the outlay in 2019-20.
- In recent years, there has been a substantial increase in the pace of construction of national highways, from an average of 12 kilometres per day in 2014-15 to around 29 kilometres per day in 2021-22.
- As per the Union Budget 2023-24, a capital outlay of Rs. 2.40 lakh crore (US\$ 29 billion) has been provided for the Railways, which is the highest ever outlay and about 9 times the outlay made in 2013-14.
- Infrastructure Finance Secretariat is being established to enhance opportunities for private investment in infrastructure that will assist all stakeholders for more private investment in infrastructure, including railways, roads, urban infrastructure, and power.
- The Government has decided to continue the 50-year interest free loan to state governments for one more year to spur investment in infrastructure and to incentivize them for complementary policy actions, with a significantly enhanced outlay of Rs. 1.3 lakh crore (US\$ 16 billion).
- 100 critical transport infrastructure projects, for last and first mile connectivity for ports, coal, steel, fertilizer, and food grains sectors have been identified and will be taken up on priority with investment of Rs. 75,000 crore (US\$ 9 billion), including Rs. 15,000 crore (US\$ 1.8 billion) from private sources.
- 50 additional airports, heliports, water aerodromes and advance landing grounds will be revived for improving regional air connectivity.
- An Urban Infrastructure Development Fund (UIDF) will be established through use of priority sector lending shortfall, which will be managed by the National Housing Bank, and will be used by public agencies to create urban infrastructure in Tier 2 and Tier 3 cities.
- States will be encouraged to leverage resources from the grants of the 15th Finance Commission, as well as existing schemes, to adopt appropriate user charges while accessing the UIDF.
- For realizing the vision of "Make A-I in India and Make A-I work for India", three centers of excellence for Artificial Intelligence will be set-up in top educational institutions.
- The Digital Public infrastructure for agriculture will be built as an open source, open standard and inter operable public good that will enable inclusive, farmer-centric solutions through relevant information services for crop planning and health, improved access to farm inputs, credit, and insurance, help for crop estimation, market intelligence, and support for growth of agri-tech industry and start-ups.
- 157 new nursing colleges will be established in co-location with the existing 157 medical colleges established since 2014.
- National Digital Library for Children and Adolescents will be set-up for facilitating availability of quality books across geographies, languages, genres and levels, and device agnostic accessibility. States will be encouraged to set up physical libraries for them at panchayat and ward levels and provide infrastructure for accessing the National Digital Library resources.
- Skill India International Centres to be set up across different States to skill youth for international opportunities.
- Central Processing Centre to be setup for faster response to companies through centralized handling of various forms filed with field offices under the Companies Act.
- District Institutes of Education and Training to be developed as vibrant institutes of excellence for Teacher's Training.
- States will be encouraged to set up a Unity Mall in their state capital or most prominent tourism centre or the financial capital for promotion and sale of their own ODOPs (one district, one product), GI products and other handicraft products, and for providing space for such products of all other States.
- Since 2016-17, the budget for the Pradhan Mantri Awas Yojana, the flagship housing scheme of the government, has increased 280% from Rs. 20,936 crore (US\$ 2.5 billion) in the revised estimates of 2016-17 to Rs. 79,590 crore (US\$ 9.6 billion) in the latest 2023-24 budget.
- The Awas Yojana budget estimate for 2023-'24 constitutes an allocation of Rs. 25,103 crore (US\$ 3 billion) to Pradhan Mantri Awas Yojana-Urban and Rs. 54,487 crore (US\$ 6.5 billion) to Pradhan Mantri Awas Yojana-Gramin.

- The government announced Rs. 305,984 crore (US\$ 42 billion) over the next five years for a revamped, reforms-based, and result-linked new power distribution sector scheme.

ROAD AHEAD

India must enhance its infrastructure to reach its 2025 economic growth target of US\$ 5 trillion. India's population growth and economic development requires improved transport infrastructure, including through investments in roads, railways, and aviation, shipping and inland waterways.

The government has also suggested an investment of \$750 billion to strengthen railway infrastructure and envisioned the Maritime India Vision 2030 which estimates massive investments in world-class infrastructure development at Indian ports.

Global investment and partnerships in infrastructure, such as the India-Japan forum for development in the Northeast are also indicative of more investments. These initiatives come at a momentous juncture as the country aims for self-reliance in future-ready and sustainable critical infrastructure.

India, it is estimated, needs to invest \$840 billion over the next 15 years into urban infrastructure to meet the needs of its fast-growing population. This

investment will only be rational as well as sustainable, if we additionally focus on long-term maintenance and strength of our buildings, bridges, ports and airports.

As a result of digitalisation and opportunities that tier II and III cities present for economic growth, the divide between metro and non-metros is blurring, moving to the new era of infrastructure growth. Commercial real estate properties have witnessed exponential growth in demand across Tier II & III cities as Information technology and Information technology enabled services and banking financial services and insurance focused organizations are increasingly decentralizing their operations to adapt to the new normal.

The residential sector has witnessed good sales, and launches have also shown signs of an uptick during 2022, total sales in the top-7 cities was projected to exceed 360,000 units in 2022.

Civil Aviation Ministry's "Vision 2040" report states that there will be 190-200 functioning airports in India by 2040. Delhi and Mumbai will have three international airports each, while top 31 Indian cities will have two operational airports each.

220 destinations (airports/heliports/water aerodromes) under UDAN are targeted to be completed by 2026 with 1000 routes to provide air connectivity to unconnected destinations in India

102 critical projects under the Gati Shakti masterplan worth \$7.67 billion are to be completed by 2024, making 2023 a critical year for effective execution and celerity of completion.

India's Infrastructure forms an integral part of the country's economic ecosystem. There has been a significant shift in the industry that is leading to the development of world-class facilities across the country in the areas of roads, waterways, railways, airports, and ports, among others. The country-wide smart cities programmes have proven to be industry game-changers. Given its critical role in the growth of the nation, the infrastructure sector has experienced a tremendous boom

because of India's necessity and desire for rapid development. The expansion has been aided by urbanisation and an increase in foreign investment in the sector.

The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs. 5,000,000 crore (US\$ 750 billion) for railways infrastructure from 2018-30. India's GDP is expected to grow by 8% over the next three fiscal years, one of the quickest rates among major, developing economies, according to S&P Global Ratings. India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for development of Northeast to undertake strategic infrastructure projects for the region.

India being a developing nation is set to take full advantage of the opportunity for the expansion of the infrastructure sector, and it is reasonable to conclude that India's infrastructure has a bright future ahead of it.

OUR BUSINESS

Some of the information in the following section, especially information with respect to our plans and strategies, contain certain forward-looking statements that involve risks and uncertainties. You should read the section entitled “Forward Looking Statements” on page 18 for a discussion of the risks and uncertainties related to those statements and the section entitled “Risk Factors” on page 26 for a discussion of certain risks that may affect our business, financial condition, or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements.

Unless otherwise stated, or the context otherwise requires, the financial information used in this section is derived from our Restated Financial Statements included in this Draft Red Herring Prospectus on page 159. Unless stated otherwise, industry and market data used in this Draft Red Herring Prospectus has been obtained or derived from publicly available information as well as other industry sources. For details, please refer to the section titled “Industry Overview” on page 100.

OVERVIEW

Samay Project Services Limited (“Company” or “Samay Projects”) is primarily engaged in Engineering, Procurement and Construction (“EPC”) Services providing specialized services in design, engineering, supply, fabrication, erection and commissioning of balance of plant (“BOP”) systems in various industries. Company is involved in EPC projects which consists of (i) Piping System, (ii) Tanks and vessels and fabricated structures; and (iii) fire protection and detection systems / firefighting systems (“FFS”). Our Company was established in the year 2001 as ‘Samay Project Services Private Limited’, a private limited company under the Companies Act, 1956, incorporated pursuant to a certificate of incorporation dated November 08, 2001. Further, the Business was then taken over by Comfort Solutions Private Limited by way of transfer of shareholding vide Agreement for Transfer of Controlling Shareholding dated March 07, 2008. Subsequently, the shares held by Comfort Solutions Private Limited were transferred to our existing Promoters of our Company Mr. Anand R and Ms. Santhi Karthikeyan. For more details, please see the chapter titled, “Capital Structure” on page 70 of this Draft Red Herring Prospectus.

On transfer of shares to one of our Promoter, Chairman and Managing Director of our Company, Mr. Anand R was instrumental in identifying areas of growth and expanding the business verticals of our Company. Our Company is currently promoted by Mr. Anand R and Ms. Santhi Karthikeyan. Our Promoters manage and control the major affairs of our Business Operations with their considerable experience in our Industry. For more details, please see the chapter titled, “Our Management” and “Our Promoters and Promoter Group” on page 147 and 161 of this Draft Red Herring Prospectus.

The various systems engineered, procured and constructed by the Company finds its application in a diverse range of Industries, including Power, Sugar and Distilleries, Iron and Steel, Infrastructure etc. The system may consist of subsystems, products and raw materials, which are procured directly by the company from the vendors, fabricated, erected at site to provide the complete functionality of the overall system meeting tender requirements. In the case of tanks, carbon steel or stainless steel, as the case may be, is procured as hot rolled sheets with cutting, edge preparation, rolling, erection, fit-up, welding carried out at site as per the approved drawings under the supervision of our Company’s engineers.

Our Company has executed many power plant orders for designing, engineering, supplying, assembling, testing and commissioning of piping and appurtenances and firefighting systems. Further, Our Company has also executed an overseas project in Mauritius for the supply, erection and commissioning of Public Health Engineering (PHE) System in the year 2020.

Our Company deals in the EPC projects consists of (i) Piping System, (ii) Tanks and vessels and fabricated structures; and (iii) fire protection and detection systems / firefighting systems (“FFS”), Following are the details for the same:

A. Piping System

A pipe can be defined as a tube made of metal, plastic, wood, concrete or fiberglass. Pipes are used to carry liquids, gases, slurries or fine particles. A piping system is generally considered to include the complete interconnection of pipes, including in-line components such as pipe fittings and flanges, Pumps, heat exchanges and valves. Piping systems are the arteries of our industrial processes and the contribution of piping systems are essential in an industrialized society.

The Company has handled a variety of pipes ranging from Carbon Steel, Galvanized, Stainless Steel, Ductile Iron to High temperature Alloy Steel Pipes of grade SA 335 P11 and SA 335 P22. The Sizes of pipes handled by our Company, ranges from 15 NB to 1600 NB. Many of the Main Cooling Water (MCW) supply and return headers in our projects, range from 350 NB to 1500 NB. The Company has a sufficient engineering and technical strengths with established industry capabilities.

Our Company is also engaged in the low pressure (“LP”) piping system and appurtenances and high pressure piping (“HP”), which is also termed as critical piping and cross country water and hydrocarbon pipelines.

B. Tanks, Vessels and Fabricated Structures

Large Steel tanks are used in industries for a variety of applications such as storing Fire Water, DM Water, Condensate Water, Oil, HFO, Slurry such as limestone and gypsum, etc. Our company participates in tenders for the construction of such Steel Tanks. The steel tanks fabricated by us have varied applications, including but not limited to storage of fire water, limestone slurry, gypsum slurry, waste water and process water and auxiliary absorbent tanks. The tanks may have agitator mounted at the sides or top as per the requirement of an application.

The Company is empanelled with BHEL for execution of such tanks. Sandblasting followed by painting and rubber lining or glass flake lining are carried out at site as a part of the tank finishing process. Civil foundation required for the tanks may also be engineered in house and executed at a site on a turnkey basis, if required as per tender terms.

C. Fire detection & protection Systems

The Fire detection & protection Systems cover turnkey EPC projects which include pump house equipment, fire hydrant systems, high velocity spray systems, medium velocity spray systems, foam systems, fire alarm and detection systems and fixed and portable fire extinguishing systems. We have executed several projects for high hazard industries. Similarly, we have executed several projects covering ports and industrial and commercial installations.

We take up both public and private sector projects. Public sector projects are won on tender basis. Our Company has been empanelled with Avant Garde. Our Company has also executed projects for a number of private clients including Rungta Mines, Triveni Engineering and Industries Limited, Seksaria Biwan Sugar Factory Limited, Nuvocco Cement, NSL Sugars, Zuari Envien Bioenergy Private Limited and AFCONS and many other leading corporate groups.

Our Company is an ISO 9001:2015 certified organization for quality management system for the activities which includes Engineering, Supply, Fabrication, Erection, Testing and Commissioning of Piping, Appurtenances and Tanks, Fire Protection, Detection and Suppression Systems. We are committed to provide quality work to our customers that meets the project standards and specifications for materials, workmanship and timely execution. We treat all suppliers as our partners who work with us on a long-term basis. We always have supervisory staff consisting of a project manager, quality assurance engineer and safety engineer at each of the project sites that we execute.

Our Company also provides multiple services in a particular project with a combination of the aforesaid services, wherein combined revenues are generated, the break-up of which is provided below under Revenue break-up tab.

Our revenue from operations for the Financial Year ended March 31, 2024, 2023 and 2022 were ₹ 4,074.67 lakhs, ₹ 2,036.06 lakhs and ₹ 1,887.25 lakhs, respectively. Our EBITDA for the Financial Year ended March 31, 2024, 2023 and 2022 were ₹ 660.78 lakhs, ₹ 360.73 lakhs and ₹ 293.57 lakhs, respectively. Our profit after tax for the Financial Year ended March 31, 2024, 2023 and 2022 were ₹ 461.53 lakhs, ₹ 343.75 lakhs and ₹ 190.14 lakhs, respectively. For further details, please refer to the section titled “*Financial Information*” on page 159 of this Draft Red Herring Prospectus.

Key Performance Indicators of our Company on the basis of the Restated Financial Statements:

Explanation of KPIS:

(1) Revenue from operation means revenue from sale of our products

- (2) EBITDA is calculated as Profit before tax + Depreciation + Finance Costs + Preference shares dividend – Other Income
(3) EBITDA Margin is calculated as EBITDA divided by Revenue from Operations
(4) PAT Margin is calculated as PAT for the period/year divided by revenue from operations
(5) Return on Equity is calculated by comparing the proportion of net income against the amount of average shareholder equity
(6) Return on Capital Employed is calculated as follows: Profit before tax + Finance Costs – Other Income (EBIT) divided by (Tangible Net Worth + Total Debt + Deferred Tax Liabilities)
(7) Debt to Equity ratio is calculated as Total Debt divided by equity
(8) Current Ratio is calculated by dividing Current Assets to Current Liabilities

SERVICE WISE REVENUE BREAK-UP

A service wise revenue breakup of our Company during the Financial year ended March 31, 2024, 2023 and 2022 have been provided below:

OUR COMPETITIVE STRENGTHS

We believe that the following are our primary competitive strengths:

1. Strong Engineering and Technical Software and Design Team

The Company has an engineering team divided along product lines. The Company has employed the Auto plant CAD modelling software from the local channel partners. The Company uses this software to design layouts and prepare detailed engineering drawings. The modelling software also helps our engineers understand any routing changes required to prevent fouling during the detailed engineering phase. The Company also uses Canute software for hydraulic calculations in Fire Protection System.

Our Company consists of adequate number of members in design team, who has experience in designing piping for Fire-Fighting, Hydrocarbon, power plant, and industrial projects. The company complies to required standards and specifications as and when applicable.

2. Good presence in multiple EPC Segments

The Company has established strong credibility in timely completion of over ₹ 4,074.66 Lakhs EPC projects as on March 31, 2024 spread all over India and abroad. The Company also has carried out installations in Power, Sugar and Distilleries, Infrastructure, Iron and Steel, mining etc. Our endeavour is to provide technical solutions based on the specific needs of individual customer.

Most manufacturers are currently vendors for other projects of the Company. The strong relationship established with the suppliers will assist the Company to meet the delivery commitments. EPC is an evergreen field with year-round project implementation requirements.

3. Existing client relationship

We have maintained good relationship with our major customers. We are successful in building a strong client base for our business. Our existing relationships help us to get repeat business from our customers. This has helped us to maintain a long-term working relationship with our customers and improve our customer retention strategy. We believe that our existing relationship with our clients represents a competitive advantage in gaining new customers and increasing our business.

4. Quality Assurance

Top priority is given to safety and quality at all our installations. The Company has acquired ISO 9001-2015 Certification for EPC of Piping System, Tanks and Vessels, and Fire Protection System. The Company is committed to Quality Standards, Occupational Health and Safety Guidelines. We as a Company are committed to Customer Satisfaction through high value engineering, quality execution, delightful customer service, delivered with passion and integrity. We will achieve this through:

- Continuous improvement in quality management systems
- Promoting responsiveness, dependability and competence of our employees through continuous training
- Integrating Quality, Environmental, safety and health policies in all our processes and
- Fostering mutually beneficial relationships with our Customers and Vendors.

We believe that our services ensure delivery of work with the highest attainable standard of quality, safety and environment protection for all interested parties throughout all areas of its activities, in accordance with customer expectations, demands and schedules.

5. Experienced management team

Our Company is promoted by Mr. Anand R and Ms. Santhi Karthikeyan, possessing an average experience of more than 21 years in the field of providing end-to-end mechanical system for power plants and industrial projects. Our diverse experience of over 21 years allows us to provide unique, optimized and sustainable engineering solutions, we will continue to leverage on the experience of our management team and their understanding of the industry we operate in, to take advantage of current and future market opportunities. For further details of the educational qualifications and experience of our promoters, please refer to the chapter titled “Our Management” on page 147 of this Draft Red Herring Prospectus.

OUR STRATEGIES

Our business objective is to grow our revenues and profits of the Company. Our business strategies focus on the following elements:

1. Focus on larger value EPC projects

Over the next few years, we will continue to focus on the operations and maintenance of our existing projects while seeking opportunities to further expand our business. We intend to capitalize on our experience and continue to selectively pursue larger projects, both independently and in partnership with other players. We intend to continue our focus on efficient project execution by adopting industry best practices to deliver quality projects to the satisfaction of our customers. We intend to continue to invest in modern equipment to ensure continuous and timely availability of equipment critical to our business, which will help us in exercising better control over the execution of our projects. We seek to attract, train and retain qualified personnel and skilled employees and labourers and further strengthen our workforce through comprehensive training programs. We will endeavour to offer our engineering and technical personnel a wide range of work experience,

in-house training and learning opportunities by providing them a wide variety of large and complex power transmission projects. We will continue to focus on improving our internal systems and processes to reduce manual intervention and improve reliability and efficiency in our business and operations.

2. *Enhance operational controls to ensure timely completion of Service*

We continue to focus on enhancing operational controls and cost efficiencies through optimal service quality & cost management. Our ability to provide timely completion of service and quality service is key to our reputation and further expansion of our business. We will also continue to implement various measures aimed at incremental improvement in operational efficiencies. We also continue to adopt industry best practices and training for our employees to provide best services to our customers.

3. *Continue to maintain good relationships with our customers.*

We believe that maintaining good relationships with customers is a most critical factor in our business to keep growing. Through regular interaction with our customers and understanding the customer requirements such as location, project requirement, design etc. We will continue to focus on timely and accurate delivery of quality services which will help in forging strong relationships with our customers and gaining increased business from them.

SWOT ANALYSIS

Strengths – Experienced workforce, technical know-how of Business & long standing Reputation in the market for executing EPC Projects with best quality standards and well versed PSU Vendor execution organization.

Weakness- Labour shortages at a few remote project sites, availability of labour, cost overruns due to site clearance issues.

Opportunities – Many new infrastructure projects in the order book, ethanol blending rules of Government of India have resulted in a number of new ethanol projects.

Threat- Unorganized and small contractors with little overheads competing for the same projects.

GEOGRAPHICAL PRESENCE SALES

Our company is present across the length and breadth of the Country, we have our clientele present across 11 states in the domestic market based on sales made for the financial year ended March 31, 2024, 2023 and 2022. Our revenue from domestic sales was ₹ 3,960.65 Lakhs, ₹ 1,841.50 Lakhs and ₹ 414.59 Lakhs i.e. 97.20%, 90.42% and 21.97% revenue generated from domestic industry for the financial years ended March 31, 2024, March 31, 2023 and 2022 respectively. We also have clientele present in the international market based on the exports for the financial years ended March 31, 2024, 2023 and 2022. Our revenue from export services was ₹ 114.02 Lakhs, ₹ 194.56 Lakhs and ₹ 1472.66 Lakhs i.e. 2.80%, 9.58% and 78.03% for the financial years ended March 31, 2024, 2023 and 2022.

DETAILS OF OUR EPC SERVICES

The following is the list of the EPC services offered by us:

A. EPC OF PIPING AND APPURTENANCES

Our Company has significant experience as a contractor in engineering, procurement and construction of BOP piping in captive, cogen and thermal power plants. Brief categories of work done in different projects have been provided below:

(i) Low Pressure Piping Systems

A low-pressure pipe (LPP) system is a network of pipes with pressure of less than about 10 bar for carrying water.

The scope of LP piping covers piping systems for the following services: (a) boiler fill system; (b) equipment cooling water ("ECW") system including its chemical dosing system (both primary and secondary); (c) service water cum cooling water blow down system; (d) instrument air system; (e) service (plant) air system; (f) drain piping system for the piping/equipment etc.; (g) fabrication of tanks required such as for storage of demineralized water, make up water, raw water, and fire water; (h) air preheater wash water system; (i) re-circulation pipes along with valves, breakdown orifices etc. in industrial installations. The LP piping consists of equipment cooling water lines, various process lines needed for lubricant oil and other fluid lines, instrument and service air lines, potable and raw water lines.

(ii) High Pressure Piping Systems

High Pressure ("HP") Piping refers to pipes and fittings that are designed and built to withstand high-pressure fluid or gas flow. These types of pipes and fittings are typically used in industries such as power plants and chemical processing where the pressure inside the pipes can range from a few hundred psi to several thousand psi. High-pressure piping is subject to more stringent safety regulations than low-pressure piping because a failure in a high-pressure pipeline can result in catastrophic consequences.

HP Piping fabricated by us is mainly for power plants. The scope covers complete main steam, hot reheat and cold reheat piping between boiler and turbine nozzles. It also includes steam piping system up to terminal point, spray piping system for re-heater and super heater attenuation, steam drains from piping /equipment(s) such as, flash Tank(s) / flash tank and manifolds, miscellaneous line drains and vents, complete safety valve exhaust piping for safety valves and safety relief valves on piping/ equipment. The critical piping lines have a pressure rating of upto 200 bar and temperature rating of 540 degree C to 600 degree C.

(iii) Cross Country water and hydrocarbon pipeline

Apart from the above segments, Company has also executed a cross country water pipeline project and hydrocarbon pipeline unloading project in India. Raw water piping from the river / reservoir to the Plant location has been engineered and erected for a length of 10 km in Karnataka. Based on the nature of the installation, whether above ground in pedestals or trenches, or underground, suitable corrosion protection arrangements may be provided. Wrapping and coating for underground lines and corrosion protection coating for above ground pipes are mandatory for underground and above ground pipelines respectively. Suitable venting and draining arrangements are provided for the pipelines based on the type of fluid transported.

(iv) Underground cooling water lines

The cooling water (CW) pipes can run either above ground or underground. The large diameter pipes from 700 NB to 1500 NB from the cooling tower connecting the main cooling water (MCW) and the auxiliary cooling water (ACW) pumps to the various equipment are in many cases laid underground. Wrapping and coating of the pipelines are done to prevent corrosion as per the specification requirements. The large pipes carrying water, carry a heavy load and laying them underground is not only the most economical option for the customer, but also frees up space in the plant for vehicle movements. Once the pipes are laid, welding is completed and followed up with die penetrant (DP) tests. Hydro test is carried out to test the integrity of the pipeline before backfilling and compaction.

(v) Aboveground pipes on trestles

Smaller bore pipes are run on pipe trestles generally. The pipe trestles are also supplied and erected by us if the same is included in our scope. In other cases, the client provides the pipe trestles and the pipes have to be erected and commissioned on the pipe racks with supports as per approved drawings. Painting is generally done before erection of the pipes on the pipe racks. Colour coding of the painted pipes are done to differentiate the various fluid applications.

(vi) **Critical Steam Piping**

High pressure piping is only carried out above ground on pipe trestles or with independent supports. As the temperature is much higher, expansion takes place in the pipe. Stress analysis is carried and piping design has to consider thermal expansion of the pipes due to the high temperatures. Supports are also suitably designed to permit the expansion of the pipes and also provide permanent supports. All joints have to undergo DP tests and radiography tests to ensure integrity of the pipelines. The test reports have to be submitted to the statutory authority as these are high pressure lines and statutory approvals are required. Since steam is the medium in HP piping in power plants and temperature loss is a major factor to be avoided, insulation has to be done to prevent temperature loss of the fluid. We supply and erect the insulation material and the final aluminium cladding to complete the HP piping system before handover.

B. STEEL TANKS

Our Company designs and engineers the tanks as per required standards and specifications. The Company has executed tanks with different Material of construction such as carbon steel and stainless steel. The capacity of the tank varies from 60 cum to 5000 cum. The location of the tanks in terms of seismic zoning and wind velocity determine the engineering of the tanks and the anchoring requirements. The Company has also carried out providing sand pad foundation, design, fabrication, erection, welding, testing, painting and commissioning of water tank wherever required as per tender terms. Based on joint efficiency and tender specifications, Radiography Test is carried out for weld joints. Hydrotesting, Vacuum testing are carried out as a part of testing requirements.

Based on the medium of the fluid, several lining options are possible. Enamel or epoxy coating on the inside and outside of the tanks are common for water tanks. Glass flake epoxy or rubber lining are usually specified for acidic or alkaline

tanks. The mounting arrangement is provided at the top or sides based on product requirements. As far as automation of tank farms are concerned, the requirements of project application determine the type of instruments and automation to be provided. Level Indicators, transmitters, integration, SCADA systems and automated valve opening and closing can be provided based on the project requirements. Fire protection arrangement for the tanks such as Medium Velocity Spray Systems (MVWS) and Foam Systems can be provided as part of the fire detection and suppression arrangement of the tanks.

C. FIRE DETECTION AND SUPPRESSION SYSTEMS

We take up turnkey fire detection and protection systems comprising fire alarm systems, gas and flame detection systems, fire pump house, fire hydrant systems, high velocity and medium velocity spray systems, sprinkler systems, foam systems as per applicable guidelines. The Company is vendor independent and engineers the overall system based on approved vendor list for every project.

The Company can either design and engineer a complete system based on overall project specifications and requirements or optionally do the detailed engineering, in case the overall layout is given by the consultant / customer.

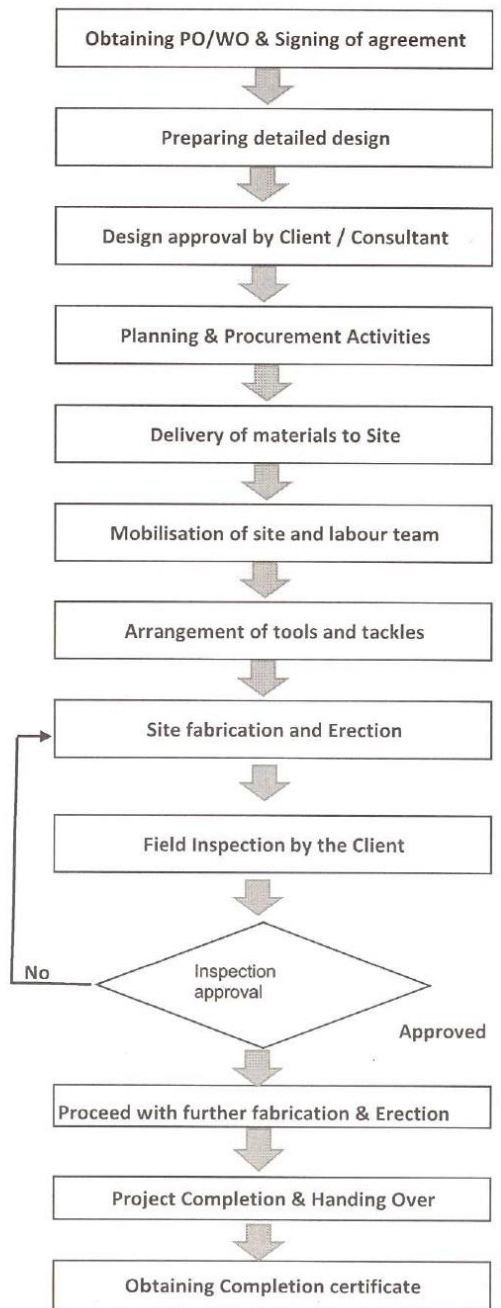

The company has carried out EPC of Fire Detection and Protection System in many Industries. The Company specializes in power plants, ports, industrial and infrastructural installations having carried out EPC of Fire Detection and Protection in multiple such segments. The company also has installed and commissioned the system in steel plants, distilleries, cement plants, hospitals and other commercial installations.

The Company utilizes software packages such as AutoCad Plant 3D and Canute for hydraulic flow calculation during engineering.

OUR EPC PROCESSES:

Process cycle for executing a typical EPC Project:

Our EPC Processes include the following steps to be taken by the Company to follow the procedure for each and every EPC projects to be executed.

1. Obtaining PO/WO & Signing of Agreement:

Sales team reads through the contract documents received and gives formal acceptance of Letter of Intent or raises discrepancies if any and gets the same resolved with Client. The Client shares his project coordination protocol with Names / mobile numbers / mail ids of personnel responsible for coordinating the project execution at various levels and in return, our company sends the coordination protocol with details of personnel responsible for Engineering, Purchase, Operations, Accounts and Contact management.

2. Preparing Detailed Design:

A Project kick off meeting is called by the Customer at the Project site where a team representing the company attends the meeting to understand the Customer’s priorities and clearances available. Project Manager schedules the project that outlines

in broad form the Project phases and also Milestones list is discussed and agreed upon. The engineering representative requests for drawings/layouts as applicable for the Project to proceed with detailed engineering.

3. Design approval by Client/ Consultant:

The technical specifications for the bought-out items are compiled for the various products and shared with the Purchase team for generating enquiries to vendors. In Projects with clear Bill of materials, the major Bought out items such as Pumps are verified for meeting the contract requirements in terms of head and capacity before giving clearance to Purchase. In case of variation the calculation report is shared with the customer / Consultant for approval and an amendment is requested. The design basis reports and control philosophies are prepared and submitted to Customer for approval. The Layout drawings are prepared using Auto Cad software and isometrics are generated for material take off and erection at site. In Projects where the Layout drawings are provided by Customer / Consultant, only isometries are generated and final Bill of materials is issued to Purchase team for supply. For tanks, the design calculations and General Arrangement drawings are submitted to Customer and on approval, fabrication drawings are prepared for fabrication and erection at site. The plate and structural member quantities are compiled and shared with Purchase team for supply of materials.

4. Planning and procurement activities:

Purchase team sends enquiries to vendors as per the approved vendor list provided for the Project. The technical offers received from Vendors for Bought out items are shared by Purchase team and the same is whetted and cleared by the Engineering team. Commercial negotiations are handled by the Purchase team and Purchase orders are placed on L1 vendor. Purchase team follows the same procedure for all the materials listed in Bill of Quantities for the Project.

5. Delivery of materials to site:

On order acceptance by the vendor, General Arrangement drawings and Manufacturing Quality Plan documents are collected from vendor and sent to Engineering for internal/Customer approval as applicable for the Project. On receipt of approval, the manufacturing clearance is given to vendors and advance payments made as per commercial terms agreed with the vendor. On receipt of goods readiness information from vendor, inspection call is raised and the manufactured goods are inspected by Customer in cases of critical equipment as per the order terms. In other cases. Company employs third party inspection agencies with qualified manpower for inspection in line with approved Manufacturing quality plan. After completion of inspection and acceptance of goods, MDCC request is raised. In case inspection waiver is received from Customer, the Test certificates are verified and submitted to Customer along with request for material dispatch clearance. On receipt of MDCC the vendor is asked to ship the materials to project site after packing.

6. Mobilisation of site and Labour team:

The Operations Manager handling the Project from the Head Office, assigns a Project site engineer for the project along with Safety engineer and Quality engineer. He also sends enquiries to erection sub- contractors and on receiving their quotes, evaluates their strengths and if satisfied, negotiates with them and places the work order. Depending on the size and complexity of the project, multiple contractors are employed as required for various activities at different phases of the project.

The subcontractor mobilizes his skilled manpower comprising supervisors, fitters, welders, fabricators and helpers along with required tools and tackles. The team undergoes medical tests and skill qualification tests as applicable for the project. The required manpower is provided with gate pass by Customer to start the erection activities. The team also undergoes a safety induction training before deployment at site.

7. Arrangement of tools and tackles:

The subcontractor is asked to mobilize his manpower with required tools and tackles for erection. A materials store is constructed for safe storage of materials, tools and consumables at site. The materials shipped by vendors are received and offloaded at the Project site after appropriate gate entries, inspected visually for integrity in transport as per approved Field quality plan. Any discrepancy is immediately reported to Head of Operations and Purchase team for taking it up with supplier/transit insurance personnel as applicable. Supply invoices are submitted to Customer along with Goods receipt note for closure of supply payment.

8. Site Fabrication and erection:

The material supplies are made based on the site priority and clearances available for erection. Fabrication and erection activities are commenced at site with the supplied materials following the approved Field quality plan. The major value addition happens in case of raw materials such as steel plates for the site fabricated tanks where the plates need to be cut as

per the cutting plan provided in Fabrication drawings. Subsequently they are rolled and fabricated to form the Tank shell, roof and bottom plates. The plates fabrication process has quality checks at various stages namely inspection and clearance after fit up or Radiography tests as applicable.

9. Field Inspection by Client:

The Client / Consultant inspects the work at various stages and gives a go ahead for further erection. In case of anomalies observed during inspection the Client, puts a hold on erection until the anomalies are rectified through rework and further inspection.

10. Inspection Approval:

Once the client approves off, post inspection of the site and materials, further process is so carried on, for completion of the assigned project. If the inspection is not approved, once again site fabrication and erection takes place. Here the short comings are rectified in the process. Once the same is rectified, again the same inspection process takes place.

11. Proceed with further fabrication and erection:

On completion of erection, verticality checks are done for the tank and then hydro test is carried out by filling water. Hydraulic Jacks are used in fabrication of large tanks and hence the stage inspection at ground level is critical before raising the shell. In case of piping projects, the supplied pipes are welded and painted at ground level before raising them for placement in Pipe racks. For under-ground pipes, an anticorrosive layer of wrapping and coating is applied after surface preparation at ground level before lowering the pipes into trenches. The Bought-out equipment such as Pumps along with drives are mounted on civil pedestals along with suction and delivery piping and valves are welded in position as per approved layouts and isometric drawings. Alignment of pumps and drives are critical for completion of erection.

12. Project Completion and handing over:

On completion of erection activities, the project is commissioned and handed over to Customer after performance tests are witnessed by the Customer. A detailed operating and maintenance manual for all the supplied goods is also handed over to the Customer along with updated as Built drawings reflecting any site related changes during erection.

13. Obtaining Completion Certificate:

Final Completion Certificate is received by Company.

RAW MATERIAL PROCUREMENT

The Purchase team issues purchase order(s) to vendor(s) after completion of the negotiations as per the approved vendor list and order BOQ for each of the projects. GA drawings, data sheets and manufacturing quality plan documents are collected from vendors by the purchase team and sent to engineering for their approval. On receipt of approval, the manufacturing clearance is given to the vendors and advance is released as per the payment terms. The vendor will dispatch raw materials to project site(s) after the inspection and dispatch clearance from our end.

Following is the list of raw materials required for our EPC projects:

Sr no.	List of Raw Material
1.	Steel Plates
2.	Structural
3.	Pipes
4.	Fittings, Flanges & Bolts
5.	Valves

SALES & MARKETING TECHNIQUES

We are empanelled with consultant such as Avante Garde for piping and firefighting packages. Therefore, regular inquiries for both packages are received for their new projects. Since a number of Ethanol plants are being put up in the private sector, some of them with captive power plants (CPP) in India, our empanelment assures a steady stream of inquiries for such private sector Ethanol projects and associated power plants. We also get inquiries from other consultants, who do not have a formal empanelment mechanism, but forward inquiries for their projects. Additionally, we get regular inquiries from our customers with whom we have worked in the past for their new and expansion projects.

We are qualified to bid for public sector piping, tanks and fire-fighting projects and we prepare and submit bids for such public tenders on a regular basis.

The Company also works with large civil contractors such as AFCONS who take up complete berthing and jetty works in India and overseas.

PRICING

We determine the prices for our projects based on various parameters, including type of EPC project whether it includes more than 1 EPC project, transportation costs, availability of products, supply costs, labour force etc. Our pricing decisions are made after considering the costs associated with installation and execution, materials, labour, overhead and other relevant expenses.

UTILITIES

Power and Fuel

Our registered office and project site units requires uninterrupted supply of Electric & Power supply for our business operations. We consume a substantial amount of power for our registered office from Tamil Nadu Electricity Board and We consume power and fuel for project site unit from the end users.

Water

To meet drinking and sanitary water requirements at our registered office, project units and processing units, we utilise water supply from local authorities to meet water requirements.

LOGISTICS

Our suppliers directly deliver raw materials to our Project site. We outsource the delivery of our products to either third-party logistics companies or as mutually agreed shipment terms as decided between the customer and Company.

COMPETITION

We operate in a highly competitive business environment. Most of our orders are received through a competitive bidding process. Some of our competitors may have greater resources than those available to us. About 3 to 5 competitors bid for each project, whether public or private sector tenders. In some cases, such as BHEL tenders, reverse auction is applicable. There are a few ongoing projects with which letter of intent has been executed, such as, Engineering projects (India) Limited, Rungta Mines and Zuari Envien Bioenergy Private Limited. Our Company competes in both public sector and private sector tenders. As the value of the project goes up, prequalification norms also increase but competition reduces. Our Company utilizes competition to benchmark performance metrics, identify strong and weak functional areas and in general to keep improving.

Our competition also varies depending on the size, nature and complexity of the project and on the geographical region in

which the project is to be executed. Our ability to meet the qualification criteria in our various business areas is critical to being considered for any project. Additionally, while these are important considerations, price is a major factor in most tender awards and in negotiated contracts and our business is subject to intense price competition. Our Company has always been increasingly become eligible to bid for larger and larger projects at every stage of bidding.

INFORMATION TECHNOLOGY

We believe that an appropriate information technology infrastructure is important in order to support the growth of our business. Our registered office consists of adequate information technology infrastructure to support the business operations being held at the various projects sites to store the data and other business information and communications required to be maintained and undertaken by the Company.

QUALITY CONTROL

Our Company has installed quality management systems in house and we believe that we are a quality focused company. We are committed to maintain quality at all steps from procurement till installation. The Company has acquired ISO-9001 - 2015 Certification for EPC of Piping System, Tanks and Vessels and Fire Protection System. The Company is committed to Quality Standards, Occupational Health and Safety Guidelines and complies fully with the relevant legislations and safety norms. The strong relationship established with the suppliers assists the Company to meet the stringent delivery commitments.

ENVIRONMENT, HEALTH & SAFETY

We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations. We have complied and will continue to comply with all applicable environmental and associated laws, rules and regulations. We also have an in-house environment, health and safety manual which regulates the Company to comply with basic needs of environment, health and safety.

CAPACITY AND CAPACITY UTILIZATION

Capacity and capacity utilization is not applicable to our Company since our business is not in the nature of a manufacturing concern.

EMPLOYEES

We believe that our employees are key contributors to our business success. We focus on attracting and retaining the best possible talent. We believe that a well-trained, motivated and satisfied employee base is key to our competitive advantage. We believe that we have a qualified and experienced employee base, managed by Medium and Senior Management Personnel.

We have developed a pool of skilled and experienced personnel. As of July 31, 2024, we had an employee base of 55 employees. Our Company also hires contract labourers, as of July 31, 2024, we have total of 185 Skilled, Semi-skilled and unskilled contract labourers working on sites, where the labourers are required for execution of the EPC Projects.

Further, the following table sets forth a breakdown of our employees by function as of July 31, 2024:

KEY INDUSTRY REGULATIONS AND POLICIES

The following is an overview of certain sector specific laws and regulations in India which are applicable to the business and operations of our Company. The information of laws and regulations available in this section has been obtained from publications available in public domain and is based on the current provisions of Indian law, which are subject to change or modification by subsequent legislative actions, regulatory, administrative or judicial decisions. The description of laws and regulations set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice. Judicial and administrative interpretations are subject to modification or clarification by subsequent legislative, judicial or administrative decisions.

Under the provisions of various Central Government and State Government statutes and legislations, our Company is required to obtain and regularly renew certain licenses or registrations and to seek statutory permissions to conduct our business and operations. For details, see “Government and Other Approvals” on page 215.

The following is an overview of some of the important laws and regulations, which are relevant to the business of our Company.

KEY LEGISLATIONS APPLICABLE TO OUR COMPANY

The Electricity Act, 2003 (“Electricity Act”)

The Electricity Act is a central legislation and provides for, inter alia, generation, transmission, distribution, trading and use of electricity. Under the Electricity Act, the transmission, distribution, and trade of electricity are regulated activities which require licenses from the Central Electricity Regulatory Commission (“CERC”), the State Electricity Regulatory Commissions (“SERCs”) or a joint commission (constituted by an agreement entered into between two or more state governments or the central government in relation to one or more state governments, as the case may be). Under the Electricity Act, the appropriate commission, guided by, inter alia, the methodologies specified by the CERC with the aim of promotion of co-generation and generation of electricity from renewable sources of energy, shall specify the terms and conditions for the determination of tariff. The Electricity Act requires the GOI to prepare the national electricity policy and tariff policy, from time to time, in consultation with the state governments and Central Electricity Authority. The Draft Electricity (Amendment) Bill, 2020 (“Draft EAA”) was proposed by the Ministry of Power in April 2020 which seeks to amend certain provisions of the Electricity Act. Among others, the amendment proposes the establishment of the Electricity Contract Enforcement Authority (“ECEA”) to adjudicate on matters pertaining to performance of contracts regarding the sale, purchase, or transmission of electricity between a generation company and other licensees. Further, Draft EAA empowers the GoI to formulate a national renewable energy policy in consultation with state governments, whereby the GoI may prescribe a minimum percentage of purchase of electricity from renewable sources of energy.

Electricity Rules, 2005

The Electricity Rules, 2005 (the “ER 2005”), as amended, were framed under the Electricity Act and provide the requirements in respect of captive generating plants and generating stations. The authorities constituted under the ER 2005 may give appropriate directions for maintaining the availability of the transmission system of a transmission licensee.

National Tariff Policy

National Tariff Policy (“NTP”) was notified and became effective from January 28, 2016. Among others, NTP seeks to ensure availability of electricity to consumers at reasonable and competitive rates, financial viability of the sector and attract investments and promote generation of electricity from renewable sources. NTP mandates that SERCs must reserve a minimum percentage for purchase of solar and wind energy. Further, NTP also provides exemption of inter-state transmission charges and losses for electricity generated from solar and wind energy sources.

Draft National Renewable Energy Law

MNRE released the draft National Renewable Energy Act, 2015 on July 17, 2015. The draft Act provides for a framework to facilitate and promote the use of renewable energy. It aims to address issues that are not adequately covered under the Electricity Act, 2003, as amended (“Electricity Act”) or its amendments with respect to renewable energy such as the principles of grid planning and operation and the concept of national targets and its compliance by utilities. It proposes provisions for facilitating generation of renewable energy through sound institutional structure, supportive eco-system, viable economic and financial framework and promotion of renewable energy applications including distributed and grid connected renewable electricity. Among other things, the Act proposes to empower the GoI and State Governments to establish national renewable energy funds and state green funds respectively, in order to meet the expenses of implementing the national renewable energy policy and national renewable energy plan.

Bureau of Indian Standards Act, 2016 (the “BIS Act”)

The Bureau of Indian Standards Act, 2016 provides for the establishment of bureau for the standardisation, marking and quality certification of goods. Functions of the bureau include, inter alia, (a) recognizing as an Indian standard, any standard established for any article or process by any other institution in India or elsewhere; (b) specifying a standard mark which shall be of such design and contain such particulars as may be prescribed to represent a particular Indian standard; and (c) conducting such inspection and taking such samples of any material or substance as may be necessary to see whether any article or process in relation to which the standard mark has been used conforms to the Indian Standard or whether the standard mark has been improperly used in relation to any article or process with or without a license. A person may apply to the bureau for grant of license or certificate of conformity, if the articles, goods, process, system or service conforms to an Indian Standard.

Consumer Protection Act, 2019 (the “Consumer Protection Act”) and the rules made thereunder

The Consumer Protection Act, which repeals the Consumer Protection Act, 1986, was designed and enacted to provide simpler and quicker access to redress consumer grievances. It seeks, inter alia to promote and protect the interests of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by manufacturers, service providers and traders. The definition of “consumer” under the Consumer Protection Act also includes persons engaged in offline or online transactions through electronic means or by tele-shopping or direct-selling or multi-level marketing. It provides for the establishment of consumer disputes redressal forums and commissions for the purposes of redressal of consumer grievances. In addition to awarding compensation and/or passing corrective orders, the forums and commissions under the Consumer Protection Act, in cases of misleading and false advertisements, are empowered to impose imprisonment for a term which may extend to two years and fine which may extend to ten lakhs.

Shops and establishments legislations

Under the provisions of local shops and establishments legislations applicable in the states in India where our establishments are set up and business operations exists, such establishments are required to be registered. Such legislations regulate the working and employment conditions of the workers employed in shops and establishments, including commercial establishments, and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of records, maintenance of shops and establishments and other rights and obligations of the employers and employees. These shops and establishments’ acts, and the relevant rules framed thereunder, also prescribe penalties in the form of monetary fine or imprisonment for violation of provisions, as well as procedures for appeal in relation to such contravention of the provisions.

Information Technology Act, 2000 (the “IT Act”)

The IT Act seeks to provide legal recognition to transactions carried out by various means of electronic data interchange and other means of electronic communication and facilitate electronic filing of documents with the Government agencies. The IT Act also creates a mechanism for the authentication of electronic documentation through digital signatures. The IT Act prescribes punishment for publishing and transmitting obscene material in electronic form. The IT Act provides for extraterritorial jurisdiction over any offence or contravention under the IT Act committed outside India by any person, irrespective of their nationality, if the act or conduct constituting the offence or contravention involves a computer, computer system or computer network located in India. Additionally, the IT Act empowers the Government of India to direct any of its agencies to intercept, monitor or decrypt any information generated, transmitted, received or stored in any computer source in the interest of sovereignty, integrity, defence and security of India, among other things.

TAX RELATED LEGISLATIONS:

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every Domestic / Foreign Company whose income is taxable under the provisions of this Act or Rules made under it depending upon its “Residential Status” and “Type of Income” involved. U/s 139(1) every Company is required to file its Income tax return for every Previous Year by 30th September of the Assessment Year. Other compliances like those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like are also required to be complied by every Company.

Goods and Service Tax Act, 2017

The Central Goods and Services Tax Act, 2017 is an Act to make a provision for levy and collection of tax on intra-State supply of goods or services or both by the Central Government and for matters connected therewith or incidental thereto. In line with CGST Act, each state Governments has enacted State Goods and Service Tax Act for respective states. Goods and Services Tax (GST) is a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India to replace taxes levied by the Central and State Governments. This method allows GST-registered businesses to claim tax credit to the value of GST they paid on purchase of goods or services or both as part of their normal commercial activity. The mechanism provides for two level taxation of interstate and intra state transactions. When the supply of goods or services happens within a state called as intra-state transactions, then both the CGST and SGST will be collected. Whereas if the supply of goods or services happens between the states called as inter-state transactions and IGST will be collected. Exports are considered as zero-rated supply and imports are levied the same taxes as domestic goods and services adhering to the destination principle in addition to the Customs Duty which has not been subsumed in the GST.

Professional Tax

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

Foreign Investment legislations:

Foreign Trade (Development and Regulation) Act, 1992

The Development and Regulation of foreign trade by facilitating imports and exports from and to India. The Import-Export Code number and license to import or export includes a customs clearance permit and any other permission issued or granted under this act. The Export and Import policy, provision for development and regulation of foreign trade shall be made by the Central Government by publishing an order. The Central Government may also appoint Director General of Foreign Trade (“**DGFT**”) for the purpose of Export-Import Policy formulation. If any person makes any contravention to any law or commits economic offense or imports/exports in a manner prejudicial to the trade relations of India or to the interest of other person engaged in imports or exports then there shall be no Import Export Code number granted by Director-General to such person and if in case granted shall stand cancelled or suspended. Provision of search and seizure of Code of Criminal Procedure, 1973 shall apply to every search and seizure made under this Act. In case of appeals in a case the order made by the appellate authority shall be considered to be final. The powers of the civil court under Code of Civil Procedure, 1908 shall vest in him. The EXIM Policy is a set of guidelines and instructions established by the DGFT in matters related to the export and import of goods in India. This policy is regulated under the said act. DGFT is the main governing body in matters related to the EXIM Policy. The Act shall provide development and regulation of foreign trade by facilitating imports into, and augmenting exports from India. Trade Policy is prepared and announced by the Central Government (Ministry of Commerce).

Foreign Exchange Management Act, 1999 (“FEMA”) and Regulations framed thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 (“**FEMA Regulations**”) to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services. 100 % FDI is permitted in under the automatic route in the IT sector.

The Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), has issued consolidated FDI Policy Circular of 2017 (“FDI Policy 2017”), which with effect from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP Offers an updated circular. The Reserve Bank of India (“RBI”) also offers Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may Offer fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh Offer of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh Offer of shares would be subject to the reporting requirements, inter-alia with respect to consideration for Offer of shares and also subject to making certain filings including filing of Form FC-GPR.

Under the current FDI Policy of 2017, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates. Therefore, applicable foreign investment up to 100% is permitted in our company under automatic route.

KEY ENVIRONMENTAL LEGISLATIONS:

While, our Company is engaged in the business of trading of manganese ore and ferro alloys, and therefore is not required to obtain any licenses or approvals under any of the environmental laws, however a brief summary of the environmental laws have been provided below:

Environment (Protection) Act, 1986 (the “EP Act”), Environment (Protection) Rules, 1986 (the “EP Rules”) and Environmental Impact Assessment Notification, 2006 (“EIA Notification”)

The EP Act has been enacted for the protection and improvement of the environment. EP Act empowers the government to take all measures to protect and improve the quality of environment, such as by laying down standards for emission and discharge of environmental pollutants. It is in the form of an umbrella legislation designed to provide a framework for Central Government to coordinate the activities of various central and state authorities established under previous laws. It is also in the form of an enabling law, which delegates wide powers to the executive to enable bureaucrats to frame necessary rules and regulations. Further, the EP Rules specify, *inter alia*, the standards for emission or discharge of environmental pollutants and restrictions on the handling of hazardous substances in different areas. For contravention of any of the provisions of the EP Act or the rules framed thereunder, the punishment includes either imprisonment or fine or both. Additionally, under the EIA Notification and its subsequent amendments, projects are required to mandatorily obtain environmental clearance from the concerned authorities depending on the potential impact on human health and resources.

National Environmental Policy, 2006

The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource.

Air (Prevention and Control of Pollution) Act, 1981(the “Air Act”) and Air (Prevention and Control of Pollution) Rules, 1982 (“Air Rules”)

The Air Act was enacted to provide for the prevention, control and abatement of air pollution in India. It is a specialised piece of legislation which was enacted to take appropriate steps for the preservation of natural resources of the earth, which among other things include the preservation of the quality of air and control of air pollution. We are required to obtain consents under the Air Act.

Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”) and Water (Prevention and Control of Pollution) Board, 1975 (“Water Rules”)

The Water Act was enacted to control and prevent water pollution and for maintaining or restoring of wholesomeness of water in the country. The Water Act was enacted to control and prevent water pollution and for maintaining or restoring the purity of water in India. The objective of this legislation is to ensure that domestic and industrial pollutants are not discharged into streams and wells without adequate treatment. We are required to obtain consents under the Water Act.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the “Hazardous Waste Rules”), as amended by the Hazardous and Other Wastes (Management and Transboundary Movement) Amendment Rules, 2022 (“Amendment Rules”)

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. A list of hazardous wastes and processes that generate hazardous waste have been specified under the Hazardous Waste Rules. We are required to obtain authorizations for, *inter alia*, the generation, processing, treatment, package, storage, transportation, use, collection, destruction or transfer of the hazardous waste from the concerned state pollution control board.

The Chemical Rules, 1989

The Chemical Rules, 1989 in India pertain to the regulation and control of hazardous chemicals. These rules were enacted under the Environment (Protection) Act, 1986, to ensure the safe handling, transportation, storage, and disposal of chemicals that could pose risks to human health and the environment. The rules outline various requirements for industries dealing with chemicals, including obtaining licenses, maintaining safety standards, and reporting incidents. They also specify guidelines for labeling, packaging, and transporting hazardous chemicals. The Chemical Rules of 1989 aim to prevent accidents, protect workers and the public from chemical hazards, and minimize environmental pollution arising from chemical activities.

Gas Cylinder Rules, 2016

The Gas Cylinder Rules, 2016, are regulations established in India to govern the manufacture, storage, transportation, import, and use of gas cylinders. These rules aim to ensure the safety and proper handling of gas cylinders to prevent accidents and protect human life and the environment. They outline detailed requirements for the design, construction, testing, certification, and marking of gas cylinders. Additionally, the rules specify procedures for the filling, inspection, maintenance, and periodic testing of cylinders to maintain their integrity and safety standards. The Gas Cylinder Rules, 2016, also include provisions for the licensing and regulation of entities involved in the gas cylinder industry, such as manufacturers, importers, distributors, and users. Compliance with these rules is essential to ensure the safe handling and use of gas cylinders across various sectors, including industrial, commercial, and domestic applications.

The Tamil Nadu Fire Service Act, 1985

The Tamil Nadu Fire Service Act of 1985, Section 13, states that the government may require owners or occupants of premises that are likely to cause a fire risk to take precautions specified in a notification. The Directorate of Fire Service can issue a Fire License or a NOC to owners or occupants of such premises. The act aims to prevent and mitigate fire-related incidents by establishing a framework for fire prevention, fire-fighting, and rescue operations within the state. It outlines the duties and responsibilities of the fire service department, including the inspection and enforcement of fire safety standards in buildings, industrial establishments, and public spaces.

Petroleum Act, 1934

The Petroleum Act regulates the import, transport, storage, production, refining, and blending of petroleum and petroleum products in India. It lays down licensing requirements and safety standards for facilities handling petroleum products, including fuel oils.

Indian Boiler Regulations (IBR) Act, 2006

The Indian Boiler Regulations (IBR) Act, 2006, is legislation to regulate the design, construction, operation, and maintenance of boilers and boiler components. If the company operates boilers or pressure vessels as part of its fuel oil handling operations, it would need to comply with the Indian Boiler Regulations, which govern the design, construction, installation, and operation of boilers and pressure vessels in India. It aims to ensure the safety of boiler installations and prevent accidents that could endanger lives and property. The act establishes standards and procedures for the registration, inspection, and certification of boilers, as well as guidelines for their safe operation and maintenance.

KEY LABOUR RELATED LEGISLATIONS:

The various labour and employment related legislation that may apply to our operations, from the perspective of protecting the workers’ rights and specifying registration, reporting and other compliances, and the requirements that may apply to us

as an employer, would include, among others, the following: (i) Contract Labour (Regulation and Abolition) Act, 1970; (ii) Relevant state specific shops and commercial establishment legislations; (iii) Employees' Provident Funds and Miscellaneous Provisions Act, 1952; (iv) Employees' State Insurance Act, 1948; (v) Minimum Wages Act, 1948; (vi) Payment of Bonus Act, 1965; (vii) Payment of Gratuity Act, 1972; (viii) Payment of Wages Act, 1936; (ix) Maternity Benefit Act, 1961; (x) Apprenticeship Act, 1961; and (xi) Equal Remuneration Act, 1976; (xii) Employees' Compensation Act, 1923.

In order to rationalize and reform labour laws in India, the Government has enacted the following codes, which will be brought into force on a date to be notified by the Central Government:

Code on Wages, 2019

The Code on Wages regulates and amalgamates wage and bonus payments and subsumes four existing laws namely – the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. It regulates, *inter alia*, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employees. The Central Government has notified certain provisions of the Code on Wages, mainly in relation to the constitution of the central advisory board.

Code on Social Security, 2020

The Code on Social Security amends and consolidates laws relating to social security, and subsumes various social security related legislations, *inter alia* including the Employee's State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, Building and Other Construction Worker's Welfare Cess Act, 1996 and the Payment of Gratuity Act, 1972. It governs the constitution and functioning of social security organisations such as the Employee's Provident Fund Organisation and the Employee's State Insurance Corporation, regulates the payment of gratuity, the provision of maternity benefits and compensation in the event of accidents that employees may suffer, among others.

The Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code consolidates and amends the laws regulating the occupational safety and health and working conditions of the persons employed in an establishment. It replaces 13 old central labour laws including the Factories Act, 1948, Contract Labour (Regulation and Abolition) Act, 1970, the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996 and the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("**SHWW Act**") provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

Employees Provident Fund and Miscellaneous Provisions Act, 1952

Under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee's provident fund. The employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

Payment of Gratuity Act, 1972, as amended (the "Gratuity Act")

The Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were

employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions. Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. The maximum amount of gratuity payable may not exceed ₹ 1 million.

Apprentice Act, 1961 read with The National Policy of Skill Development and Entrepreneurship 2015,

The Apprentices Act, 1961 was enacted with the objective of regulating the program of training of apprentices in the industry by utilizing the facilities available therein for imparting on-the-job training. The National Policy of Skill Development and Entrepreneurship 2015, launched by the Hon'ble Prime Minister on 15th July, 2015, focuses on apprenticeship as one of the key program for creating skilled manpower in India. The Apprentices Act, 1961 makes it obligatory for employers to engage apprentices under a duly executed contract, in designated trades and in optional trades. Directorate General of Training (DGT) under Ministry of Skill Development & Entrepreneurship monitors the implementation of the scheme of apprenticeship training. All establishments having work force (regular and contract employees) of 30 or more are mandated to undertake Apprenticeship Programs in a range from 2.5% -15% of its workforce every year.

The Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979

The Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, is legislation enacted in India to regulate the employment and working conditions of inter-state migrant workers. The act aims to protect the rights and interests of migrant workers who move from one state to another in search of employment opportunities. It establishes guidelines for the employment of inter-state migrant workmen by contractors and employers and lays down provisions regarding their wages, accommodation, health, safety, and other welfare measures. The act also mandates the registration of establishments employing inter-state migrant workmen and requires contractors to obtain licenses for employing such workers. Compliance with the Inter-State Migrant Workmen Act, 1979, is essential to ensure the fair and equitable treatment of migrant workers and prevent exploitation and abuse in their employment.

SUMMARY SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS AS RESTATED

A. COMPANY INFORMATION

Our Company was originally incorporated as “Samay Project Services Private Limited” vide registration no. U74210TN2001PTC048005 under the provisions of the Companies Act 2013 pursuant to Certificate of Incorporation dated November 8, 2001 issued by Registrar of Companies, Central Registration Centre. Subsequently our Company was converted into Public Limited Company and name of company was changed from “Samay Project Services Private Limited” to “Samay Project Services Limited” vide fresh certificate of incorporation dated August 7, 2024 issued by the Registrar of Companies, Central Processing Centre. The Corporate Identity Number of our Company is U74210TN2001PTC048005

SIGNIFICANT ACCOUNTING POLICIES

1. Accounting Convention

The financial statements are prepared under the historical cost convention on the “Accrual Concept” and Going Concern assumption of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards as prescribed by Companies (Accounting Standard) Rules, 2006 or 2001 as may be applicable and with the relevant provisions of the Companies Act, 2013 and rules made there under.

2. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statement and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which results are known/materialized.

3. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation. Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective t on completion of construction / erection of the capital project / fixed assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

4. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset’s net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

5. Depreciation

All fixed assets, except capital work in progress, are depreciated on WDV Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition /deletion as the case may be.

6. Investments

Investments are classified into current investments and non-current investments. Current investments i.e. investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit & loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

7. Inventories

As per (AS) 2, The inventories are physically verified at regular intervals by the management. Raw Material Inventories are valued at the lower of cost and net realizable value.

Finished goods, Stock-in-Trade and Work-in-Progress are valued at lower of cost and net realizable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Consumable stores and spares are valued at the lower of cost and net realizable value, as estimated by the management. Obsolete, defective, unserviceable and slow/non-moving stocks are duly provided for.

8. Revenue Recognition

Income from service rendered is recognised based on the terms of the agreements as and when services are rendered and are net of Goods and Service Tax (GST)/ Service tax

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend Income

Dividend income from investments, if any, is accounted on the receipt basis.

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

9. Borrowing Cost

Borrowing cost that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

10. Employee Benefits

The Company does not have their own Trust to Manage the Gratuity. Gratuity is being managed by LIC. Thus there are no provision for Gratuity. Although the Premium is paid by the company on regular basis for the Gratuity to LIC.

11. Taxes on Income

Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the balance sheet date.

12. Foreign Currency Translation

- a) Transaction denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the year end are restated at closing rate.
- b) Any exchange difference on account of settlement of foreign currency transaction and restatement of monetary assets and liabilities denominated in foreign currency is recognized in the statement of Profit & loss Account.

13. Provision, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

Note:-

EBITDA Margin = EBITDA/Total Revenues

Networth= Paid up share capital plus reserves and surplus less miscellaneous expenditure to the extent not written off

Earnings per share (₹) = Profit available to equity shareholders / Weighted No. of shares outstanding at the end of the year

Return on Net worth (%) = Restated Profit after taxation / Net worth x 100

Net asset value/Book value per share (₹) = Net worth / No. of equity shares

The Company does not have any revaluation reserves or extra-ordinary items.

Company has allotted 1,07,22,950 Bonus Equity Shares of Rs. 10 each on December 22, 2023 in the ratio of 1:35 i.e. for every equity share, 35 bonus shares were issued.

As per Accounting Standard 20 (AS - 20), In case of a bonus issue or a share split, equity shares are issued to existing shareholders for no additional consideration. Therefore, the number of equity shares outstanding is increased without an increase in resources. The number of equity shares outstanding before the event is adjusted for the proportionate change in the number of equities shares outstanding as if the event had occurred at the beginning of the earliest period reported.

Fiscal 2024 compared with Fiscal 2023

Revenue from Operation

Revenue from operations had growth of 100.13% from ₹2036.06 lakhs in Fiscal 2023 to ₹4047.67 lakhs in Fiscal 2024. The primary reasons for growth in the revenue during the Fiscal 2024 are as follows:

- a) In Fiscal 2022-23 orders were received from BHEL for Flue Gas Desulphurization (FGD) projects resulting in higher execution and revenues in 2023-2024. Further in FGD projects tanks are a significant component, and company has specialization in tanks creations and execution. This specialization has brought a larger amount of orders in the FGD tankage segment in fiscal 2022 and fiscal 2023 which were executed in fiscal 2024.
- b) In 2023, company secured another mechanical balance of plant (BOP) FGD project through competitive bidding, valued at approximately 24 Crores. This project was executed in 2023-2024. For FY 22-23, the total orders received in the FGD segment from PSE amounted to Rs. 65 Crores.
- c) A significant private sector piping project from Sugar Industry was originally received in 2022 for Rs. 11.96 Crores, but was postponed and was executed in 2023-24.
- d) The significant rise in order bookings was attributed to a heightened focus on the public sector, including regular customer engagements, showcasing the company's credentials, and bolstering the estimation department.
- e) The company is strategically prioritizing both public and private sector customers from whom it can secure Rs. 10-20 Crores annually. By supporting these customers from the bidding stage through order acquisition and subsequently taking orders on a back-to-back basis, the company is effectively winning higher-value contracts.

Other Income

Other income had decreased from ₹45.99 lakhs in Fiscal 2024 to ₹20.64 lakhs in Fiscal 2023 due to decrease in foreign exchange gain. In the year 2024 the company had earned foreign exchange gain amounting to ₹0.73 lakhs which was ₹14.24 lakhs in the fiscal year 2023. Further in FY 2024 account written back has fallen to ₹5.76 lakhs which was ₹21.13 lakhs in FY 2023

Purchase and Stock in trade

Purchase and stock in trade had increased by 108.01% from ₹1136.57 lakhs in Fiscal 2023 to ₹2364.16 lakhs in Fiscal 2024. This increase is due to corresponding increase in sales during Fiscal 2024.

Employee Benefit Expenses

Employee benefit expenses had increased by 247.90% from ₹216.12 lakhs in Fiscal 2023 to ₹751.90 lakhs in Fiscal 2024. This increase was primarily due to increase in salaries & wages from ₹172.64 lakhs in Fiscal 2023 to ₹229.55 lakhs in Fiscal 2024, increase in contract wages from NIL in Fiscal 2023 to ₹448.53 lakhs in Fiscal 2024 due to their hiring and engagement for executing the FGD projects in NTPC, & increase in Employer's Contribution to PF from ₹11.30 lakhs in Fiscal 2023 to ₹37.56 lakhs in Fiscal 2024.

Finance Cost

Finance Cost had decreased by 8.51% from ₹39.93 lakhs in Fiscal 2023 to ₹36.53 lakhs in Fiscal 2024. This increase was primarily due to decrease in processing and bank from ₹8.46 lakhs in Fiscal 2023 to ₹6.04 lakhs in Fiscal 2024 and decrease in the NSIC charges from ₹1.14 lakhs in Fiscal 2023 to ₹0.74 lakhs in Fiscal 2024.

Depreciation and Amortization Expenses

Depreciation had increased by 8.40% from ₹20.79 lakhs in Fiscal 2023 to ₹22.54 lakhs in Fiscal 2024. This was primarily due to capex of ₹21.55 lakhs made by company during Fiscal 2024.

Other Expenses

Other expenses had decreased by 7.69% from ₹322.64 lakhs in Fiscal 2023 to ₹297.83 lakhs in Fiscal 2024. The decrease was primarily due to decrease in site expenses by ₹22.95 lakhs, bad debts by ₹13.24 lakhs, liquidated damages by ₹18.33 lakhs, etc. in Fiscal 2024.

Tax Expenses

The Company's tax expenses had increased by ₹47.07 lakhs from ₹113.74 lakhs in the Fiscal 2023 to ₹160.82 lakhs in Fiscal 2024. This was primarily due to increase in current tax expenses during the year which got increased from ₹114.97 Lakhs in the year 2023 to ₹164.65 lakhs in the year 2024.

Profit after Tax

After accounting for taxes at applicable rates, our Company reported a net profit of ₹461.53 lakhs in Fiscal 2024 as compared to a net profit of ₹343.75 lakhs in Fiscal 2023. But PAT margin was fallen to 11.27% in Fiscal 2024 from 16.51% in Fiscal 2023, this was primarily due to the following factors:

- a. The closure of the Dubai branch and transfer of funds contributed Rs. 111.49 lakhs, which added 4.1% to the PAT percentage for 2022-23.
- b. Without this extraordinary income, the PAT percentage for 2022-23 would have been lower.
- c. Raw material costs increased by 2.5% of sales revenue due to booking orders at lower margins and fluctuations in steel prices.
- d. Contract wages increased significantly from 80 lakhs to 448 lakhs due to hiring and engaging staff for FGD (Flue Gas Desulfurization) projects in NTPC. This increase had a notable impact on overall expenses.

In summary, while PAT increased in absolute terms due to higher revenue or improved profitability, the decrease in PAT percentage was due to the significant one-time gain in the previous year and rising operational costs.

Fiscal 2023 compared with Fiscal 2022

Revenue from Operation

Revenue from operations had increased by 7.89% from ₹1887.25 lakhs in Fiscal 2022 to ₹2036.06 lakhs in Fiscal 2023. The primary reasons for growth in the revenue during the Fiscal 2023 are as follows:

- a. The company received additional orders from BHEL for FGD (Flue Gas Desulfurization) projects at multiple locations, including Bhilai, Ramagundam, Korba, and Sagardighi.
- b. An order from NSL Sugars, initially secured in 2021-22, was postponed and executed in 2022-23.
- c. A portion of the EPIL (Engineers India Limited) project, valued at approximately 24 Crores, was executed during 2022-23.

This growth in revenue can be attributed to successful repeat business, postponed orders coming to fruition, and new project executions.

Other Income

Other income had decreased by 24.15% from ₹60.63 lakhs in Fiscal 2022 to ₹45.99 lakhs in Fiscal 2023. This was primarily due to decrease in Foreign Exchange Gain by ₹10.22 Lakhs, free replacement charges by ₹4.37 Lakhs, etc.

Purchase and Stock in Trade

Purchase and Stock in Trade had increased by 26.44% from ₹898.88 lakhs in Fiscal 2022 to ₹1136.57 lakhs in Fiscal 2023. This increase is due to corresponding increase in sales during Fiscal 2023.

Employee Benefit Expenses

Employee benefit expenses had decreased by 26.69% from ₹294.81 lakhs in Fiscal 2022 to ₹216.12 lakhs in Fiscal 2023. This decrease was primarily due to decrease in salaries & wages from ₹241.68 lakhs in Fiscal 2022 to ₹172.64 lakhs in Fiscal 2023, decrease in gratuity from ₹16.77 lakhs in Fiscal 2022 to ₹8.88 lakhs in Fiscal 2023.

Finance Cost

Finance Cost had increased by 39.66% from ₹28.59 lakhs in Fiscal 2022 to ₹39.93 lakhs in Fiscal 2023. This increase was primarily due to increase in Bank Guarantee from ₹7.90 lakhs in Fiscal 2022 to ₹13.54 lakhs in Fiscal 2023, processing charges from ₹3.52 lakhs in Fiscal 2022 to ₹7.14 lakhs in Fiscal 2023, interest from ₹15.85 lakhs in Fiscal 2022 to ₹16.57 lakhs in Fiscal 2023, etc.

Depreciation and Amortization Expenses

Depreciation had increased by 188.75% from ₹7.20 lakhs in Fiscal 2022 to ₹20.79 lakhs in Fiscal 2023. This was primarily due to company has purchased fixed assets of ₹30.97 lakhs during FY 2023.

Other Expenses

Other expenses had decreased by 18.07% from ₹393.78 lakhs in Fiscal 2022 to ₹322.64 lakhs in Fiscal 2023. The decrease was primarily due to decrease in labour charges by ₹5.52 lakhs, transportation charges by ₹137.50 lakhs, etc.

Tax Expenses

The Company's tax expenses had decreased by ₹14.53 lakhs from ₹128.27 lakhs in the Fiscal 2022 to ₹113.74 lakhs in Fiscal 2023. This was primarily due to decrease in Deferred Tax Expenses from ₹46.47 Lakhs in Fiscal 2022 to ₹1.23 Lakhs in Fiscal 2023. The Current Tax Expenses has been increased from ₹81.81 lakhs in FY 2022 to ₹114.97 lakhs in FY 2023 due to higher profit during the year.

Profit after Tax

After accounting for taxes at applicable rates, our Company reported a net profit of ₹343.75 lakhs in Fiscal 2023 as compared to a net profit of ₹190.14 lakhs in Fiscal 2022. PAT margin has increase to 16.51% in Fiscal 2023 from 9.76% in Fiscal 2022, this was primarily due to the following factors:

- a. In 2022-23, there was an extraordinary income of Rs. 111.49 lakhs from the closure of the Dubai branch and transfer of funds to India. This one-time gain contributed an additional 4.1% to the PAT percentage.
- b. Effective management led to a lower expense ratio, which helped achieve higher sales. Despite an increase in material costs from 47.6% of revenues in 2021-22 to 55.8% in 2022-23, the improved management practices offset these higher costs, significantly contributing to the overall PAT improvement.

This summary captures the significant PAT growth and the impact of extraordinary income and improved operational efficiency on the PAT percentage.

This being an initial public offer of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a period of three years from the date of listing and commencement of trading of the Equity Shares to enable the Bidders to approach the Registrar to the Issue for redressal of their grievances. The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All grievances may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Bidder, ASBA Form number, Bidder’s DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Issue.

All grievances of the Anchor Investors may be addressed to the Registrar to the Issue, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders’ DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding Two Working Days from the Bid / Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding Two Working Days from the Bid / Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Master Circular no. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023 (to the extent applicable) and SEBI Master Circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 (to the extent applicable).

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, the SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for nonallotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLMs shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount for the period of such delay. Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public offers opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchange till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount and ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Book Running Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations.

For helpline details of the Book Running Lead Manager pursuant to the SEBI/HO/CFD/DIL-2/OW/P/2021/2481/1/M dated March 16, 2021, see “*General Information – Book Running Lead Manager*” on page 61 of this Draft Red Herring Prospectus.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

All grievances relating to Bids submitted with Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Issue. The Registrar to the Issue shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Bidders. Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the SEBI ICDR Regulations.

The Registrar to the Issue shall obtain the required information from the SCSBs and Sponsor Bank for addressing any clarifications or grievances of ASBA Applicants. Applicants can contact our Company Secretary and Compliance officer or the Registrar to the Issue in case of any pre-issue or post-issue related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Anchor Investors are required to address all grievances in relation to the Issue to the Book Running Lead Manager.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned herein.

Our Company has also appointed Ms. Ramaa Krishnakumar, Company Secretary and Compliance officer for the Issue. For details, see “*General Information*” beginning on page 61 of this Draft red Herring Prospectus.

JOINT HOLDERS

Subject to the provisions contained in our Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they shall be entitled to hold the same as joint tenants with benefits of survivorship.

JURISDICTION

The courts of Chennai, Tamil Nadu, India will have exclusive jurisdiction in relation to this Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and in accordance with any applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold outside the United States in 'offshore transactions' in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where such offers and sales are made.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Bidders are advised to ensure that any Bid from them does not exceed investment limits or the maximum number of Equity Shares that can be held by them under applicable law. Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than in accordance with applicable laws.

NOMINATION FACILITY TO BIDDERS

In accordance with Section 72 of the Companies Act read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale, transfer or alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon the production of such evidence as may be required by our Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialised mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change their nomination, they are requested to inform their respective Depository Participant.

Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

OPTION TO RECEIVE EQUITY SHARES IN DEMATERIALIZED FORM

Allotment of Equity Shares to successful Bidders will only be in the dematerialized form. Bidders will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only in the dematerialized segment of the Stock Exchange.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs and the Sponsor Banks (in case of UPI Bidders), to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification and also inform the Bankers to the Issue to process refunds to the Anchor Investors, as the case may be. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared, and the Stock Exchanges will also be informed promptly. In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit reports of compliance with the applicable listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. Further, in case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding two Working Days from the Bid/ Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final ROC approval of the Prospectus after it is filed with the ROC. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an Issue, our Company shall file a fresh Prospectus.

SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI Circular No. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.

The above timetable other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation or liability on our Company or the BRLM.

Any circulars or notifications from the SEBI after the date of this Draft Red Herring Prospectus may result in changes to the timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within such time as prescribed by SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. In terms of the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, our Company shall within three days from the closure of the Issue, refund the subscription amount received in case of non – receipt of minimum subscription or in case our Company fails to obtain listing or trading permission from the Stock Exchanges for the Equity Shares. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The Shareholder, severally and not jointly, has specifically confirmed that it shall extend such reasonable support and co-operation required by our Company and the BRLM for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchange within such time as prescribed by SEBI.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSB's shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Issue, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within such time as prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (other than Bids from Anchor Investors)

Bid Period (except the Bid/Issue Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))
Bid/Issue Closing Date	
Submission and Revision in Bids*	Only between 10.00 a.m. and 3.00 p.m. IST

* UPI mandate end time and date shall be at 5.00 pm IST on Bid/Issue Closing Date.

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i. 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii. until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange in case of Bids by RIBs.

On Bid/Issue Closing Date, extension of time will be granted by Stock Exchange only for uploading Bids received by RIBs after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchange.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum- Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise; or blocking of application amount by SCSBs on receipt of instructions from the Sponsor Bank due to any errors, omissions, or otherwise non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in the UPI Mechanism.

Our Company in consultation with the Book Running Lead Manager, reserves the right to revise the Price Band during the Bid Period in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the Face Value of the Equity Shares.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum-Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs /RTAs / DPs / stock brokers, as the case may be, for the rectified data.

In case of revision in the Price Band, the Bid/Issue Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, may extend the Bid/Issue Period for a minimum of one Working Day, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public announcement and also by indicating the change on the respective websites of the BRLM and at the terminals of the Syndicate Members and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

In case of discrepancy in data entered in the electronic book vis-à-vis data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

MINIMUM SUBSCRIPTION

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond Two days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260 of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue through the Prospectus and shall not be restricted to the minimum subscription level. The UPI Phase I was effective until June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by UPI Bidders through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later ("UPI Phase II"). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, had decided to continue with the UPI Phase II till further notice. The final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Bidders ("UPI Phase III") and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The BRLMs shall be the nodal entity for any Issues arising out of the public issuance process. In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI RTA Master Circular, shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process.

Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances, including the reduction of time period for unblocking of application monies from 15 days to four days. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, as amended, are deemed to form part of this Draft Red Herring Prospectus.

Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹5.00 lakhs shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. Pursuant to SEBI

circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Issue Closing Date, in accordance with the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding three Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, has reduced the timelines for refund of Application money to four days.

The BRLM shall be the nodal entity for any issues arising out of public issuance process.

Our Company and the BRLM, members of the syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the GID and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus and the Prospectus, when filed.

Further, our Company and the Members of the Syndicate are not liable for any adverse occurrences' consequent to the implementation of the UPI Mechanism for application in the Issue.

BOOK BUILDING PROCEDURE

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the "SCRR") read with Regulation 252 of SEBI ICDR Regulations, the Issue is being made for at least 25% of the post- Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 253 of SEBI ICDR Regulations via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager, and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Issue Price. However, undersubscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

Bidders must ensure that their PAN is linked with Aadhaar and are in compliance with CBDT notification dated February 13, 2020 and press release dated June 25, 2021 read with press release dated September 17, 2021, and CBDT circular no.7 of 2022, dated March 30, 2022, read with press release dated March 28, 2023.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchange.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms, which do not have the details of the Bidders' depository account, including DP ID, Client ID, UPI ID (in case of UPI Bidders using the UPI Mechanism) and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.

However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws. Phased implementation of UPI.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six Working Days. For further details, refer to the General Information Document available on the website of the Stock Exchange and the Book Running Lead Manager.

Phase II: This phase has become applicable from July 1, 2019. and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing continues to be six Working Days during this phase.

Phase III: This phase had become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“T+3 Notification”). In this phase, the time duration from public Issue closure to listing had been reduced from six Working Days to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 issued by SEBI, as amended by the SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 (the “UPI Streamlining Circular”), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streaming Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints, the relevant SCSB as well as the post- issue BRLM will be required to compensate the concerned investor.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law. The Issue will be made under UPI Phase III of the UPI Circular.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as the Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Bidders.

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹2.00 lakhs and up to ₹5.00 lakhs, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 (“UPI Streamlining Circular”), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streamlining Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Further, in terms of the UPI Circulars, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Book Running Lead Manager.

* Excluding electronic Bid cum Application Form.

** Bid cum Application Forms for Anchor Investors will be made available at the office of the Book Running Lead Manager.

Electronic Bid cum Application forms will also be available for download on the website of NSE (www.nseindia.com).

In case of ASBA forms, the relevant Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges and the Stock Exchanges validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. The Stock Exchanges shall accept the ASBA applications in their electronic bidding system only with a mandatory confirmation on application monies blocked. For UPI Bidders, the Stock Exchanges shall allow modification

of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded. The Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis to enable the Sponsor Bank(s) to initiate UPI Mandate Request to UPI Bidders for blocking of funds. For ASBA Forms (other than UPI Bidders) Designated Intermediaries (other than SCSBs) shall submit/ deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank.

For UPI Bidders, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis through API integration to enable the Sponsor Bank(s) to initiate UPI Mandate Request to UPI Bidders for blocking of funds. The Sponsor Bank(s) shall initiate request for blocking of funds through NPCI to UPI Bidders, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate the UPI Bidders in case of failed transactions shall be with the concerned entity (i.e., the Sponsor Bank(s), NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Bank(s) and the issuer bank. The Sponsor Bank(s) and the Bankers to the Issue shall provide the audit trail to the Book Running Lead Managers for analysing the same and fixing liability.

The Sponsor Bank(s) will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank(s) will undertake reconciliation of all Bid requests and responses throughout their lifecycle on daily basis and share reports with the Book Running Lead Managers in the format and within the timelines as specified under the SEBI UPI Circulars. Sponsor Bank(s) and issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three-way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with issuer banks and Sponsor Bank(s) on a continuous basis.

For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022. For all pending UPI Mandate Requests, the Sponsor Bank(s) shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm IST on the Bid/Issue Closing Date (“**Cut-Off Time**”). Accordingly, UPI Bidders should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse. Further, modification/cancellation of Bids (if any) shall be allowed in parallel during the Bid/Issue Period until the Cut-Off Time.

Pursuant to NSE circular dated August 3, 2022 with reference no. 25/2022, the following is applicable to all initial public offers opening on or after September 1, 2022:

- a) Cut-off time for acceptance of UPI mandate shall be up to 5:00 pm on the initial public offer closure date and existing process of UPI bid entry by syndicate members, registrars to the Issue and Depository Participants shall continue till further notice;

PARTICIPATION BY PROMOTERS, PROMOTER GROUP, THE BOOK RUNNING LEAD MANAGER, THE SYNDICATE MEMBERS AND PERSONS RELATED TO PROMOTERS/PROMOTER GROUP/THE BOOK RUNNING LEAD MANAGER

The Book Running Lead Manager and the Syndicate Members shall not be allowed to purchase Equity Shares in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the Book Running Lead Manager and the Syndicate Members may Bid for Equity Shares in the Issue, either in the QIB Portion or in the Non-Institutional Portion as may be applicable to such Bidders, where the allocation is on a proportionate basis or in any other manner as introduced under applicable laws, and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the Book Running Lead Manager and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Except as stated below, neither the Book Running Lead Manager nor any associate of the Book Running Lead Manager can apply in the Issue under the Anchor Investor Portion:

- (i) mutual funds sponsored by entities which are associate of the Book Running Lead Manager;
- (ii) insurance companies promoted by entities which are associate of the Book Running Lead Manager;
- (iii) AIFs sponsored by the entities which are associate of the Book Running Lead Manager; or
- (iv) FPIs other than individuals, corporate bodies and family offices sponsored by the entities which are associate of the Book Running Lead Manager.

Further, an Anchor Investor shall be deemed to be an “associate of the Book Running Lead Manager” if:

- (i) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or
- (ii) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or
- (iii) there is a common director, excluding nominee director, amongst the Anchor Investors, the Book Running Lead Manager.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which such Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NON-RESIDENT INDIANS

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents ([●] in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents ([●] in colour).

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their respective SCSB to block their NRE accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSB to block their NRO accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Eligible NRIs applying on a non-repatriation basis in the Issue through the UPI Mechanism are advised to enquire with their relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the members of the Indian company in a general meeting.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

For details of restrictions on investment by NRIs, see "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 269 of this Draft Red Herring Prospectus.

Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules. Only Bids accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

BIDS BY HUFs

Hindu Undivided Families or HUFs, in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta. Bids/Applications by HUFs may be considered at par with Bids from individuals.

BIDS BY FPIs

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the Equity Shares is subject to certain limits, i.e., the individual holding of an FPI (including its investor group (which means multiple entities registered as foreign portfolio investors and directly or indirectly, having common ownership of more than 50% or common control)) shall be below 10% of our post- Issue Equity Share capital on a fully diluted basis. In case the total holding of an FPI or investor group increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis, the total investment made by the FPI or investor group will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting

requirements. Further, the total holdings of all FPIs put together, with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents ([●] in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“**MIM Structure**”), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids are liable to be rejected. Further, in the following cases, the bids by FPIs will not be considered as multiple Bids: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments (“**ODI**”) which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24%, 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- (a) such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder should not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure shall be aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in this Draft Red Herring Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form *“exceeds the Issue size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of the Red Herring Prospectus.”*

For example, an FPI must ensure that any Bid by a single FPI and/ or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the “FPI Group”) shall be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/ or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments) for 10% or more of our total paid-up post Issue Equity Share capital shall be liable to be rejected.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹2,500.00 lakhs and pension funds with a minimum corpus of ₹2,500.00 lakhs (in each case, subject to applicable law and in accordance with their respective constitutional documents), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable must be lodged along with the Bid cum Application Form. Failing this, our Company reserve the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof.

Our Company in consultation with the Book Running Lead Manager in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

BIDS BY SEBI REGISTERED VCFs, AIFs AND FVCIs

The SEBI FVCI Regulations, inter alia, prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, subject to FEMA Rules, VCFs and FVCIs can invest only up to 33.33% of their investible funds in various prescribed instruments, including in public offerings.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company. A category III AIF cannot invest more than 10% of the investible funds in one investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Our Company, the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Participation of VCFs, AIFs or FVCIs in the Issue shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, (the "Banking Regulation Act"), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial services company cannot exceed 20% of the investee company's paid-up share capital and reserves. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a time-bound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in excess of 30% of the paid-up share capital of the investee company, (ii) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (iii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

BIDS BY SCSBs

SCSBs participating in the Issue are required to comply with the terms of the circulars bearing numbers CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013 dated September 13, 2012 and January 2, 2013, respectively, issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The exposure norms for insurers are prescribed under the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, as amended ("IRDAI Investment Regulations"), based on investments in the equity shares of a company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations for specific investment limits applicable to them and shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / Final Certificate and as per applicant’s bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

NAMES OF ENTITIES RESPONSIBLE FOR FINALISING THE BASIS OF ALLOTMENT IN A FAIR AND PROPER MANNER

The authorised employees of the Stock Exchange, along with the Book Running Lead Manager and the Registrar, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

ISSUANCE OF A CONFIRMATION NOTE (“CAN”) AND ALLOTMENT IN THE ISSUE

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section. The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued, issued the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”), which, with effect from October 15, 2020, subsumes and supersedes all press notes, press releases, clarifications, circulars issued by the DPIIT, which were in force as on October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that: (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the SEBI SAST Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, had notified the FEMA Rules, which had replaced the Foreign Exchange Management (Transfer and Issue of Security by a Person Resident Outside India) Regulations 2017. Foreign investment in this Issue shall be on the basis of the FEMA Rules. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Nondebt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India.

As per the FDI policy, FDI in companies engaged in the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. For further details, see “*Issue Procedure*” on page 245 of this Draft Red Herring Prospectus. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Issue Period.

The Equity Shares issued in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws of the United States and, unless so registered, may not be issued or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws of the United States. Accordingly, the Equity Shares are only being issued and sold only outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations, seek independent legal advice about its ability to participate in the Issue and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

CALLS		
35.	(1) The Board may, from time to time, subject to the terms on which any shares may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board and not by a circular resolution, make such calls as it thinks fit, upon the Members in respect of all the moneys unpaid on the shares held by them respectively and each Member shall pay the amount of every call so made on him to the persons and at the time and places appointed by the Board. (2) A call may be revoked or postponed at the discretion of the Board. (3) A call may be made payable by installments.	Directors may make calls.
36.	Fifteen days' notice in writing of any call shall be given by the Company specifying the time and place of payment, and the person or persons to whom such call shall be paid.	Notice of Calls
37.	A call shall be deemed to have been made at the time when the resolution of the Board of Directors authorising such call was passed and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Directors on such subsequent date as may be fixed by Directors.	Calls to date from resolution.

Sr. No	Particulars	
38.	Whenever any calls for further share capital are made on shares, such calls shall be made on a uniform basis on all shares falling under the same class. For the purposes of this Article shares of the same nominal value of which different amounts have been paid up shall not be deemed to fall under the same class.	Calls on uniform basis.
39.	The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the members who on account of the residence at a distance or other cause, which the Board may deem fairly entitled to such extension, but no member shall be entitled to such extension save as a matter of grace and favour.	Directors may extend time.
40.	If any Member fails to pay any call due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board not exceeding 21% per annum but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such member.	Calls to carry interest.
41.	If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by installments at fixed time (whether on account of the amount of the share or by way of premium) every such amount or installment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.	Sums deemed to be calls.
42.	On the trial or hearing of any action or suit brought by the Company against any Member or his representatives for the recovery of any money claimed to be due to the Company in respect of his shares, if shall be sufficient to prove that the name of the Member in respect of whose shares the money is sought to be recovered, appears entered on the Register of Members as the holder, at or subsequent to the date at which the money is sought to be recovered is alleged to have become due on the share in respect of which such money is sought to be recovered in the Minute Books: and that notice of such call was duly given to the Member or his representatives used in pursuance of these Articles: and that it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the Board at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.	Proof on trial of suit for money due on shares.
43.	Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member of the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce forfeiture of such shares as hereinafter provided.	Judgment, decree, partial payment motto proceed for forfeiture.
44.	(a) The Board may, if it thinks fit, receive from any Member willing to advance the same, all or any part of the amounts of his respective shares beyond the sums, actually called up and upon the moneys so paid in advance, or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made the Board may pay or allow interest, at such rate as the member paying the sum in advance and the Board agree upon. The Board may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to the Member three months' notice in writing: provided that moneys paid in advance of calls on shares may carry interest but shall not confer a right to dividend or to participate in profits.	Payments in Anticipation of calls may carry interest

Sr. No	Particulars	
	(b) No Member paying any such sum in advance shall be entitled to voting rights in respect of the money so paid by him until the same would but for such payment become presently payable. The provisions of this Article shall mutatis mutandis apply to calls on debentures issued by the Company.	
	LIEN	
45.	The Company shall have a first and paramount lien upon all the shares/debentures (other than fully paid-up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares/debentures and no equitable interest in any share shall be created except upon the footing and condition that this Article will have full effect. And such lien shall extend to all dividends and bonuses from time to time declared in respect of such shares/debentures. Unless otherwise agreed the registration of a transfer of shares/debentures shall operate as a waiver of the Company's lien if any, on such shares/debentures. The Directors may at any time declare any shares/debentures wholly or in part to be exempt from the provisions of this clause.	Company to have Lien on shares.
46.	For the purpose of enforcing such lien the Directors may sell the shares subject thereto in such manner as they shall think fit, but no sale shall be made until such period as aforesaid shall have arrived and until notice in writing of the intention to sell shall have been served on such member or the person (if any) entitled by transmission to the shares and default shall have been made by him in payment, fulfillment of discharge of such debts, liabilities or engagements for seven days after such notice. To give effect to any such sale the Board may authorise some person to transfer the shares sold to the purchaser thereof and the purchaser shall be registered as the holder of the shares comprised in any such transfer.
