RESULTS OF OPERATIONS

The financial year 2024–25 was marked by relative stability in raw material prices, particularly steel, which enabled better cost control and predictability in project execution. The Company successfully leveraged this trend by strengthening its procurement processes and refining its operational structure. A dedicated and streamlined operations team ensured effective project delivery across both public and private sector clients, contributing to the maintenance of healthy operating margins.

The Company recorded a stable Profit After Tax (PAT) margin of approximately 11.2%, despite a marginal decline in total sales by about 8% YoY. This reflects the Company's resilience, cost management capabilities, and disciplined project execution.

DIRCTORS' REPORT

BioCNG plant in Tamil Nadu, which will serve both as a revenue-generating asset and a demonstration plant for business development.

These projects will be executed under BOOT, HAM, or EPC models, and Samay will explore various equity participation structures depending on project size and partners. Over the next five years, the BioCNG segment is projected to contribute around ₹100 Crores in revenue.

STRATEGIC LISTING INITIATIVE

To support its growth aspirations and provide the necessary capital for these expansions, the Company has initiated the process of listing its securities on the NSE Emerge Exchange, the SME platform of the National Stock Exchange. The Draft Red Herring Prospectus (DRHP) has been approved and the final RHP is expected to be filed shortly.

This listing will enhance visibility, improve access to institutional investors, and provide financial headroom for both organic and inorganic growth initiatives.

CONCLUSION

Samay Project Services Ltd. is entering FY 2025–26 with a clear strategic direction, a robust operational backbone, and a renewed commitment to sustainable infrastructure. The diversification into CGD and biofuels is not only aligned with national priorities but also opens up high-growth avenues to complement the Company's core EPC strength.

The Board remains confident in the management's ability to execute on this roadmap and deliver long-term value to all stakeholders.

SHARE CAPITAL:

There was no change in the capital structure of the company during the year under review. No new capital was issued, subscribed or paid up during the year.

RESERVES AND SURPLUS

No amount was transferred to reserves and surplus during the year under review considering the funds required for the future projects.

DIRCTORS' REPORT
CHANGE IN NATURE OF BUSINESS

There is no change in the nature of business of the company as compared to what was being carried out in the previous years or from what is stipulated in the Memorandum of the Company

INTERNAL FINANCIAL CONTROL SYSTEM

The Board of Directors (Board) has devised systems, policies and procedures/frameworks, which are currently operational within the Company for ensuring the orderly and efficient conduct of its business which includes adherence to Company's prevention and detection of frauds and errors, accuracy and completeness of the accounting records and timely preparation of reliable financial information. In line with best practices, the Board reviews these internal control systems to ensure they remain effective and are achieving their intended purpose. Where weaknesses, if any, are identified as a result of the reviews, new procedures are put in place to strengthen controls. These controls are in turn reviewed at regular intervals.

Based on the information provided, nothing has come to the attention of the Directors to indicate that any material breakdown in the function of these controls, procedures or systems occurred during the year under review. There have been no significant changes in the company's internal financial controls during the year that have materially affected, or are reasonably likely to materially affect its internal financial controls.

There are inherent limitations to the effectiveness of any system of disclosure, controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their objectives. Moreover, in the design and evaluation of the Company's disclosure controls and procedures, the management was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

ANNEXURE B

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the internal financial controls under Clause (i) of Sub-section 3 of Section 143 of the Act

Opinion

We have audited the internal financial controls with reference to financial statements of Samay Project Services Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that

- a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- c. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Continuation Sheet...

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on:

- a. Policies and procedures followed by the Company which ensure orderly and efficient conduct of business;
- b. Consistent adherence to the Company's policies;
- c. Procedures which safeguard the Company's fixed assets and current assets including receivables and cash and Bank Balances;
- d. Maintenance of Company's accounting records with accuracy;
- e. Capacity to complete and prepare accurate and reliable financial interpretations.

Note No.	Particulars	As at 31. 03. 2025		As at 31. 03. 2024		
		No. of Shares	% Held	No. of Shares	% Held	
2	AUTHORISED SHARE CAPITAL 1,60,00,000 Equity Shares of Rs.10/- each			1,600.00	1,600.00	
	ISSUED, SUBSCRIBED AND PAID UP SHARE CAPITAL 1,10,29,320 Equity Shares of Rs.10/- each			1,102.93	1,102.93	
2.1	Rights, Preferences and restrictions attached to shares					
	The Company has only one class of shares namely equity shares having a par value of Rs. 10/- each. Each shareholder is eligible for one vote per share held. The dividend, if any, proposed by the Board of Directors is subject to the approval of the shareholders in Annual General Meeting except in case of interim dividend. In the event of liquidation of the company the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts if any, in proportion to their shareholding. However no such preferential amounts exist currently.					
2.2	Authorised capital - In FY 2010-11 authorised capital increased from 40,000 equity shares of Rs.10/- to 2,50,000 equity shares of Rs.10/- each and in the FY 2011-12 the same was further increased from 250,000 equity shares of Rs.10/- each to 10,00,000 equity shares of Rs. 10/- each. The Authorized share capital was further increased from 10,00,000 equity shares to 1,60,00,000 equity shares in FY 2023-2024.					
2.3	Issued, Subscribed and paid up capital was increased in the F.Y 2010-2011 from 14,500 equity shares of Rs.10/- each to 245,000 equity shares of Rs.10/- each. This increase was effected by issue of 100,000 equity shares of Rs.10/- each at par ranking pari passu with the then existing shares and balance 130,500 shares were issued by way of bonus shares by capitalizing part of the reserves having pari passu rights with the then existing shares.					
2.4	100,000 shares out of authorized share capital were issued and were subscribed. These were allotted for cash at par at Rs.10/- each in the F.Y 2010-2011 ranking pari passu with the then existing shares in all respects.					
2.5	50,000 shares out of authorized capital were issued in the financial year 2011-12 at a premium of Rs.30/- which were subscribed by the then existing share holders. The subscription was accepted and shares were allotted as fully paid up shares ranking pari passu with existing shares in all respects.					
2.6	11,370 shares out of authorized capital were issued in the financial year 2017-18 on private placement basis at a premium of Rs.376/- per share. Subscription for the same was received from an NRI and the entire money was remitted to the account of the company by the said NRI. These shares were issued as fully paid up shares ranking pari passu with existing shares in all respects.

15.1	A portion of fixed deposits (including interest accrued and that will accrue) are given as security to the bank for guarantees issued in favor of customers towards advances, performance guaranties or for withdrawal of retention money. The outstanding amount of bank Guarantees on all these counts is Rs 4,47,53,327/- None of the guarantees given were/are revoked till date and there are no revoked guarantees as at the financial year ending. The tenure of the Fixed Deposits varies from 3 to 24 months subject to auto renewal by the bankers' as guarantees are extended based on the security of these deposits. Thus the Fixed deposits will not form part of cash and cash equivalent as per AS 3. Please also refer Note Nos. 6.1 , 6.5, 18.2 and 28 in this respect.

16.1	Retention money represents the amounts receivable towards supplies made and services provided. The method adopted by the Company consistently is that the entire value of goods sold are invoiced and the entire value is accounted as sales. But the customers' retain an agreed amount towards assurance for the quality parameters of the material supplied and the same will be released by the customers as soon as the period agreed is complete or against a BG provided by the Company. Though it is definitely a trade receivable for better disclosure purposes the same is shown separately under the head retention money. Similar situation arises in works contract portion also and even here invoices are raised for the full value of the work done and the same is accounted as income and the invoiced amount other than the agreed retention money was taken to trade receivable and the retention money portion for better disclosure norms was bifurcated and shown separately here. The total amount shown includes retention both on supplies and works executed. The total invoice values have been accounted as revenue

18.1	Both in the case of sale of material and labour charges for work contracts the total billed value is taken as revenue as was done in all the previous years. This method of accounting of sales and labour charges as per invoices raised as revenue is being followed consistently. In both cases a portion of the billed amount is retained by the customers towards supply of assured quality material and also towards satisfactory completion of the jobs respectively. This retention amount will be released at the end of the agreed period for which such retention is permissible or it can even be released earlier against BG issued by the company towards the same. Please refer Note No.16.1 above. Inspite of the fact that such retention does not accrue as right to receive it has been taken as income as right to claim the same at the appropriate time has arisen at the point of making the invoice for the supplies made and for the progressive part of the work done as per the terms of the contracts for supply or for labour job.				
18.2	The Interest received from FDs are taken as other operating revenue based on the legal position. The Apex Court has held that interest received from FDs which are given as lien against guarantees be classified as business income. Based on this decision as the deposits are inextricably and exclusively used for the purpose of business the interest is taken as operative income to fall in line with the judgement of the Apex court.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2025

Note No	Particulars
28	a. The contingent liabilities include bank guarantee given, in favor of NSIC for their revolving limit given for purchase on material, towards advances from customers, performance guarantee and also for other guarantees given for withdrawal of retention money from the projects under taken. The amount of bank guarantees outstanding as on 31st March 2025 amount to Rs.4,47,53,327/-. Towards these guarantees given by bank a lien is created on the portion of FDs and RD (including interest accrued and will be accruing) for margin requirements. These deposit receipts are lodged with bank towards margin money for extending such guarantees and a lien is created on portion of FDs and RDs. These guarantees though are recognized as contingent liabilities no provision for the same is made in the accounts. Please see Note No. 6.1,6.5, 15.1 and 18.2 also.
	b. The Company has also contingent sales tax demands for the Financial years 2011-12 to 2014-15 amounting to Rs.30.68 Lakhs. The company had got favourable orders before the lower authorities and the department has gone for further appeal and the case is still pending for hearing
29	The Company covers all the eligible employees under PF, ESI, Bonus, Mediclaim, and Gratuity as mentioned below. To this extent AS 15 (Revised) is followed by the company.
	a. EPF is paid to all employees working in the Company except for employee/s on probation period/or aged above 60 years. Sub-contractor's employees in few project sites are also covered in this scheme. Majority of the sub contractors' have enrolled for PF and are submitting the PF records to the company
	b. With respect to ESI, all employees excepting those who are under probation and those who are not on the roll for more than 6 months are covered. Majority of the sub-contractors have enrolled for ESI and are submitting payment records to the company. Mediclaim Insurance is provided to all employees other than those covered under ESI. Workmen Compensation is provided for the subcontractor employees in those project areas.
	c. The Company operates Group Gratuity Plan for employees. The cost of providing defined benefits is determined using the Projected Unit Credit Method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan. The entire liability towards gratuity is considered as current as the company is expected to contribute this amount to the gratuity fund within the next twelve months. The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset). The Company has leave policy of paying accumulated leave only for employees who have crossed three years of service. The unutilized leave which is allowed to carried forward is paid to the employees only at the time of resignation or retirement. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. The Company presents the leave as a current liability in the balance sheet; to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.
	d. The minimum Bonus payable is equated for twelve months and is paid along with monthly salary. Additional bonus is considered based on profitability and cash flow of the Company for the year. Temporary probationaries are not covered under this scheme as the attrition is high and they seldom stay with the Company for more than 5 or 6 months.
30	Expenditure on employees who are in receipt of remuneration of Rs.1,02,00,000/- per annum if employed for the full year or Rs.8,50,000/- per month when employed for a part of the year is Nil.
